# COUNCIL REGULATION (EEC) No 750/81

## of 16 March 1981

## amending Regulation (EEC) No 2778/75 laying down rules for calculating the levy and the sluice-gate price for poultrymeat and Regulation (EEC) No 950/68 on the Common Customs Tariff

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2777/75 of 29 October 1975 on the common organization of the market in poultrymeat [1], as last amended by the 1979 Act of Accession, and in particular Article 4 (3) and Article 7 (5) thereof,

Having regard to the proposal from the Commission,

Whereas Council Regulation (EEC) No 2778/75 of 29 October 1975 laying down rules for calculating the levy and the sluice-gate price for poultrymeat [2], as last amended by Regulation (EEC) No 2299/77 [3], fixed in particular for slaughtered ducks, geese and turkeys :

— the quantities of feed grain required for production in the Community and in third countries of one kilogram of slaughtered poultry,

— the standard amount representing other feeding costs and the overhead costs of production and marketing of one kilogram of slaughtered poultry ;

Whereas these components were fixed for turkeys without regard to different commercial presentations ; whereas the trade trends show the necessity of introducing two different commercial presentations ; whereas it is therefore necessary to fix, for these two presentations, the components for calculating the levy and the sluice-gate price ;

Whereas the examination of the available data concerning the technical performance and general costs, indicates the need to establish the components of calculation as follows :

— processing coefficient, used for calculating the levy :

1 : 2·338 for slaughtered turkeys, plucked and drawn, without heads and feet, but with necks, hearts, livers and gizzards, known as '80 % turkeys',

and

1 : 2·562 for slaughtered turkeys, plucked and drawn without heads and feet and without necks, hearts, livers and gizzards, known as '73 % turkeys',

— processing coefficient, used for calculating the sluice-gate price :

1 : 2·275 for 80 % turkeys,

1 : 2·493 for 73 % turkeys,

— standard amount :

1·1875 ECU per kilogram for 80 % turkeys,

1·3013 ECU per kilogram for 73 % turkeys,

Whereas, for certain species, in particular ducks, geese and turkeys, an increase in the general costs is noted which has not been compensated for by an improvement in the conditions of production and marketing ; whereas, for this reason, it is appropriate to adjust the standard amounts for these products ;

Whereas the tariff nomenclature resulting from the application of Regulation (EEC) No 2777/75 is set out

(1) OJ No L 282, 1. 11. 1975, p. 77.
(2) OJ No L 282, 1. 11. 1975, p. 84.
(3) OJ No L 271, 22. 10. 1977, p. 1.

in the Common Customs Tariff annexed to Regulation (EEC) No 950/68 [1], as last amended by Regulation (EEC) No 3000/80 [2];

Whereas, at the same time, it is convenient to indicate in ECU the standard amounts which are still expressed in units of account in Annex II of Regulation (EEC) No 2778/75,

HAS ADOPTED THIS REGULATION:

*Article 1*

Annex I to Regulation (EEC) No 2778/75 is hereby replaced by Annex I to this Regulation.

*Article 2*

Annex II to Regulation (EEC) No 2778/75 is hereby replaced by Annex II to this Regulation.

*Article 3*

The entries under subheading 02.02 A IV of the Common Customs Tariff annexed to Regulation (EEC) No 950/68 are hereby amended in accordance with Annex III to this Regulation.

*Article 4*

This Regulation shall enter into force on 1 May 1981.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 16 March 1981.

*For the Council*

*The President*

G. BRAKS
