COMMISSION REGULATION (EEC) No 2317/82
of 24 August 1982
introducing a countervailing charge on apples originating in New Zealand

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1035/72 of 18 May 1972 on the common organization of the market in fruit and vegetables [1], as last amended by Regulation (EEC) No 1738/82 [2], and in particular the second subparagraph of Article 27 (2) thereof,

Whereas Article 25 (1) of Regulation (EEC) No 1035/72 provides that, if the entry price of a product imported from a third country remains at least 0·6 ECU below the reference price for two consecutive market days, a countervailing charge must be introduced in respect of the exporting country concerned, save in exceptional circumstances; whereas this charge is equal to the difference between the reference price and the arithmetic mean of the last two entry prices available for that exporting country;

Whereas Commission Regulation (EEC) No 1680/82 of 29 June 1982 fixing, for the 1982/83 marketing year, the reference prices for apples [3] fixed the reference price for products of Class I for the month of August 1982 at 31·97 ECU per 100 kilograms net;

Whereas the entry price for a given exporting country is equal to the lowest representative prices recorded for at least 30 % of the quantities from the exporting country concerned which are marketed on all representative markets for which prices are available less the duties and the charges indicated in Article 24 (3) of Regulation (EEC) No 1035/72; whereas the meaning of representative price is defined in Article 24 (2) of Regulation (EEC) No 1035/72;

Whereas, in accordance with Article 3 (1) of Regulation (EEC) No 2118/74 [4], as last amended by Regulation (EEC) No 3011/81 [5], the prices to be taken into consideration must be recorded on the representative markets or, in certain circumstances, on other markets;

Whereas, for New Zealand apples, the entry price calculated in this way has remained at least 0·6 ECU below the reference price for two consecutive market days; whereas a countervailing charge should therefore be introduced for these apples;

Whereas if the system is to operate normally the entry price should be calculated on the following basis:

— in the case of currencies which are maintained in relation to each other at any given moment within a band of 2·25 %, a rate of exchange based on their central rate,

— for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in relation to the Community currencies referred to in the previous indent,

HAS ADOPTED THIS REGULATION:

Article 1

A countervailing charge of 10·02 ECU per 100 kilograms net is applied to apples other than cider apples (subheading ex 08.06 A II of the Common Customs Tariff) originating in New Zealand.

Article 2

This Regulation shall enter into force on 26 August 1982.
