Whereas, pursuant to Article 23 (1) of Regulation (EEC) No 1035/72, reference prices valid for the whole Community are to be fixed at the beginning of the marketing year;

Whereas cabbage lettuce are produced in such quantities in the Community that reference prices should be fixed for them;

Whereas cabbage lettuce harvested during a given crop year are marketed from July to June of the following year; whereas the quantities imported from 1 July to 31 October and in June are so small that there is no need to fix reference prices for these months; whereas reference prices should be fixed only for the period 1 November up to and including 31 May of the following year;

Whereas, pursuant to the first subparagraph of Article 23 (2) of Regulation (EEC) No 1035/72, the reference prices are to be fixed on the basis of the arithmetic mean of producer prices in each Member State plus an amount representing the costs of transporting Community products from the production areas to Community marketing centres; whereas the trend of production costs in the fruit and vegetables sector must also be taken into account;

Whereas, to take seasonal price variations into account, the marketing year should be divided into several periods and a reference price fixed for each of these periods;

Whereas producer prices are to correspond to the average of the prices recorded on the representative market or markets situated in the production areas where prices are lowest, during the three years prior to the date on which the reference price is fixed, for a home-grown product with defined commercial characteristics, being a product or variety representing a substantial proportion of the production marketed over the year or over part thereof and satisfying specified requirements as regards market preparation; whereas, when the average of prices recorded on each representative market is being calculated, prices which could be considered excessively high or excessively low in relation to normal price fluctuations on that market are to be disregarded;
