COUNCIL REGULATION (EEC) No 1335/86

of 6 May 1986

amending Regulation (EEC) No 804/68 on the common organization of the market in milk and milk products

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 43 thereof,

Having regard to the proposal from the Commission (1),

Having regard to the opinion of the European Parliament (2),

Whereas Article 5c (3) of Regulation (EEC) No 804/68 (3), as last amended by Regulation (EEC) No 3768/85 (4), lays down, for each Member State, the total quantity of deliveries of milk and milk equivalent to undertakings treating or processing milk or other milk products, during the period from 2 April 1984 to 31 March 1985 and during the four following periods of 12 months;

Whereas market trends have shown that the level of guaranteed total quantities is higher than that to be deemed desirable for the purposes of striking a balance between supply and demand; whereas, therefore, the guaranteed total quantities should be reduced by 3 %; whereas this reduction should be carried out in two stages;

Whereas Article 17 of Regulation (EEC) No 804/68 provides that the difference between prices ruling in international trade and prices ruling in the Community may be made up by an export refund;

Whereas, on 20 March 1984, the Commission sent the Council a proposal (5) for fixing the export refunds on a number of agricultural products by tender; whereas the Council has not yet adopted that proposal;

Whereas, for reasons of commercial export policy, it is necessary to provide immediately for the possibility of export refunds to be fixed, by tender, for skimmed-milk powder and butter exported in bulk, in view of the world market situation peculiar to these products,

HAS ADOPTED THIS REGULATION:
