COUNCIL REGULATION (EEC) No 1062/84

of 16 April 1984

amending Regulation (EEC) No 3760/83 laying down for 1984 certain measures for the conservation and management of fishery resources applicable to vessels registered in the Faroe Islands

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 170/83 of 25 January 1983 establishing a Community system for the conservation and management of fishery resources [1], and in particular Articles 3 and 11 thereof,

Having regard to the proposal from the Commission,

Whereas Regulation (EEC) No 320/84 [2], which fixed for certain fish stocks and groups of fish stocks occurring in the Community's fishing zone, provisional total allowable catches for 1984, the provisional share of these catches available to the Community, the allocation of that share between the Member States and the conditions under which the total allowable catches may be fished, contains certain provisions relating to the periods in which herring may be fished in the Skagerrak and Kattegat areas in 1984;

Whereas, to ensure conformity with the abovementioned provisions, it is necessary to amend the present provisions relating to herring contained in Regulation (EEC) No 3760/83 [3];

Whereas following consultations between the parties the licensing arrangements for herring fishing in the Skagerrak for vessels registered in the Faroe Islands should be incorporated into Regulation (EEC) No 3760/83,

HAS ADOPTED THIS REGULATION:

Done at Brussels, 16 April 1984.

For the Council

The President
