COMMISSION REGULATION (EEC) No 1957/83

of 14 July 1983

making the importation of certain textile products originating in Turkey subject to quantitative limitation

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1842/71 of 21 June 1971 (1), and in particular Article 1 thereof,

After consultation within the Advisory Committee established by Article 3 of that Regulation,

Whereas imports of textile products on the Community market have during recent years given rise to market disturbance and are causing serious damage to Community producers resulting in the closure of factories and considerable loss of employment;

Whereas, in consequence of this situation, imports of certain textile products originating in the majority of low-cost supplier countries are at present subject to a Community system of authorization and quantitative limitation;

Whereas imports into the Community of trousers (category 6), originating in Turkey, in the first four months of 1983 have already reached 58 % of imports in 1982 which represents an increase of 106 % compared with the same period in 1982;

Whereas the extremely rapid increase in recent months of imports into the Community of trousers, originating in Turkey, have helped to exacerbate the cumulative disturbance of that market;

Whereas the volume of this increase makes it necessary to take immediate action aimed at avoiding irreparable damage to the Community; whereas it therefore justifies the adoption, pursuant to Article 60 of the Additional Protocol to the Association Agreement between the European Economic Community and Turkey, of the protective measures needed to overcome these difficulties;

Whereas imports into France of woven suits for men (category 16), originating in Turkey, in the first four months of 1983 have already reached 127 % of imports in 1982, which represents an increase of 824 % compared with the same period in 1982;

Whereas imports into France of dresses (category 26), originating in Turkey, in the first four months of 1983 have already reached 60 % of imports in 1982, which represents an increase of 50 % compared with the same period in 1982;

Whereas the extremely rapid increase in recent months of imports into France of woven suits for men and dresses, originating in Turkey, have helped to exacerbate the cumulative disturbance of that market;

Whereas the volume of this increase and the French request make it necessary to take immediate action aimed at avoiding irreparable damage to French producers and a serious deterioration in the economic situation of that region of the Community; whereas it therefore justifies the adoption, pursuant to Article 60 of the Additional Protocol to the Association Agreement between the European Economic Community and Turkey, of the protective measures needed to overcome these difficulties,

HAS ADOPTED THIS REGULATION:
