COMMISSION REGULATION (EEC) No 1050/84

of 13 April 1984

amending Regulation (EEC) No 900/84 with regard to certain monetary compensatory amounts and coefficients to be applied in the case of milk products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 974/71 of 12 May 1971 on certain measures of conjunctural policy to be taken in agriculture following the temporary widening of the margins of fluctuation for the currencies of certain Member States (1), as last amended by Regulation (EEC) No 855/84 (2), and in particular Article 6 thereof,

Whereas the monetary compensatory amounts introduced by Regulation (EEC) No 974/71 were fixed by Commission Regulation (EEC) No 900/84 (3);

Whereas in part 5 of Annex I to Regulation (EEC) No 900/84 certain amounts and coefficients were set to take account of a price level resulting from the granting of aid that is lower than the intervention prices for skimmed-milk powder; whereas, following decisions of the Council, Commission Regulation (EEC) No 974/84 (4) increased the aid for skimmed-milk powder used as feed for calves; whereas, consequently, the monetary amounts and the coefficients applying to them must be adjusted; whereas, in order to prevent disturbance of the market, application of the old monetary compensatory amount should be permitted on skimmed-milk powder, bought in the previous marketing year, that is to be processed into feed for pigs and poultry;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Milk and Milk Products,

HAS ADOPTED THIS REGULATION:
