# COMMISSION REGULATION (EEC) No 1828/84

## of 28 June 1984

## laying down exceptional adjustments to be made to levies and refunds fixed in advance in the cereals sector

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 974/71 of 12 May 1971 on certain measures of conjunctural policy to be taken in agriculture following the temporary widening of the margins of fluctuation for the currencies of certain Member States (1), as last amended by Regulation (EEC) No 855/84 (2), and in particular Article 6 thereof,

Having regard to Council Regulation (EEC) No 855/84 of 31 March 1984 on the calculation and the dismantlement of the monetary compensatory amounts applying to certain agricultural products, and in particular Article 7 thereof,

Whereas, pursuant to Regulation (EEC) No 855/84, the central rate used under the common agricultural policy has been subjected to a corrective factor of 1,033651 with effect from the 1984/85 marketing year; whereas the corrected central rate, which has introduced a new method of calculating monetary compensatory amounts, has also led to a change in the relationship between the Community price and the world market price which in turn has resulted in an increase in levies and refunds in ECU fixed respectively with effect from 1 July and 1 August 1984;

Whereas, for reasons of equality of treatment and in order to avoid distortion of competition, appropriate transitional measures should be adopted within the meaning of Article 7 of Regulation (EEC) No 855/84; whereas such measures may consist in an adjustment of levies and refunds fixed before the beginning of the 1984/85 marketing year in respect of operations to be carried out after those dates;

Whereas the adjustment of the levies and refunds fixed in advance must be carried out on the basis of the world market price corrected by a factor of 0,967445; whereas this price must therefore be reconstituted by reference to the main elements required under Community rules;

Whereas, in the case of basic products, adjustments should be limited to levies fixed in advance; whereas, having regard to the frequent variations in such levies and to the method of their calculation, it is appropriate to entrust such adjustment to the competent national authorities;

Whereas, for processed products, the levies and refunds are generally fixed on a monthly basis; whereas the amount of the adjustments should therefore be fixed at a flat rate at Community level so as to ensure uniform application and provide rapid information for interested parties;

Whereas adjustment on the basis of the world market price to which a corrective factor of 0,967445 has been applied results in an increase in the levy fixed in advance in ECU; whereas this increase could be foreseen by operators; whereas, therefore, the adjustments, in the case of both basic products and processed products, can only be implemented in connection with advance fixings requested as from the date of official Commission notification of such adjustments;

Whereas, for the calculation of refunds fixed in respect of contracts awarded for the export of common wheat with effect from 1 August 1984, the new relationship between the Community price and the world market price has been taken into account; whereas the said export refunds do not require adjustment;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

*Article 1*

1. In the case of the products referred to in Article 1 (a), (b) and (c) of Council Regulation (EEC) No 2727/75 (3), levies fixed in advance from 5 June 1984 shall, as regards operations for which the customs formalities are completed from the beginning of the 1984/85 marketing year, be adjusted by the Member States in accordance with the following formula:

'threshold price minus 0,967445 × (threshold price minus levy fixed in advance)'.

(1) OJ No L 106, 12. 5. 1971, p. 1.
(2) OJ No L 90, 1. 4. 1984, p. 1.
(3) OJ No L 281, 1. 11. 1975, p. 1.

The threshold price to be taken into consideration shall be that valid in the month of advance fixing.

2. In the case of products referred to in Article 1 (c) of Regulation (EEC) No 2727/75, refunds fixed in advance from 2 April 1984 shall, as regards operations for which the customs formalities are completed after the beginning of the 1984/85 marketing year, be adjusted by the Member States in accordance with the following formula:

'internal market price minus 0,967445 × (internal market price minus refund fixed in advance)'.

The internal market prices to be taken into consideration for the various months of advance-fixing and the various products are set out in Annex I.

3. In the case of the products referred to in Article 1 (d) of Regulation (EEC) No 2727/75, levies and refunds fixed in advance during the periods mentioned in Annex II to this Regulation shall, as regards operations for which the customs formalities are completed from 1 August 1984, be increased by the amount laid down in the said Annex II.

*Article 2*

This Regulation shall enter into force on the day of its publication in the *Official Journal of the European Communities.*

It shall apply from:

— 1 July 1984 as regards durum wheat and durum wheat groats and meal,

— 1 August 1984 as regards other products.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 28 June 1984.

(1) For the purpose of distinguishing between products falling within heading Nos 11.01 and 11.02 and those falling within subheading 23.02 A, products falling within heading Nos 11.01 and 11.02 shall be those meeting the following specifications:

— a starch content (determined by the modified Ewers polarimetric method), referred to dry matter, exceeding 45 % by weight;

— an ash content, by weight, referred to dry matter (after deduction of any added minerals), not exceeding 1,6 % for rice, 2,5 % for wheat, 3 % for barley, 4 % for buckwheat, 5 % for oats and 2 % for other cereals.

Germ of cereals, whole, rolled, flaked or ground, falls in all cases within heading No 11.02.

(2) Pursuant to Regulation (EEC) No 2730/75 the product falling within subheading 17.02 B I is subject to the same levy as products falling within subheading 17.02 B II.
