COUNCIL REGULATION (EEC) No 1588/83

of 14 June 1983

fixing the production target price, the production aid and the intervention price for olive oil for the 1983/84 marketing year

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 43 thereof,

Having regard to Council Regulation No 136/66/EEC of 22 September 1966 on the common organization of the market in oils and fats (1), as last amended by Regulation (EEC) No 1413/82 (2), and in particular Articles 4 (4) and 5 (1) thereof,

Having regard to the proposal from the Commission (3),

Having regard to the opinion of the European Parliament (4),

Having regard to the opinion of the Economic and Social Committee (5),

Whereas, when the production target price for olive oil is fixed, account should be taken of the objectives of the common agricultural policy and of the contribution which the Community desires to make to the harmonious development of world trade; whereas the objectives of the common agricultural policy are, in particular, to ensure a fair standard of living for the agricultural community, to ensure that supplies are available and that they reach consumers at reasonable prices;

Whereas the target price referred to above must be fixed in accordance with the criteria laid down in Articles 4 and 6 of Regulation No 136/66/EEC;

Whereas, if the producer is to receive a fair income, the production aid must be fixed in the light of the impact which the consumption aid has on part of the production;

Whereas the intervention price must be fixed in accordance with the criteria laid down in Article 8 of Regulation No 136/66/EEC;

Whereas Article 81 of the 1979 Act of Accession laid down the criteria for fixing the production aid applicable in Greece; whereas, on these criteria, the abovementioned aid should be fixed at the level indicated below;

Whereas the production target price and the intervention price are fixed for a specific standard quality; whereas the reasons which led to the determination of the standard quality for the 1981/82 marketing year are still valid; whereas that standard quality should therefore remain unchanged,
