Whereas Regulation (EEC) No 683/85 defined the criteria according to which the factors which were used to fix the previous representative market price may be considered as a marked change ; whereas it follows from the application of these criteria that the representative market price and the threshold price for olive oil currently in force should be amended ; whereas, therefore, the percentages deducted in accordance with Article 11 (5) and (6) of Regulation No 136/66/EEC should be amended in such a way as to maintain the overall amount that results from the application of the previously determined deductions ;
