COMMISSION REGULATION (EEC) No 1043/83

of 29 April 1983

fixing the rate of the aid for peas and field beans used in the feeding of animals

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1431/82 of 18 May 1982 laying down special measures for peas and field beans [1], and in particular Article 3 (6) thereof,

Having regard to Commission Regulation (EEC) No 2192/82 of 6 August 1982 laying down detailed rules for the application of the special measures for peas and field beans [2], as last amended by Regulation (EEC) No 933/83 [3], and in particular Article 31 (1) thereof,

Whereas under Article 3 (1) of Regulation (EEC) No 1431/82 aid is granted for peas and field beans harvested in the Community and used in the manufacture of feedingstuffs when the average world market price for soya cake is lower than the activating price; whereas this aid is equal to 45 % of the difference between these two prices;

Whereas the activating price for aid for peas and field beans for the 1982/83 marketing year was fixed by Council Regulation (EEC) No 1432/82 of 18 May 1982 [4];

Whereas, under Article 4 of Regulation (EEC) No 1431/82, the average world market price for soya cake must be determined on the basis of the most favourable purchase possibilities, excepting offers and quotations which cannot be considered representative of the real market trend; whereas account must be taken both of all offers on the world market and of the prices quoted on exchanges that are important for international trade;

Whereas, under Article 1 of Regulation (EEC) No 2049/82 [5], as amended by Regulation (EEC) No 574/83 [6], the average price must be determined per 100 kilograms of bulk soya cake of the standard quality defined in Article 2 (2) of Regulation (EEC) No 1432/82 delivered Rotterdam; whereas it must be equal to the arithmetical mean of the offers and quotations recorded during the five days preceding the day of determination;

Whereas the necessary adjustments, notably those referred to in Article 2 of Regulation (EEC) No 2036/82 [7], must be made for offers and quotations not of the type referred to above;

Whereas, under Article 1 of Regulation (EEC) No 2036/82, when no offer or quotation can be used for determining the world market price of soya cake, it is to be determined from offers of and quotations for soya cake obtained by the processing of soya seed in the Community and the offers of and quotations for competing products on the world market; whereas in this case the most favourable offers and quotations are to be taken into account for:

— bulk soya cake obtained by the processing of soya seed in the Community delivered to Rotterdam, and

— other oil cakes offered on the world market, adjusted as necessary to take account of the difference between their value and that of soya cake;

Whereas, if the aid system is to operate normally, refunds should be calculated on the following basis:

— in the case of currencies which are maintained in relation to each other at any given moment within a band of 2,25 %, a rate of exchange based on their central rate,

— for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in relation to the Community currencies referred to in the previous indent;

Whereas Article 105 of the Act of Accession provides for differences for the relevant products harvested in Greece;

Whereas the aid rate must be fixed every month or more frequently if the market situation so warrants,
