## of 19 May 1982

## on the intervention measures to be taken in the beef and veal sector following outbreaks of foot-and-mouth disease in Denmark

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 805/68 of 27 June 1968 on the common organization of the market in beef and veal [1], as last amended by the Act of Accession of Greece, and in particular Articles 6 (5) and 23 thereof,

Whereas outbreaks of foot-and-mouth disease have been declared in certain areas of Denmark; whereas, consequently, certain traditional markets have been closed for veterinary reasons for meat from animals originating in such areas; whereas, such circumstances could lead to a situation of heavy over-supply and depressed prices in the areas concerned;

Whereas pursuant to Article 1 of Commission Regulation (EEC) No 1241/82 of 19 May 1982 fixing the buying-in prices for forequarters of beef applicable from 20 May 1982 [2] intervention of beef and veal is limited to forequarters only; whereas, in order that the producers may avoid the negative economic consequences of the foot-and-mouth disease, provisions should be made under the intervention system for buying in of carcases from the abovementioned areas; whereas these measures should be limited to a period strictly necessary to allow the stocks of male animals overhanging the market to be slaughtered;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Beef and Veal,

HAS ADOPTED THIS REGULATION:

*Article 1*
