COUNCIL REGULATION (EEC) No 3233/86

of 21 October 1986

amending Regulation (EEC) No 2778/75 laying down rules for calculating the levy and the sluice-gate price for poultrymeat

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2777/75 of 29 October 1975 on the common organization of the market in poultrymeat [1], as last amended by Regulation (EEC) No 1475/86 [2], and in particular Article 4 (3) and Article 7 (5) thereof,

Having regard to the proposal from the Commission,

Whereas Regulation (EEC) No 2778/75 [3], as last amended by Regulation (EEC) No 1475/86, fixed :

— the quantities of feed grain required for production, in the Community and in third countries, of one kilogram of slaughtered poultry ;

— the standard amount representing other feeding costs and the overhead costs of production and marketing of one kilogram of slaughtered poultry ;

Whereas, for poultrymeat sector products as a whole, examination of the available data on technical performance and overhead costs shows a marked change in both ; whereas the values used for calculating the levy and the sluice-gate price should therefore be altered ;

HAS ADOPTED THIS REGULATION :

Article 1
