COUNCIL REGULATION (EEC) No 3730/85

of 20 December 1985

allocating certain catch quotas between Member States for vessels fishing in the Norwegian economic zone and the fishery zone around Jan Mayen

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 170/83 of 25 January 1983 establishing a Community system for the conservation and management of fishery resources [1], and in particular Article 11 thereof,

Having regard to the proposal from the Commission,

Whereas the Community and Norway have consulted with each other on their mutual fishing rights for 1986 which provide *inter alia* for the allocation of certain catch quotas to Community vessels in the Norwegian fisheries zone,

Whereas, under the terms of Article 3 of Regulation (EEC) No 170/83, it is incumbent upon the Council to establish the total allowable catches by stock or group of stocks, the share available for the Community and also the specific conditions under which the catches must be made; whereas, under the terms of Article 4 of the same Regulation, the share available for the Community is allocated between the Member States;

Whereas information about actual catches should be made available in order to ensure that the allocation is respected;

Whereas the catch quotas open to Member States fishing in Norwegian waters will take effect as from 1 January 1986; whereas the very short period of time now remaining before they come into effect means that an initial period of application, limited in time, will have to be provided for in order to enable the Council to confirm, before the end of that period, the decisions taken,

HAS ADOPTED THIS REGULATION:

Article 1

1. Catches, under the Agreement on mutual fishing rights in 1986 between the Community and Norway, by vessels flying the flag of a Member State in the waters falling within the Norwegian economic zone north of 62°00′ N as well as within the fishery zone around Jan Mayen shall be limited for 1986 to the quota set out in Annex I.

2. Catches of the species mentioned in Annex II, under the Agreement on mutual fishing rights in 1986 between the Community and Norway, by vessels flying the flag of a Member State in the waters falling within the Norwegian economic zone and situated south of 62°00′ N shall be limited for 1986 to the quotas set out in that Annex.

Article 2

Member States and the masters of vessels flying the flag of a Member State shall conform, as far as fishing in the waters referred to in Article 1 is concerned, with Articles 3 to 9 of Council Regulation (EEC) No 2057/82 of 29 June 1982 establishing certain control measures for fishing activities by vessels of the Member States [2], as amended by Regulation (EEC) No 1729/83 [3].

Article 3

This Regulation shall enter into force on 1 January 1986.

It shall apply until 25 January 1986, subject to the Council's taking a decision before that date.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 20 December 1985.

For the Council

The President

R. STEICHEN

ANNEX I

Quantities referred to in Article 1 (1)

(Norwegian waters north of 62°00′ N)

(tonnes — fresh round weight)

Species	ICES division	Quotas	Allocations	
Cod	I, II	11 000	France	1 740
			Germany	1 900
			United Kingdom	7 360
Haddock	I, II	5 000	France	640
			Germany	1 075
			United Kingdom	3 285
Saithe	I, II	6 000	France	770
			Germany	4 800
			United Kingdom	430
Redfish				
Sebastes mentella	I, II	3 000	Germany	2 060
			United Kingdom	600
			France	340
Sebastes marinus	I, II	3 000	Germany	2 060
			United Kingdom	600
			France	340
Greenland halibut	I, II	250	Germany	125
			United Kingdom	125
Blue whiting	II	2 000	France	2 000
			Germany	token entry (1)
Other species				
(as by-catches)	I, II	500	France	65
			Germany	170
			United Kingdom	265
Mackerel	II a	15 000 (2)	Denmark	15 000

(1) *Ad-hoc* solution for 1986.

(2) Of which 15 000 may be fished south of 62°00′ N. Norway may similarly fish up to 15 000 in the area south of 62°00′ N of the fishing envisaged for the area north of 62°00′ N.

ANNEX II

Quantities referred to in Article 1 (2)

(tonnes — fresh round weight)

Species	ICES division	Quotas	Allocations	
Norway pout (1)	IV	50 000	Denmark United Kingdom	47 500 (2) 2 500 (3)
Sand-eel	IV	150 000	Denmark United Kingdom	142 500 (2) 7 500 (3)
Shrimps	IV	1 250	Denmark	1 250
Other species	IV	5 000	Denmark United Kingdom	2 500 1 875
			Germany, Belgium, France, Netherlands	625

(1) Including blue whiting.
(2) Within a total quota for Norway pout and sand-eel up to 19 000 tonnes may be interchanged.
(3) Within a total quota for Norway pout and sand-eel up to 1 000 tonnes may be interchanged.
