COMMISSION REGULATION (EEC) No 3474/82

of 23 December 1982

fixing the export refunds on wine

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 337/79 of 5 February 1979 on the common organization of the market in wine [1], as last amended by Regulation (EEC) No 3082/82 [2], and in particular Article 20 (4) thereof,

Whereas, pursuant to Article 20 of Regulation (EEC) No 337/79, to the extent necessary to enable the products listed in Article 1 (2) of that Regulation to be exported in an economically significant quantity on the basis of the prices for those products on the world market, the difference between those prices and the prices in the Community may be covered by an export refund; whereas, however, refunds may be granted only for the products specified in Article 1 (2) of Council Regulation (EEC) No 345/79 of 5 February 1979 laying down general rules for granting export refunds on wine and criteria for fixing the amount of such refunds [3], as amended by Regulation (EEC) No 2009/81 [4];

Whereas, pursuant to Article 2 of Regulation (EEC) No 345/79, refunds are to be fixed having regard to the existing situation and future trends with regard to: (i) prices and availabilities of the products concerned on the Community market; and (ii) world market prices for these products; whereas account must also be taken of the costs referred to in that Article, of the economic aspects of the proposed exports, of the objectives defined in the said Article and of the need to avoid disturbances on the Community market; whereas, however, when fixing the amount of the refunds applicable to liqueur wines, account should be taken of the difference between Community prices and world market prices in respect only of wine and musts used in the manufacture of liqueur wines, since no such difference is recorded in respect of the other products used in the manufacture of the wines in question;

Whereas, pursuant to Article 3 of Regulation (EEC) No 345/79, Community market prices must be determined on the basis of the most advantageous export prices; whereas the prices referred to in Article 3 (2) must be taken into account when the prices in international trade are being determined;

Whereas the international trade situation or the specific requirements of certain markets may make it necessary to vary the refund according to the use or destination of a specific product;

Whereas there is at present scope for economically significant exports of concentrated grape musts, table wines other than of type R III and rosé table wines from the Portugieser variety;

Whereas, pursuant to Article 1 of Commission Regulation (EEC) No 3389/81 of 27 November 1981 on detailed rules for the application of export refunds on wine [5], as amended by Regulation (EEC) No 3473/82 [6], refunds must be fixed at least once every six months;

Whereas applying the abovementioned rules to the present market situation, in particular to the prices of wines in the Community and on the world trade market, the refunds should be fixed as shown in the Annex hereto;

Whereas the Management Committee for Wine has not delivered an opinion within the time limit set by the chairman,

HAS ADOPTED THIS REGULATION:
