COMMISSION REGULATION (EEC) No 1964/82

of 20 July 1982

laying down the conditions for granting special export refunds on certain cuts of boned meat of bovine animals

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 805/68 of 27 June 1968 on the common organization of the market in beef and veal [1], as last amended by the Act of Accession of Greece, and in particular Articles 18 (6) and 25 thereof,

Whereas Council Regulation (EEC) No 885/68 [2], as last amended by Regulation (EEC) No 427/77 [3], laid down general rules for granting export refunds and criteria for fixing the amount thereof;

Whereas, on account of the market situation, the economic situation in the beef and veal sector and the scope for selling certain products of the sector, the conditions governing the payment of special export refunds on these products should be determined; whereas, in particular, conditions should be laid down for certain cuts of meat produced by boning hindquarters of male cattle;

Whereas, in order to ensure that these objectives are complied with, a special supervisory procedure should be introduced; whereas the origin of the product may be authenticated by the production of a certificate on the model of the Annex to Commission Regulation (EEC) No 32/82 of 7 January 1982 laying down the conditions for granting special export refunds for beef and veal [4], as amended by Regulation (EEC) No 752/82 [5];

Whereas it should be specified that the grant of the special refund shall be conditional on all the cut meat produced by boning the hindquarters placed under supervision being exported, apart from certain by-products which can be sold in the Community;

Whereas, as far as time limits and proof of export are concerned, reference should be made to the provisions of Commission Regulation (EEC) No 2730/79 of 29 November 1979 laying down common detailed rules for the application of the system of export refunds on agricultural products [6], as last amended by Regulation (EEC) No 202/82 [7];

Whereas, for the smooth operation of the arrangements instituted by this Regulation, operators should be able, if they wish, to make use of the provisions of Article 5 of Council Regulation (EEC) No 565/80 of 4 March 1980 on the advance payment of export refunds in respect of agricultural products [8],

Whereas application of the arrangements on victualling warehouses set out in Article 26 of Regulation (EEC) No 2730/79 is incompatible with the purpose of this Regulation; whereas there is no need therefore to make any provision for applying the arrangements indicated in the said Article 26 to the products in question;

HAS ADOPTED THIS REGULATION:

However, Notes B and C and box 11 of that certificate shall not apply. The provisions of Article 3 of that Regulation shall be applicable *mutatis mutandis* until the products are placed under supervision as referred to in paragraph 3.

3. On the declaration's being accepted by the competent authorities, who shall insert thereon the date of acceptance, the ►M2 quarters ◄ to be boned shall be placed under the supervision of those authorities, who shall establish the net weight of the products and enter this in box 7 of the certificate referred to in paragraph 2.

▼B

2. The numbers of the 'boned meat certificates' shall be entered in box 9 of the certificate referred to in Article 2 (2). This latter certificate, duly completed, shall be sent by administrative channels to the agency responsible for payment of export refunds when 'boned meat certificates' corresponding to the entire quantity of boned meat from the ►M2 quarters ◄ taken under supervision have been endorsed in accordance with paragraph 1.

3. The 'boned meat certificates' must be submitted when the customs formalities referred to in Article 5 are completed.
