COUNCIL REGULATION (EEC) No 1106/84

of 31 March 1984

fixing for the 1984/85 marketing year the derived intervention prices for white sugar, the intervention price for raw sugar, the minimum prices for A and B beet, the threshold prices and the amount of compensation for storage costs

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1785/81 of 30 June 1981 on the common organization of the markets in the sugar sector [1], as last amended by Regulation (EEC) No 606/82 [2], and in particular Articles 3 (5), 5 (5), 8 (4) and 14 (5) thereof,

Having regard to the proposal from the Commission [3],

Whereas Council Regulation (EEC) No 1105/84 of 31 March 1984 fixing for the 1984/85 marketing year the sugar prices and the standard quality of beet [4] fixed the intervention price for white sugar at 53,47 ECU per 100 kilograms;

Whereas Article 3 (1) of Regulation (EEC) No 1785/81 provides that derived intervention prices for white sugar are to be fixed for each of the deficit areas; whereas, for such fixing, it is appropriate that account be taken of the regional variations which, given a normal harvest and free movement of sugar, might be expected to occur in the price of sugar under natural conditions of price formation on the market;

Whereas a deficit supply situation is to be foreseen in the areas of production in Italy, Ireland and the United Kingdom;

Whereas Article 3 (5) of Regulation (EEC) No 1785/81 provides that an intervention price for raw sugar shall be fixed; whereas such price shall be established on the basis of the intervention price for white sugar, account being taken of a uniform processing margin and a standard yield, as well as transport costs for the supply of raw sugar;

Whereas Regulation (EEC) No 1105/84 fixed the basic price for beet at 40,89 ECU per tonne; whereas Article 5 (2) of Regulation (EEC) No 1785/81 provides that the minimum price to be fixed for A beet shall be 98 % of the basic price of the beet and the minimum price to be fixed for B beet shall in principle be 68 % of the said basic price;

Whereas Article 14 (2) of Regulation (EEC) No 1785/81 provides that the threshold price for white sugar shall be equal to the target price, plus costs, calculated at a flat rate, of transport from the Community area having the largest surplus to the most distant deficit consumption area in the Community, plus a flat-rate amount which takes into account the storage levy which, for 1984/85, can be estimated a 4,25 ECU per 100 kilograms of white sugar; whereas, given the state of supplies within the Community, account should be taken of transport charges between the departments of northern France and Palermo;

Whereas the threshold price for raw sugar is to be derived from the threshold price for white sugar by reference to a processing margin and a standard yield;

Whereas the threshold price for molasses should be fixed in such a way that the receipts from sales of molasses may reach the level of receipts of undertakings taken into account in the fixing of basic prices for beet;

Whereas Article 5 of Regulation (EEC) No 1358/77 [5] provides that the amount of repayment in the context of the compensation for storage costs shall be fixed per month and per unit of weight, taking account of financing, insurance and specific storage costs,

HAS ADOPTED THIS REGULATION:

Article 1

For the deficit areas of the Community the derived intervention price for white sugar shall be fixed at:

(a) 54,68 ECU per 100 kilograms for all the areas in the United Kingdom;

(b) 54,68 ECU per 100 kilograms for all the areas in Ireland;

(c) 55,41 ECU per 100 kilograms for all the areas in Italy.

Article 2

The intervention price for raw sugar shall be 44,34 ECU per 100 kilograms.

(4) See page 12 of this Official Journal.
(5) OJ No L 156, 25. 6. 1977, p. 4.

Article 3

1. The minimum price for A beet shall be 40,07 ECU per tonne.

2. Subject to the application of Article 28 of Regulation (EEC) No 1785/81, the minimum price for B beet shall be 27,81 ECU per tonne.

Article 4

The threshold price shall be:

(a) 66,34 ECU per 100 kilograms of white sugar;

(b) 56,91 ECU per 100 kilograms of raw sugar;

(c) 6,90 ECU per 100 kilograms of molasses.

Article 5

The amount of the reimbursement referred to in Article 8 of Regulation (EEC) No 1785/81 shall be 0,53 ECU per month per 100 kilograms of white sugar.

Article 6

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

It shall apply for the 1984/85 marketing year.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 31 March 1984.

For the Council

The President

M. ROCARD
