Having regard to Council Regulation (EEC) No 170/83 of 25 January 1983 establishing a Community system for the conservation an management of fishery resources (1), as amended by the Act of Accession of Spain and Portugal, and in particular Article 11 thereof,

Having regard to the proposal from the Commission,

Whereas the Community and the Kingdom of Sweden have initialled an agreement on their mutual fishing rights for 1986 which provides *inter alia* for the allocation of certain catch quotas for Community vessels in Swedish waters; whereas those catch quotas were allocated by Regulation (EEC) No 3725/85 (2);

Whereas, by reason of the accession of Spain and Portugal to the Community, negotiations were conducted with the Kingdom of Sweden with a view to adjusting the 1972 Agreement between that country and the Community;

Whereas the negotiations also enabled an additional agreement to be initialled in the form of an exchange of letters concerning agriculture and fisheries; whereas, under that exchange of letters, the Kingdom of Sweden undertook in particular to grant the Community catch quotas for cod and herring in the Swedish fishing zone in the Baltic Sea, in addition to the fishing possibilities agreed annually under the agreement on fisheries between the Community and the Kingdom of Sweden;

Whereas, under Article 3 of Regulation (EEC) No 170/83, it is for the Council to lay down in particular the specific conditions for taking those catches; whereas, under Article 4 of the said Regulation, the quantity available to the Community is to be distributed among the Member States;

Whereas information about actual catches should be made available in order to ensure that this allocation is respected,
