COMMISSION REGULATION (EEC) No 591/84

of 7 March 1984

introducing a countervailing charge and suspending the preferential customs duty on imports of apples originating in Turkey

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1035/72 of 18 May 1972 on the common organization of the market in fruit and vegetables (1), as last amended by Regulation (EEC) No 2004/83 (2), and in particular the second subparagraph of Article 27 (2) thereof,

Whereas Article 25 (1) of Regulation (EEC) No 1035/72 provides that, if the entry price of a product imported from a third country remains at least 0,6 ECU below the reference price for two consecutive market days, a countervailing charge must be introduced in respect of the exporting country concerned, save in exceptional circumstances; whereas this charge is equal to the difference between the reference price and the arithmetic mean of the last two entry prices available for that exporting country;

Whereas Commission Regulation (EEC) No 2085/83 of 26 July 1983 fixing the reference price for apples for the 1983/84 marketing year (3) fixed the reference price for products of class I for the month of March 1984 at 45,49 ECU per 100 kilograms net;

Whereas the entry price for a given exporting country is equal to the lowest representative price or the arithmetic mean of the lowest prices recorded for at least 30 % of the quantities from the exporting country concerned which are marketed on all representative markets for which prices are available less the duties and the charges indicated in Article 24 (3) of Regulation (EEC) No 1035/72; whereas the meaning of representative price is defined in Article 24 (2) of Regulation (EEC) No 1035/72;

Whereas, in accordance with Article 3 (1) of Regulation (EEC) No 2118/74 (4), as last amended by Regulation (EEC) No 3110/83 (5), the prices to be taken into consideration must be recorded on the representative markets or, in certain circumstances, on other markets;

Whereas, for Turkish apples, the entry price calculated in this way has remained at least 0,6 ECU below the reference price for two consecutive market days; whereas a countervailing charge should therefore be introduced for these apples;

Whereas, in Article 1 of Council Regulation (EEC) No 3671/81 of 15 December 1981 on imports into the Community of certain agricultural products originating in Turkey (6), when the Commission introduces a countervailing charge on imports of apples originating in Turkey, at the same time it reintroduces for the product in question the conventional rate of customs duty; whereas, therefore, a rate of customs duty of 8,8 % should be reintroduced for these apples, with a minimum charge of 2,08 ECU per 100 kilograms net;

Whereas if the system is to operate normally the entry price should be calculated on the following basis:

— in the case of currencies which are maintained in relation to each other at any given moment within a band of 2,25 %, a rate of exchange based on their central rate,

— for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in relation to the Community currencies referred to in the previous indent,

HAS ADOPTED THIS REGULATION:

Article 1

1. A countervailing charge of 6,13 ECU per 100 kilograms net is applied on imports of apples falling within subheading 08.06 A II b) of the Common Customs Tariff originating in Turkey.

2. The rate of customs duty on imports of these products shall be 8,8 % with a minimum charge of 2,08 ECU per 100 kilograms net.
