COMMISSION REGULATION (EEC) No 3059/84

of 31 October 1984

on transitional measures concerning the application of certain monetary compensatory amounts on products of the pigmeat sector in the trade of certain Member States

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Commission Regulation (EEC) No 2836/84 of 8 October 1984 on transitional measures concerning the application of certain monetary compensatory amounts in the trade of certain Member States (1), and in particular Article 9 thereof,

Whereas Regulation (EEC) No 2836/84 has established a framework of measures of which the detailed rules have to be determined and which are intended to prevent artificial trade in the event of changes in the agri-monetary arrangements;

Whereas, for the period beginning with the marketing year 1984/85 for the various products concerned, new arrangements for calculating the monetary compensatory amounts apply; whereas these new arrangements apply in the pigmeat sector as from 1 November 1984; whereas, at the same date, new representative rates fixed by Council Regulation (EEC) No 1223/83 of 20 May 1983 on the exchange rates to be applied in agriculture (2), as last amended by Regulation (EEC) No 855/84 (3), apply in the pigmeat sector for Denmark, Greece and Italy;

Whereas, in view of this situation, there is a danger of speculation in the pigmeat sector, which might result in deflections of trade;

Whereas, to avoid the occurrence of such deflections, it should be provided that, in the case of products liable to such speculation, the monetary compensatory amounts applicable before the changes should remain applicable for a limited period beyond the date of the changes; whereas this must also apply whenever the monetary compensatory amount has been fixed in advance on a date subsequent to the date of the change; whereas the relevant dates and products must be determined, taking into account the specific conditions for the marketing of those products;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Pigmeat,

HAS ADOPTED THIS REGULATION:
