COMMISSION REGULATION (EEC) No 1015/86

of 8 April 1986

amending Regulation (EEC) No 585/86 laying down the level of the accession compensatory amounts for milk and milk products in trade with Spain

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 466/86 of 25 February 1986 determining the general rules for the system of accession compensatory amounts for milk and milk products on account of the accession of Spain [1], and in particular Article 6 thereof,

Whereas Commission Regulation (EEC) No 585/86 [2] fixed the level of the accession compensatory amounts for milk and milk products in trade with Spain; whereas it was found that the method used for calculating the compensatory amounts for certain products falling within heading No 04.02 of the Common Customs Tariff other than in powder or in granules or condensed does not take account of the fact that these products may be presented in concentrated form; whereas the compensatory amounts for these products should be calculated on the basis of the amount of the non-fat milk solids contained in the product;

Whereas the Annex to Regulation (EEC) No 585/86 should, for reasons of clarity, be republished and some errors should be corrected;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Milk and Milk Products,

HAS ADOPTED THIS REGULATION:

Article 1

The Annex to Regulation (EEC) No 585/86 is hereby replaced by the Annex to this Regulation.

Article 2

This Regulation shall enter into force on 9 April 1986.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 8 April 1986.

Notes

(1) The compensatory amount per 100 kilograms net of these products shall be equal to the sum of the following components :

— an amount corresponding to the quantity of milk fat, expressed as a percentage, contained in 100 kilograms net of the product multiplied by 0,0429 ECU,

— an amount corresponding to the quantity in kilograms of the non-fat part contained in 100 kilograms net of the product multiplied by 0,015108 ECU.

(2) 'Products intended for human consumption' are products other than those denatured in accordance with the provisions of Regulation (EEC) No 1725/79 or Regulation (EEC) No 3714/84 or those imported into Spain under the arrangements laid down in Regulation (EEC) No 1624/76.

(3) The compensatory amount per 100 kilograms net of these products shall be equal to the sum of the following components :

— an amount corresponding to the quantity of milk fat, expressed as a percentage, contained in 100 kilograms of the product multiplied by 0,0429 ECU,

— an amount corresponding to the quantity in kilograms of the non-fat part contained in 100 kilograms net of the product multiplied by 0,166188 ECU.

(4) The compensatory amount per 100 kilograms net of these products shall be equal to the sum of :

— the amount per kilograms indicated multiplied by the weight of milk and cream contained in 100 kilograms of finished product,

— an additional amount for each percentage point of sucrose content of 100 kilograms net of the product, equal to the compensatory amount applicable to 1 kilogram of white sugar.

(5) The compensatory amount per 100 kilograms net of these products shall be equal to the sum of :

— the amount indicated,

— an additional amount for each percentage point of sucrose content of 100 kilograms net of the product, equal to the compensatory amount applicable to 1 kilogram of white sugar.

(6) The compensatory amount per 100 kilograms net of these products shall be equal to the sum of the following components :

— an amount corresponding to the quantity of milk fat expressed as a percentage, contained in 100 kilograms net of the product, multiplied by 0,0429 ECU, and

— an amount corresponding to the quantity in kilograms of the non-fat milk solids contained in 100 kilograms net of the product multiplied by 0,166188 ECU,

— an additional amount for each percentage point of sucrose content of 100 kilograms net of the product, equal to the compensatory amount applicable to 1 kilogram of white sugar.

(7) The compensatory amount for 100 kilograms net of these products shall be equal to the amount indicated multiplied by the weight of the fat contained in 100 kilograms of finished product.

(8) The compensatory amount for 100 kilograms net weight of these products shall be equal :

— in the case of products falling within subheading 23.07 B I b) 3, to the accession compensatory amount for 100 kilograms of maize multiplied by the coefficient 0,16,

— in the case of products falling within subheading 23.07 B I c) 3, to the accession compensatory amount for 100 kilograms of maize multiplied by the coefficient 0,50.

These amounts are to be granted on exports to Spain by the exporting Member State or charged on imports from Spain by the importing Member State.

N.B. : In the case of goats' and sheep's milk and cream and of cheese manufactured exclusively from these products :

— the analysis check shall be carried out by immunochemical and/or electrophoretic methods, supplemented as necessary by HPLC analyses,

— the party concerned shall be obliged, when completing the customs formalities, to state in the declaration provided for this purpose that the milk or cream in question consists solely of the product obtained exclusively from sheep or goats or, as appropriate, that the cheese in question was manufactured exclusively from sheep's or goats' milk.'
