COUNCIL REGULATION (EEC) No 3763/86

of 8 December 1986

amending Regulation (EEC) No 2261/84 laying down general rules on the granting of aid for the production of olive oil and of aid to olive oil producer organizations

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 136/66/EEC of 22 September 1966 on the establishment of a common organization of the market in oils and fats [1], as last amended by Regulation (EEC) No 1454/86 [2], and in particular Article 5 (4) thereof,

Having regard to the proposal from the Commission,

Whereas Regulation (EEC) No 2261/84 [3], as last amended by Regulation (EEC) No 3788/85 [4], specifies that for the 1984/85 and 1985/86 marketing years, the olive growers entitled to production aid must be determined on the basis of the quantity of oil actually produced, by applying to the number of olive trees in production the olive yields and oil yields laid down; whereas that Regulation further lays down that other criteria are to be applied from 1986/87; whereas, however, new criteria cannot yet be put forward on the basis of the experience gained so far; whereas the present method should therefore be maintained until the end of the 1986/87 marketing year,

HAS ADOPTED THIS REGULATION:
