COUNCIL REGULATION (EEC) No 1699/82

of 24 June 1982

opening, allocating and providing for the administration of a Community tariff quota for rum, arrack and tafia, falling within subheading 22.09 C I of the Common Customs Tariff and originating in the African, Caribbean and Pacific States (ACP) (1982/83)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to the proposal from the Commission,

Whereas Protocol 5 annexed to the Second ACP-EEC Convention, signed at Lomé on 31 October 1979 (1), provides that products originating in the ACP States which fall within subheading 22.09 C I of the Common Customs Tariff shall, until the entry into force of a common organization of the market in spirits, be allowed into the Community free of customs duties under conditions such as to permit the development of traditional trade flows between the ACP States and the Community and between the Member States ; whereas the Community shall fix each year the quantities which may be imported free of customs duties on the basis of the largest quantities imported annually from the ACP States into the Community in the past three years for which statistics are available, increased by an annual growth rate of 40 % on the market of the United Kingdom and 18 % on the other markets of the Community ;

Whereas, having regard to the levels reached by imports of the products concerned into the Community and the Member States during the past three years for which statistics are available, the size of the tariff quota for the period 1 July 1982 to 30 June 1983 should be fixed at 193 178 hectolitres of pure alcohol ;

Whereas, during the past three years for which statistics are available, the corresponding imports by each of the Member States represent the following percentages of the imports into the Community from the countries in question of the products concerned :

Member States	1979	1980	1981
Benelux	3·71	11·00	4·04
Denmark	1·26	1·35	1·23
Germany	18·67	23·77	24·00
Greece	0·03	0·03	0·03
France	2·20	2·90	1·93
Ireland	1·77	1·46	1·46
Italy	0·36	0·29	0·23
United Kingdom	72·00	59·20	67·08

Whereas, in view of these factors of market forecasts for the products in question and of the estimates submitted by certain Member States, quota shares may be fixed approximately at the following percentages :

Benelux	6·25
Denmark	1·33
Germany	23·18
Greece	0·03
France	2·32
Ireland	1·68
Italy	0·28
United Kingdom	64·93

Whereas an arrangement for using the Community tariff quota based on an allocation between the United Kingdom on the one hand and the other Member States on the other would seem likely to reconcile the application of the growth rates provided for in Protocol 5 with the uninterrupted application of the duty-free entry arrangements in respect of the said quota to all imports of the products concerned into the Member States until the quota is exhausted ; whereas, in order to reflect as closely as possible the actual trends on the markets in the products concerned, allocation of the Community tariff quota

(1) OJ No L 347, 22. 12. 1980, p. 141.

among Member States should be made in accordance with the requirements of the Member States ; whereas, in this case, the tariff quota should be allocated among the Member States on the basis of the largest quantities imported annually into each Member State during the past three years and taking into account the above-mentioned growth rates ;

Whereas measures should be laid down to ensure that Protocol 5 is implemented under conditions such as to permit the development of traditional trade flows between the ACP States and the Community and between the Member States ;

Whereas, owing to the special character of the products in question and their sensitivity on Community markets, exceptional provision should be made for a method of use based on a single division among Member States ;

Whereas, since the Kingdom of Belgium, the Kingdom of the Netherlands and the Grand Duchy of Luxembourg are united within and jointly represented by the Benelux Economic Union, any measure concerning the administration of the share allocated to that economic union may be carried out by any one of its members,

HAS ADOPTED THIS REGULATION :
