COUNCIL REGULATION (EEC) No 3925/86

of 16 December 1986

applying generalized tariff preferences for 1987 to textile products originating in developing countries

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to the proposal from the Commission (1),

Having regard to the opinion of the European Parliament (2),

Having regard to the opinion of the Economic and Social Committee (3),

Whereas in accordance with its offer made within the context of the United Nations Conference on Trade and Development (UNCTAD), the European Economic Community opened generalized tariff preferences, commencing in 1971, with particular reference to finished and semi-finished industrial products from developing countries; whereas the initial 10-year period of application of this system of preferences ended on 31 December 1980;

Whereas the positive role played by this system in improving access for developing countries to the markets of the preference-giving countries was recognized at the ninth session of the UNCTAD Special Committee on Preferences: whereas it was there agreed that the objectives of the generalized preferences system would not be fully attained by the end of 1980, that it should consequently be prolonged beyond the initial period and that an overall review of the system should take place in 1990;

Whereas the Community has therefore decided to apply generalized tariff preferences, in the context of the conclusions agreed in UNCTAD in accordance with the intention expressed in the said Committee, in particular by all the preference-giving countries;

Whereas the temporary and non-binding nature of the system means that the offer can be withdrawn wholly or in part at a later date, thus maintaining the possibility of remedying any unfavourable situations which might arise in the African, Caribbean and Pacific States (ACP States) as a result of the system's implementation;

Whereas, however, most of the preference-giving countries exclude textile products from preferential treatment; whereas, under the Community scheme of generalized preferences, these products have always been covered by special arrangements pursuant to which, for cotton textile and similar products, the preferences were originally granted in the form of duty-free ceilings only to those beneficiaries under the generalized preferences scheme which were signatories to the Long-Term Arrangement regarding International Trade in Cotton Textiles (LTA) or which undertook, *vis-à-vis* the Community, commitments similar to those existing under that Arrangement;

Whereas the Long-Term Arrangement has been replaced from 1980 onwards by the Arrangement regarding International Trade in Textiles (MFA), and the Community has therefore, in the case of products covered by the MFA, reserved preferences in the form of duty-free ceilings, for products originating in those countries or territories which signed Bilateral Agreements, in the framework of the MFA, providing for quantitative limitation of their exports of certain textile products to the Community, or in those countries which undertook similar commitments *vis-à-vis* the Community; whereas, such commitments have been undertaken by Argentina, Bolivia, Chile, Costa Rica, Ecuador, Honduras and Nicaragua; whereas, for these products, it is therefore desirable that the Community should continue to apply the generalized tariff preferences on the basis of the same principles until the expiry of the MFA and the Bilateral Agreements concluded with certain supplier countries; whereas it should be provided that countries and territories accepting the renewal of such agreements or giving such commitments after the date of adoption of this Regulation and before 1 January 1987 will be accorded preferential treatment as from 1 February 1987 in respect of the entire volume provided for in this Regulation; whereas countries and territories which accept the renewal of the said agreements or enter into similar commitments after 1 January 1987 will be accorded preferential treatment from the first day of the second month following the date of commitment, in respect of a volume calculated in proportion to the period of the year from the first day of the month following the date of the commitment until 31 December 1987; whereas, in view of the special nature which trade in the prod-

ucts concerned may have, it would appear that the volumes of preferential imports should be determined in terms of tonnes, pieces, or pairs, as appropriate, by reference to the categories into which products are divided and to a uniform percentage, for each of the categories, of total imports into the Community in 1981; whereas, in order to ensure that each of the countries or territories referred to above has access to the preferential volumes, quotas and separate tariff ceilings for each beneticiary, whether or not allocated among the Member States, should be specified for each category of products;

Whereas for products not covered by the MFA it would appear possible to grant the preferences to the countries or territories which are normally beneficiaries in the other industrial sectors;

Whereas, for jute and coir products, it was understood that the preferences would be granted only where special arrangements had been made with the exporting developing countries; whereas these arrangements have hitherto concerned India and Sri Lanka for coir products, and India and Thailand for jute products; whereas, it would appear desirable to maintain also the preferential advantage to the least-developed countries in respect of jute and coir;

Whereas, in respect of textile products, taking account of the renewal of the MFA and the conclusion of Bilateral Agreements with certain supplier countries or territories, a substantial improvement in the arrangements was noted in 1980; whereas such substantial improvement was only made possible by ensuring that the improvement continued to be compatible with the situation in the Community sector concerned and by ensuring that a better balance was achieved in the distribution of the advantages granted to the beneficiary countries or territories; whereas, whilst taking account of the same preoccupations and on the basis of the same principles, a new improvement was made possible for the 1983 preferential exercise in relation to the volumes opened; whereas an increase in the volumes of certain preferential arrangements was made possible in 1984, 1985 and 1986 by taking the year 1981 as reference year for their calculation;

Whereas, for the products not covered by the MFA, the objectives referred to above may be achieved by providing, in respect of each category of products for tariff quotas and for tariff ceilings (individual for each beneficiary) a level corresponding in general to 28 % of the total volume of imports into the Community in 1980 of the category of products in question from all beneficiaries;

Whereas, in the multilateral trade negotiations, in accordance with paragraph 6 of the Tokyo Declaration, the Community reaffirmed that special treatment should be granted, wherever this is possible, to the least-developed developing countries appearing on the list in Annex V;

Whereas the benefit of such preferential tariff treatment should be reserved for products originating in the countries or territories under consideration, the concept of 'originating products' being determined in accordance with the procedure laid down in Article 14 of Regulation (EEC) No 802/68 (1) ;

Whereas the Community preference arrangements applicable to Yugoslavia for textile products result exclusively from the provisions of the Agreement between the European Economic Community and the Socialist Federal Republic of Yugoslavia (2);

Whereas from 1 March 1986, the Kingdom of Spain and the Portuguese Republic shall apply the Community system of generalized preferences, in compliance with Articles 178 and 365 of the Act of Accession; consequently, the volumes foreseen for the preferential importations have been increased in 1986; whereas the calculation of these increases have been based on past statistics regarding imports into the enlarged Community going back to 1983; whereas the increases thus calculated from the preferential volumes have been differentiated into products covered and not covered by the MFA;

Whereas, consequently, for 1987 the Community should open:

— for each of the categories of products covered by the MFA which are listed in Annex I and for each of the countries and territories specified in column 5 of that Annex, tariff quotas allocated among the Member States and Community tariff ceilings at a zero rate of duty; the limits of the quantities opened are indicated in columns 6 and 7 of the same Annex,

— for each category of products not covered by the MFA shown in Annex II and for each of the countries and territories specified in Annex IV, tariff quotas allocated among the Member States and Community tariff ceilings at a zero rate of duty; the limits of the quantities opened are specified in columns 6 and 7 of the said Annex II,

(1) OJ No L 148, 28. 6. 1968, p. 1.
(2) OJ No L 147, 4. 6. 1981, p. 6; OJ No L 41, 14. 2. 1983.

— in respect of the manufactured jute and coir products listed in Annex III, a total suspension of customs duties for the beneficiary countries specified in column 3 against each of the categories of products shown in column 2;

Whereas, as regards the Community tariff quotas allocated among the Member States:

— it is necessary to guarantee to all importers equal and continuous access to the abovementioned quotas and uninterrupted application of the rates laid down for those quotas to all imports of the products concerned into all Member States until the quotas have been used up,

— having regard to the abovementioned principles, it would appear that the Community nature of the quotas can be respected by allocating them among the Member States,

— the actual charges against the quotas may relate only to goods which are entered for free circulation and are accompanied by a certificate of origin,

— in order to take into account the differentiated increases in the preferential volumes, two fixed scales should be adopted for allocating the quotas concerned, one for products covered by the MFA and the other for the products not covered by the MFA; whereas the calculation of Member States' shares are based on general economic criteria, relating to external trade in textiles; whereas, however, Spain's and Portugal's calculation of shares, in taking into account the low level of imports into these two Member States of textile products and the imminent expiry of the multifibre agreement, is based on past trade regarding the products concerned; whereas on the basis of the two criteria mentioned above, the percentages for the Member States' initial shares are as follows for the year under consideration:

— products covered by the MFA:

Benelux	9,9
Denmark	2,9
Germany (FR)	27,7
Greece	1,9
Spain	1,3
France	17,8
Ireland	0,9
Italy	14,8
Portugal	0,1
United Kingdom	22,7

— products not covered by the MFA:

Benelux	9,7
Denmark	2,9
Germany (FR)	27,2
Greece	1,9
Spain	2,2
France	17,5
Ireland	0,9
Italy	14,5
Portugal	0,9
United Kingdom	22,3

— without affecting the Community nature of the ceilings, it appears possible to provide at this stage for a utilization scheme based on a single allocation among the Member States; whereas, at the present juncture, it appears feasible that such allocation could, in general, be made according to the percentages set out in the table above;

Whereas, as regards the Community tariff ceilings the objectives sought may be achieved by applying a method of administration based on the charging, at Community level, of imports of the products in question against the ceilings as and when these products are entered for free circulation and are accompanied by a certificate of origin; whereas this method of administration must make provision for the reintroduction of the levying of customs duties as soon as the said ceilings are reached at Community level;

Whereas the methods of administration for the products listed in Annexes I and II call for close and particularly rapid cooperation between Member States and the Commission, which must, in particular, be able to keep under observation the extent to which charges are made against the quotas and the ceilings and inform Member States thereof; whereas such cooperation should be particularly close in view of the need for the Commission to be able to take appropriate measures to reintroduce customs duties, when any of the ceilings is reached at Community level;

Whereas, having regard to the rules applying to the repayment or remission of import or export duties, and in particular to Council Regulation (EEC) No 1430/79 [1] and Commission Regulation (EEC) No 3040/83 [2], a procedure should be laid down to regularize imports actually made within the preferential tariff limits opened under this Regulation and thus provision should be made for the Commission to be able to take appropriate measures; whereas in order to avoid such regularization causing excessive tariff ceiling overruns, provision should at the same time be made for the Commission to be able to terminate set-offs;

Whereas it is necessary to establish complete statistics on imports admitted in accordance with the provisions of this Regulation and to apply to the collection, preparation and transmission of these statistics Council

Regulations (EEC) No 1445/72 (1), (EEC) No 3065/75 (2) and (EEC) No 1736/75 (3);

Whereas, since the Kingdom of Belgium, the Kingdom of the Netherlands and the Grand Duchy of Luxembourg are united within and jointly represented by the Benelux Economic Union, any measure concerning the administration of the shares allocated to that economic union may be carried out by any one of its members,

HAS ADOPTED THIS REGULATION:

Article 1

1. From 1 January to 31 December 1987, the Common Customs Tariff duties shall be:

— totally suspended in respect of the jute and coir products listed in Annex III,

— totally suspended within the framework of tariff quotas and Community tariff ceilings in respect of the products listed in Annexes I and II.

Spain and Portugal shall apply on the imports of products referred to above the customs duties established in accordance with Articles 178 and 365 of the 1985 Act of Accession.

2. The arrangements laid down in paragraph 1 shall apply only in respect of products originating in the countries and territories:

— specified individually in column 5 of Annex I or listed in Annex V,

— listed in Annex IV, as regards the products listed in Annex II,

— listed in column 3 of Annex III against each of the categories of products specified in column 2.

3. Preferential entry as provided for in this Regulation shall be subject to conformity with the definition of the origin of products determined under the procedure laid down in Article 14 of Regulation (EEC) No 802/68. However, the Community preference arrangements applicable in respect of Yugoslavia shall derive exclusively from the provisions of the Agreement between the Community and Yugoslavia.

4. With regard to carpets, carpeting and rugs of wool or fine animal hair falling within subheading 58.01 A II of the Common Customs Tariff, the certificates of origin for these products shall state the number of knots per metre of warp.

5. The quotas and ceilings shall be administered in accordance with the following provisions.

SECTION I

Provisions concerning the administration of the Community tariff ceilings

Article 2

Subject to Articles 3 and 4, preferential tariff treatment shall be accorded for each category of products subjected in Annexes I and II to individual ceilings within the limits of the quantities specified in column 7 of Annexes I and II respectively, to certain or each of the countries or territories of origin listed in column 5 of those Annexes.

Article 3

As soon as the individual ceilings determined in accordance with Article 2 are reached at the Community level, the levying of customs duties on imports of the products in question originating in each of the countries or territories concerned may at any time be reintroduced until the end of the period referred to in Article 1 (1).

Article 4

The Commission shall reintroduce, by means of a Regulation, the levying of customs duties in respect of any one of the countries and territories referred to in Article 1 (2), under the conditions laid down in Article 3.

In the case of such a reintroduction, Spain and Portugal shall reintroduce the levying of customs duties that they shall apply to third countries on the date in question.

By means of a Regulation, the Commission may, even after 31 December 1987, take measures to stop quantities being charged against one or other preferential tariff limit, if, particularly as a result of regularizations of imports actually made during the period referred to in Article 1 (1), these limits are exceeded.

The Member State which initiates such regularizations shall communicate to the Commission as and when the figures of import charges relating thereto. The Commission, on receiving these communications, shall inform the other Member States thereof.

(2) OJ No L 307, 27. 11. 1975, p. 1.
(3) OJ No L 183, 14. 7. 1975, p. 3.

SECTION II

Provisions concerning the administration of the Community tariff quotas allocated among Member States

Article 5

The total suspension of customs duties within the framework of the Community tariff quotas allocated among the Member States, referred to in Article 1 (1), concerns the categories of products in Annexes I and II, for each of which the volume of the quota is specified individually in column 6 of those Annexes with regard to certain beneficiary countries or territories of origin listed in column 5 of the same Annexes.

Article 6

1. The individual Community tariff quotas referred to in Article 5 shall be allocated in accordance with the following scales:

— products covered by the MFA:

Benelux	9,9
Denmark	2,9
Germany	27,7
Greece	1,9
Spain	1,3
France	17,8
Ireland	0,9
Italy	14,8
Portugal	0,1
United Kingdom	22,7,

— products not covered by the MFA:

Benelux	9,7
Denmark	2,9
Germany	27,2
Greece	1,9
Spain	2,2
France	17,5
Ireland	0,9
Italy	14,5
Portugal	0,9
United Kingdom	22,3.

2. Each Member State shall determine its own share by applying the appropriate percentage to the volumes indicated in column 6 of Annexes I and II, rounding up the result to the next higher unit (kilogram, piece or pair) if necessary.

Article 7

Member States shall take all measures necessary to ensure that importers of the products concerned have free access to the shares allocated to them.

Article 8

By 29 February 1988 at the latest, Member States shall notify the Commission of the final total of the quantities charged and any balance of shares still unused at 31 December 1987. Up to the limit of the balance remaining, and at the request of the Member States, the Commission shall authorize the Member States to make any necessary regularization of the quantities charged against imports actually made during the period referred to in Article 1 (1). The Commission shall inform the other Member States thereof.

SECTION III

General provisions

Article 9

Articles 3, 4 and 5 shall not apply to the countries listed in Annex V.

Article 10

1. Imports of the products in question shall be charged against the national shares of Member States and the Community ceilings as and when the products are entered for free circulation and are accompanied by a certificate of origin pursuant to the rules referred to in Article 1 (3).

2. Goods may be charged against a ceiling or admitted under a national quota share only if the certificate of origin referred to in paragraph 1 is presented before the date on which the levying of duties is reintroduced.

3. The extent to which the tariff quotas and Community ceilings have been used up shall be determined at Community level on the basis of the imports charged in accordance with paragraphs 1 and 2.

Article 11

1. The Member States shall, within six weeks of the end of each quarter at the latest, forward to the Statistical Office of the European Communities the relevant statistical data for the products entered for free circulation in the quarter concerned under generalized preferential treatment in accordance with the provisions of the present Regulation. This data, transmitted according to the headings of the nomenclature of goods for external trade statistics of the Community and statistics of trade between Member States (NIMEXE), shall show the country of origin, value, quantity and any supplementary units as defined by Regulation (EEC) No 1736/75.

2. However, in the case of products subject to quotas, the Member States shall, by the 11th day of each month at the latest, forward to the Commission the list of charges effected during the previous month. In the case of products subject to ceilings, the Member States shall forward to the Commission, at its request and under the same conditions, the list of charges effected during the previous month.

At the Commission's request, when the level of 75% of the non-allocated ceiling is reached, the Member States shall forward to the Commission the lists of charges every 10 days; these lists shall be forwarded within five days from the end of each 10-day period.

3. The Commission shall ensure the publication in the *Official Journal of the European Communities* (C series) the tariff ceilings as and when they reach 100% utilization.

It shall see that the Statistical Office of the European Communities ensures the publication of the annual state of import charges.

Article 12

The Member States and the Commission shall cooperate closely to ensure compliance with this Regulation.

Article 13

This Regulation shall enter into force on 1 January 1987.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 16 December 1986.

For the Council

The President

G. HOWE
