Whereas the Community market price for pig carcases, as referred to in Article 4 (2) of Regulation (EEC) No 2759/75, must be established by weighting the prices ascertained in each Member State by the coefficients expressing the relative size of the pig population of each Member State ; whereas these coefficients should be determined on the basis of the number of pigs counted at the beginning of December every year pursuant to Council Directive 76/630/EEC of 20 July 1976 concerning surveys of pig production to be made by the Member States [3], as amended by Directive 79/920/EEC [4] ;

Whereas the weighting coefficients have been fixed on the basis of the results of the census of December 1979 by Commission Regulation (EEC) No 1962/80 [5] ; whereas it is necessary to adjust these coefficients because of the Accession of Greece ;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Pigmeat,
