COMMISSION REGULATION (EEC) No 1827/84

of 28 June 1984

amending Regulation (EEC) No 900/84 as regards the coefficients to be applied to certain monetary compensatory amounts fixed in advance in the cereals sector

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 974/71 of 12 May 1971 on certain measures of conjunctural policy to be taken in agriculture following the temporary widening of the margins of fluctuation for the currencies of certain Member States (1), as last amended by Regulation (EEC) No 855/84 (2), and in particular Article 6 thereof,

Having regard to Council Regulation (EEC) No 1223/83 of 20 May 1983 on the exchange rates to be applied in agriculture (3), as last amended by Regulation (EEC) No 855/84,

Having regard to Council Regulation (EEC) No 855/84 of 31 March 1984 on the calculation and the dismantlement of the monetary compensatory amounts applying to certain agricultural products, and in particular Article 7 thereof,

Whereas, in the cereals sector, monetary compensatory amounts fixed in advance have been adjusted every year pursuant to Article 7 (2) of Commission Regulation (EEC) No 1160/82 of 14 May 1982 providing for the advance fixing of monetary compensatory amounts (4) and Article 2 (1) of Commission Regulation (EEC) No 1516/78 of 30 June 1978 on adjustments to monetary compensatory amounts fixed in advance and repealing Regulation (EEC) No 651/78 (5);

Whereas, pursuant to Regulation (EEC) No 855/84, the central rate used under the common agricultural policy has been subjected to a corrective factor of 1,033651 with effect from the 1984/85 marketing year; whereas this corrected central rate introduces a new method of calculating monetary compensatory amounts;

Whereas, for reasons of equality treatment and in order to avoid distortions of competition, appropriate transitional measures should be adopted within the meaning of Article 7 of Regulation (EEC) No 855/84; whereas such measures may consist in adjusting the monetary compensatory amounts, levies and refunds fixed before the beginning of the 1984/85 marketing year for operations to be carried out after that date;

Whereas monetary compensatory amounts fixed in advance can be adjusted according to the same criteria as those hitherto applied under the provisions of Article 7 (2) of Regulation (EEC) No 1160/82 and Article 2 (1) of Regulation (EEC) No 1516/78 in a manner which takes account of the corrected central rate;

Whereas the adjustment of monetary compensatory amounts fixed in advance provided for under Article 7 of Regulation (EEC) No 855/84 cancels that provided for under Article 7 (1) of Regulation (EEC) No 1160/82;

Whereas the purpose of adjusting levies and refunds is to place operators in the economic situation which will exist with effect from the new marketing year; whereas, in order to achieve this purpose, the adjustment of monetary compensatory amounts must be accompanied, where the latter are fixed in advance, by an adjustment of the levies and refunds fixed in advance which takes account of the introduction into the common agricultural policy of a corrected central rate;

Whereas the devaluation of the representative rate of the Greek drachma following the increase in negative monetary compensatory amounts resulting from the new system of calculating monetary compensatory

amounts provided for by Regulation (EEC) No 855/84 takes effect from 1 July 1984, before the entry into force of the system in question; whereas to take account of this situation a particular method of adjustment should be applied to Greece;

Whereas, moreover, in the case of Greece, the adjustment of monetary compensatory amounts fixed in advance may for certain periods lead to the charging of amounts on imports and the granting of amounts on exports;

Whereas Commission Regulation (EEC) No 900/84 (1), as last amended by Regulation (EEC) No 1703/84 (2), should be amended in consequence;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,
