COMMISSION REGULATION (EEC) No 2355/81

of 14 August 1981

re-establishing the levying of customs duties on lead borosilicates, falling within subheading 32.08 ex B and originating in Mexico, to which the preferential tariff arrangements set out in Council Regulation (EEC) No 3322/80 apply

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 3322/80 of 16 December 1980 establishing a multiannual scheme of generalized tariff preferences and its application for 1981 in respect of certain industrial products originating in developing countries [1], and in particular Article 12 thereof,

Having regard to Council Regulation (EEC, Euratom) No 3308/80 of 16 December 1980 on the replacement of the European unit of account by the ECU in Community legal instruments [2],

Whereas, in pursuance of Article 1 of Regulation (EEC) No 3322/80, duties on the products listed in Annex B originating in each of the countries or territories listed in Annex C shall be totally suspended and the products as such shall, as a general rule, be subject to statistical surveillance every three months on the reference base referred to in Article 12;

Whereas, as provided for in Article 12, where the increase of preferential imports of those products, originating in one or more beneficiary countries, causes, or is likely to cause, economic difficulties in the Community or in a region of the Community, the Commission may, acting on its own initiative, or at the request of a Member State, re-establish the customs duties on imports of the products in question;

Whereas, in the case of lead borosilicates falling under subheading 32.08 ex B and according to the calculation(s) carried out in conformity with the provisions of that Article 12, the reference base was fixed at 36 000 ECU; whereas, on 13 July 1981, imports of these products into the Community, originating in Mexico, reached the reference base; whereas continuance of the preference scheme causes economic difficulties in a region of the Community; whereas Italy has requested that the levying of customs duties be re-established; whereas, at the end of the period of 10 days commencing as provided for in paragraph 2 of the abovementioned Article 12, that Member State has confirmed its request; whereas customs duties in respect of the products in question must therefore be re-established against Mexico,

HAS ADOPTED THIS REGULATION:

Article 1

As from 18 August 1981 the levying of customs duties, suspended in pursuance of Council Regulation (EEC) No 3322/80, shall be re-established on imports into the Community of the following products originating in Mexico:

CCT heading No	Description
32.08 ex B (NIMEXE code 32.08 ex 30)	Lead borosilicates

Article 2

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 14 August 1981.

For the Commission

Étienne DAVIGNON

Vice-President
