COMMISSION REGULATION (EEC) No 1258/86

of 29 April 1986

amending Regulation (EEC) No 606/86 laying down detailed rules for applying the supplementary trade mechanism to milk products imported into Spain from the Community of Ten

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to the Act of Accession of Spain and Portugal, and in particular Article 84 (3) thereof,

Having to Council Regulation (EEC) No 569/86 of 25 February 1986 laying down general rules for applying the supplementary trade mechanism applicable to trade [1], and in particular Article 7 (1) thereof,

Whereas Article 2 of Commission Regulation (EEC) No 606/86 [2], as amended by Regulation (EEC) No 906/86 [3], breaks down the 'guide' quantities of cheese falling within heading No 04.04 of the Common Customs Tariff by category ; whereas, so as to satisfy demand for small quantities of Roquefort, a separate category should be created for this type of cheese ; whereas a category should also be provided for Edamer and Gouda cheeses in the light of their commercial importance ; whereas the tonnages of some of the existing categories should be adjusted accordingly ;

Whereas Regulation (EEC) No 569/86 stipulates that STM Certificates are to be issued on application by 'any party' ; whereas the implementation of the system has shown that an unusually large number of applications for certificates in respect of cheese were being made ; whereas, so as to avoid in future any risk of unfairness in the allocation of the quantities, the notion 'any party' should be specified in the case of applications for certificates in respect of cheese ;

Whereas the Management Committee for Milk and Milk Products has not delivered an opinion within the time limit set by its chairman,

HAS ADOPTED THIS REGULATION :
