of 30 June 1986

fixing the amount of aid for peas and field beans referred to in Article 3 (2) of Regulation (EEC) No 1431/82

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to the Act of Accession of Spain and Portugal,

Having regard to Council Reguation (EEC) No 1431/82 of 18 May 1982 laying down special measures for peas, field beans and sweet lupins [1], as last amended by Regulation (EEC) No 1485/85 [2], and in particular Article 3 (6) (b) thereof,

Having regard to Council Regulation (EEC) No 2036/82 of 19 July 1982 adopting general rules concerning special measures for peas, field beans and sweet lupins [3], as last amended by Regulation (EEC) No 1832/85 [4], and in particular Article 2 (1) thereof,

Whereas, in accordance with Article 3 (2) of Regulation (EEC) No 1431/82, aid is granted for peas and field beans harvested in the Community when the world market price for these products is lower than the guide price; whereas this aid is equal to the difference between the two prices;

Whereas Council Regulation (EEC) No 1464/86 [5] fixed the guide price for peas and field beans for the 1986/87 marketing year; whereas the guide price for Spain and for Portugal applicable from 1 March 1986 was set by Council Regulation (EEC) No 458/86 [6];

Whereas, in accordance with Article 2a of Regulation (EEC) No 1431/82, the guide price is increased monthly as from the beginning of the third month of the marketing year; whereas Council Regulation (EEC) No 1465/86 [7] fixed the amount of these monthly increases;

Whereas pursuant to Articles 121 (3) and 307 (3) of the Act of Accession of Spain and Portugal the aid granted on products harvested and processed in either of these Member States is to be reduced by the customs duties charged by the Member State on peas and field beans imported from third countries;

Whereas under Regulation (EEC) No 2036/82 the world market price for peas and field beans, as referred to in Article 3 (2) of Council Regulation (EEC) No 1431/82, is to be determined on the basis of offers made on the world market, disregarding those which cannot be considered representative of actual market trends; whereas in cases where no offer can be used for determining the world market price, this price is determined from prices recorded on the markets of the principal exporting countries; whereas in cases where no offer either on the world market or on those of the principal exporting countries can be used for determining the world market price this price is fixed at a level equal to the guide price for the products in question;

Whereas, under Commission Regulation (EEC) No 2049/82 of 20 July 1982 [8], as last amended by Regulation (EEC) No 3319/85 [9], and under Regulation (EEC) No 2036/82 and Regulation (EEC) No 1464/86 the average world market price is to be established per 100 kilograms of products in bulk, delivered at Rotterdam, of sound quality; whereas, for the purpose of establishing this price, only the most favourable offers to deliveries closest in distance, excluding those relating to products being transported by ship, are used;

Whereas for offers and prices that do not comply with the conditions laid down above, the necessary adjustments must be made, and in particular those referred to in Article 5 of Regulation (EEC) No 2049/82;

Whereas in cases where aid is fixed in advance its amount is adjusted as specified in Article 6 (3) of Regulation (EEC) No 2036/82;

Whereas, if the aid system is to operate normally, aid amounts should be calculated on the following basis:
