THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 43 thereof,

Having regard to the Act of Accession of Spain and Portugal, and in particular Article 89 (1) and Article 234 (2) thereof,

Having regard to the proposal from the Commission (3),

Having regard to the opinion of the European Parliament (4),

Having regard to the opinion of the Economic and Social Committee (5),

Whereas, when the target prices and intervention prices for colza, rape and sunflower seed are fixed, account should be taken of the objectives of the common agricultural policy and of the contribution which the Community desires to make to the harmonious development of world trade; whereas the objectives of the common agricultural policy are, in particular, to ensure a fair standard of living for the agricultural community, to ensure that supplies are available and that they reach consumers at reasonable prices;

Whereas the intevention price must be fixed in accordance with the criteria laid down in Article 24 (1) of Regulation No 136/66/EEC;

Whereas the prices of colza, rape and sunflower seed must be fixed for specific standard qualities; whereas the latter should be laid down in relation to the average qualities of the seeds harvested in the Community; whereas for colza and rape seed the quality laid down for the 1985/86 marketing year meets these requirements and can accordingly be used for 1986/87; whereas for sunflower seed the quality laid down for the 1985/86 marketing year can be retained for 1986/87, except that the oil content must be increased;

Whereas the supplement to be applied to the target and intervention prices for 'double zero' colza and rape seed must be fixed in accordance with the criteria laid down in Article 24a of Regulation No 136/66/EEC;

Whereas under Articles 68 and 236 of the Act of Accession prices in Spain and Portugal have been set at levels differing from that of the common prices; whereas, pursuant to Article 70 (1) and Article 238 (1) of the Act of Accession, these prices should be aligned on the common prices each year at the beginning of the marketing year,
