THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to Council Regulation (EEC) No 2057/82 of 29 June 1982 establishing certain control measures for fishing activities by vessels of the Member States (1), as amended by Regulation (EEC) No 1729/83 (2), and in particular Article 10 (3) thereof,

Whereas Council Regulation (EEC) No 320/84 of 31 January 1984, fixing, for certain fish stocks and groups of fish stocks occurring in the Community's fishing zone, provisional total allowable catches for 1984, the provisional share of these catches available to the Community, the allocation of that share between the Member States and the conditions under which the total allowable catches may be fished (3), as amended by Regulation (EEC) No 599/84 (4), provides for northern deepwater prawn quotas for 1984;

Whereas, in order to ensure compliance with the provisions relating to the quantitative limitations on catches of stocks subject to quotas, it is necessary for the Commission to fix by Regulation the date by which catches made by vessels flying the flag of a Member State are deemed to have exhausted the quota allocated;

Whereas, according to the information communicated to the Commission, catches of northern deepwater prawn in waters of ICES sub-areas V a) (EC zone) and XIV (EC zone) by vessels flying the flag of France, have reached the quota allocated for 1984,
