COMMISSION REGULATION (EEC) No 1090/84

of 18 April 1984

on the monetary compensatory amounts applicable in the wine sector

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 974/71 of 12 May 1971 on certain measures of conjunctural policy to be taken in agriculture following the temporary widening of the margins of fluctuation for the currencies of certain Member States (1), as last amended by Regulation (EEC) No 855/84 (2), and in particular Article 6 thereof,

Whereas Article 2 (3) (b) of Regulation (EEC) No 974/71 made it possible for the neutral margin for monetary compensatory amounts for the wine sector to be widened to a maximum of five points;

Whereas Commission Regulation (EEC) No 900/84 of 31 March 1984 fixing the monetary compensatory amounts and certain coefficients and rates required for their application (3) retained the old rules of calculation on a temporary basis pending careful study of the economic factors in the sector;

Whereas it is apparent from examination of the operation of the common organization of the market that in the present situation the neutral margin can be set at five points for both positive and negative monetary compensatory amounts without causing any disturbance to trade;

Whereas the monetary compensatory amount is at present calculated on the basis of the activating price; whereas the situation as regards prices in the wine sector necessitates an adjustment of the basis of calculation; whereas in the future the basis should be the minimum guaranteed price, which is 82 % of the guide price and is closer to the level that the common organization of the market tends to maintain;

Whereas the monetary compensatory amounts introduced by Regulation (EEC) No 974/71 were fixed by Commission Regulation (EEC) No 900/84, as last amended by Regulation (EEC) No 1050/84 (4), and corrected by Regulation (EEC) No 1071/84 (5), should be adjusted to take account of the new situation;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Wine,

HAS ADOPTED THIS REGULATION:

Article 1

For the purposes of calculation of the monetary compensatory amounts applicable in the wine sector, the real negative and positive monetary gaps shall be reduced by a neutral margin of five points.

2. Annex II to Regulation (EEC) No 900/84 is replaced by Annex II to this Regulation.

Article 3

This Regulation shall enter into force on 23 April 1984.
