COMMISSION REGULATION (EEC) No 3595/81

of 14 December 1981

extending the period of validity of Community surveillance of imports of certain motor vehicles, machine tools, colour television reception apparatus and cathode-ray tubes for colour television receivers, originating in Japan

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 926/79 of 8 May 1979 on common rules for imports [1], and in particular Article 7 thereof,

Having consulted the Committee set up under Article 5 of the abovementioned Regulation,

Whereas, by Regulations (EEC) No 535/81 [2], (EEC) No 536/81 [3] and (EEC) No 537/81 [4], the Commission introduced Community surveillance of imports of certain motor vehicles, machine tools, colour television reception apparatus and cathode-ray tubes for colour television receivers, originating in Japan; whereas this surveillance remains in force until 31 December 1981;

Whereas the reason which had led the Commission to introduce these measures, that is to say the threat faced by the producers, still persists;

Whereas, consequently, it is necessary to extend the aforesaid surveillance while adapting it to the latest changes in the 'NIMEXE' nomenclature,

HAS ADOPTED THIS REGULATION:

Article 1

1. The period of validity of Regulations (EEC) No 535/81, (EEC) No 536/81 and (EEC) No 537/81 is extended until 31 December 1982.

2. However, in Regulation (EEC) No 537/81 NIMEXE codes 85.15-25 and 85.21-16 are replaced by the new codes listed in the Annex.

Article 2

The present Regulation shall enter into force on 1 January 1982 and shall be valid until 31 December 1982.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 14 December 1981.

For the Commission

Wilhelm HAFERKAMP

Vice-President
