COUNCIL REGULATION (EEC) No 2809/84

of 3 October 1984

temporarily and totally suspending the Common Customs Tariff duty on three products falling within subheading ex 85.21 D II

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 28 thereof,

Whereas current Community production of the products referred to in this Regulation is inadequate and producers cannot therefore satisfy the needs of the Community's user industries ;

Whereas it is in the Community's interest that it should totally suspend the autonomous Common Customs Tariff duty on these products ;

Whereas, in view of the difficulties involved in making a rigorous assessment in the near future of developments in the economic situation of the sector in question, this suspension measure should be taken only temporarily by fixing its terms of validity on the basis of the interests of Community production,

HAS ADOPTED THIS REGULATION :

Article 1

From the date of entry into force of this Regulation until 31 December 1984, the autonomous Common Customs Tariff duty on the following products is totally suspended :

ex 85.21 D II Interface circuit (Graphics Television Interface Adaptor (GTIA)) of N-MOS technology, with internal registers, for the generation and control of graphic signals for television, in the form of a monolithic integrated circuit, contained in a housing whose exterior dimensions do not exceed 16 × 54 mm, with not more than 40 connecting pins and bearing :

— an identification marking consisting of the following combination of letters and figures or including this combination :

CO 14805

or

— other identification markings relating to GTIAs complying with the abovementioned description.

ex 85.21 D II Monolithic integrated circuit of N-MOS technology, for application as an interface with a keyboard and for the generator of audio signals and random numbers, with a serial input/output interface, contained in a housing whose exterior dimensions do not exceed 16 × 54 mm with not more than 40 connecting pins and bearing :

— an identification marking either consisting of the following combination of letters and figures or including this combination :

CO 12294

or

— other identification markings relating to monolithic integrated circuits complying with the abovementioned description.

ex 85.21 D II Micro-assembly consisting of active and passive components having the function of supplying five unequal delay signals at separate contact points contained in a housing whose exterior dimensions do not exceed 71 × 22 mm with not more than 14 connecting pins and bearing :

— an identification marking consisting of one of the following combinations of letters and figures or including one of those combinations :

PE 21739

CO 60472

or

— other identification markings relating to micro-assemblies complying with the abovementioned description.

Article 2

This Regulation shall enter into force on the day following its publication in the *Official Journal of the European Communities.*

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Luxemburg, 3 October 1984.

For the Council

The President

P. BARRY
