EXPLANATORY NOTES AND INSTRUCTIONS FOR COMPLETION OF APPLICATIONS

Preliminary remarks

Regulation (EEC) No 692/80 is designed to provide as precisely as possible the information which the Commission needs in order to decide on the applications for subsidy according to the conditions and criteria of Regulation (EEC) No 1362/78.

In view of the multitude of situations, this method cannot provide for each individual case or particularity. There will therefore be cases where certain information is not available or does not fully explain a particular situation or an individual case.

In these cases, the reasons why it is impossible to give a reply to certain questions should be given on a separate sheet. The applicant may also attach supplementary explanations where he considers it necessary to explain fully the circumstances of his situation and/or application.
