COMMISSION REGULATION (EEC) No 3098/86

of 10 October 1986

amending Regulations (EEC) No 368/77 and (EEC) No 443/77 on the sale of skimmed-milk powder from public stocks for feed for animals other than young calves

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 804/68 of 27 June 1968 on the common organization of the market in milk and milk products (1), as last amended by Regulation (EEC) No 1335/86 (2), and in particular Article 7 (5),

Whereas point 1 of the Annex to Regulation (EEC) No 368/77 (3), as last amended by Regulation (EEC) No 2872/86 (4), specifies the formulae to be used for the denaturing of skimmed-milk powder; whereas, in the light of experience gained with the application of these formulae, it is apparent that two new formulae should be introduced; whereas Regulation (EEC) No 368/77 should therefore be amended accordingly;

Whereas Commission Regulation (EEC) No 443/77 (5), as last amended by Regulation (EEC) No 2872/86, provides for skimmed-milk powder intended for the same uses to be sold at a fixed price ~~in~~ parallel to the sale by tender provided for in Regulation (EEC) No 368/77; whereas the denaturing or incorporation formulae used under Regulation (EEC) No 443/77 are the same; whereas that Regulation should also be amended;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Milk and Milk Products,
