COMMISSION REGULATION (EEC) No 2561/85

of 11 September 1985

amending Regulation (EEC) No 2670/81 laying down detailed implementing rules in respect of sugar production in excess of the quota

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1785/81 of 30 June 1981 on the common organization of the markets in the sugar market (1), as last amended by Regulation (EEC) No 1482/85 (2), and in particular Article 26 (3) thereof,

Whereas, Article 26 (1) of Regulation (EEC) No 1785/81 provides in particular that C sugar must be exported in the natural state; whereas the second subparagraph of Article 2 (2) of Commission Regulation (EEC) No 2670/81 (3), as amended by Regulation (EEC) No 1760/84 (4), allows for substitution by other sugar white or raw in the natural state of C sugar to be exported on payment of a flat-rate amount by the producer to compensate for any advantage resulting from such a substitution; whereas the supply situation of the refineries of raw sugar in the Community, in particular with regard to the forthcoming accession of Portugal and of its particular supply of raw sugar, requires a limitation of the ability to substitute C sugar on export to white sugar only;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Sugar,

HAS ADOPTED THIS REGULATION:

Article 1

In the first sentence of the second subparagraph of Article 2 (2) of Regulation (EEC) No 2670/81 the terms 'or raw' are deleted.

Article 2

This Regulation shall enter into force on the day of its publication in the *Official Journal of the European Communities.*

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 11 September 1985.

For the Commission

Frans ANDRIESSEN

Vice-President
