COMMISSION REGULATION (EEC) No 2163/84

of 26 July 1984

amending Regulations No 93/67/EEC and (EEC) No 496/70 on the quality control of fruit and vegetables as regards the 1984/85 marketing year

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1035/72 of 18 May 1972 on the common organization of the market in fruit and vegetables (1), as last amended by Regulation (EEC) No 1332/84 (2), and in particular Articles 8 (2) and 12 (3) thereof,

Whereas Regulation (EEC) No 2162/84 (3) amended the quality standards for dessert apples and pears provided for in the Annex to Commission Regulation (EEC) No 1641/71 (4) by laying down that the fruit must be sufficiently developed so that it can continue its maturing process and to attain the degree of maturity required in relation to the varietal characteristics;

Whereas, in the case of apples, experience has shown that, in some cases, difficulties may be encountered in the task of verifying this state of development; whereas, in order to facilitate the work of the control bodies, the methods to be used for judging this development should be specified;

Whereas Commission Regulation No 93/67/EEC of 3 May 1967 laying down initial provisions on the quality control of fruit and vegetables marketed within the Community (5), as amended by Regulation (EEC) No 2638/69 (6) and Commission Regulation (EEC) No 496/70 of 17 March 1970 laying down initial provisions for the quality control of fruit and vegetables exported to third countries (7), as last amended by Regulation (EEC) No 860/83 (8), should therefore be supplemented accordingly;

Whereas this arrangement should be applicable for only one marketing year;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Fruit and Vegetables,

HAS ADOPTED THIS REGULATION:

Article 1

In Regulation No 93/67/EEC the following Article 2a is hereby inserted:

'Article 2a

In the case of apples, for the 1984/85 marketing year, the competent body may refer to a colorimetric scale and/or apply a starch regression test (iodine test) in order to verify that the requirement laid down in the quality standards for apples and pears under the first indent of the last subparagraph of Title II A of the Annex to Commission Regulation (EEC) No 1641/71 is met.'

Article 2

In Regulation (EEC) No 496/70 the following Article 3a is hereby inserted:

'Article 3a

In the case of apples for the 1984/85 marketing year, the competent body may refer to a colorimetric scale and/or apply a starch regression test (iodine test) in order to verify that the requirement laid down in the quality standards for apples and pears under the first indent of the last subparagraph of Title II A of the Annex to Commission Regulation (EEC) No 1641/71 is met.'
