COMMISSION REGULATION (EEC) No 3100/84

of 7 November 1984

fixing for the 1984/85 marketing year the reference price for mandarins including tangerines and satsumas, Wilkings and other similar citrus hybrids, with the exception of clementines

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1035/72 of 18 May 1972 on the common organization of the market in fruit and vegetables (1), as last amended by Regulation (EEC) No 1332/84 (2), and in particular Article 27 (1) thereof,

Whereas Article 23 (1) of Regulation (EEC) No 1035/72 provides that reference prices for the whole Community are to be fixed each year before the beginning of the marketing year;

Whereas the importance of mandarin production in the Community is such that a reference price must be fixed for that product, such price to be operative also for tangerines, satsumas, Wilkings and other similar citrus hybrids, with the exception of clementines;

Whereas the period during which mandarins harvested during a given crop year are marketed extends from October to 15 May of the following year; whereas the quantity put on the market during October and from 1 March to 15 May of the following year represents only a small percentage of that marketed over the whole marketing year; whereas the reference price should therefore be fixed only for the period running from 1 November to the last day of February of the following year;

Whereas the fixing of a single reference price valid for the whole marketing year appears to be the solution most suited to the particular nature of the Community market in the product in question;

Whereas, under point (a) of the second subparagraph of Article 23 (2) of Regulation (EEC) No 1035/72, reference prices for mandarins, satsumas, tangerines and other similar citrus hybrids, with the exception of clementines, are fixed at a level equal to that of the previous marketing year, adjusted by an amount equal to the difference between, firstly, the amount resulting from the application, to those reference prices, of the percentage increase in the basic prices and the buying-in prices in relation to the preceding marketing year, and, secondly, the amount corresponding to the increase in the financial compensation provided for in Council Regulation (EEC) No 2511/69 of 9 December 1969 laying down special measures for improving the production and marketing of Community citrus fruit (3), as last amended by Regulation (EEC) No 2004/83 (4);

Whereas, under the third subparagraph of Article 23 (2) of Regulation (EEC) No 1035/72, the amount of the reference price is first increased by up to 15 %, shared in equal parts between two marketing years;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Fruit and Vegetables,

HAS ADOPTED THIS REGULATION:
