COMMISSION REGULATION (EEC) No 933/81

of 6 April 1981

on the intervention measures to be taken in the beef and veal sector following outbreaks of foot-and-mouth disease in certain French departments

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 805/68 of 27 June 1968 on the common organization of the market in beef and veal [1], as last amended by the Act of Accession of Greece, and in particular Articles 6 (5) and 23 thereof,

Whereas outbreaks of foot-and-mouth disease have been declared in certain areas of France; whereas in the French departments concerned it is no longer possible either to affix to beef and veal the health marking, nor to issue the health certificate, provided for in Article 3 (1) A (e) and (f) of Council Directive 64/433/EEC of 26 June 1964 on health problems affecting intra-Community trade in fresh meat [2], as last amended by the Act of Accession of Greece;

Whereas such meat may therefore not be bought-in by intervention pursuant to Article 6 of Commission Regulation (EEC) No 2226/78 [3], as amended by Regulation (EEC) No 557/81 [4]; whereas, in order to avoid consequences incompatible with the principle of price support provided for producers of beef and veal under the intervention system, provision should be made for buying-in the meat in question while ensuring that it may be readily distinguished so that it may be removed from storage separately;

Whereas these measures may be taken only to the extent, and for a period strictly necessary for the support of the market;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Beef and Veal,

HAS ADOPTED THIS REGULATION:

Article 1
