COUNCIL REGULATION (EEC) No 3929/86

of 16 December 1986

opening, allocating and providing for the administration of a Community tariff quota for frozen beef and veal falling within subheading 02.01 A II b) of the Common Customs Tariff (1987)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Articles 43 and 113 thereof,

Having regard to the proposal from the Commission (1),

Having regard to the opinion of the European Parliament (2),

Whereas, in the context of the General Agreement on Tariffs and Trade (GATT), the Community has undertaken to open, at a duty of 20 %, an annual Community tariff quota of 50 000 tonnes of frozen beef and veal falling within subheading 02.01 A II b) of the Common Customs Tariff, expressed as boned or boneless meat; whereas, therefore, this tariff quota should be opened for 1987;

Whereas, under the terms of Article 75 (2) (a) of the 1985 Act of Accession, the Kingdom of Spain has, since 1 March 1986, been applying Common Customs Tariff duties; whereas provision should therefore be made for an allocation for this Member State in respect of the quota period under consideration; whereas, since the Portuguese Republic is authorized, under Article 282 of the 1985 Act of Accession, to postpone, until the beginning of the second stage, the progressive application to imports of preferences granted, unilaterally or by agreement, by the Community to certain third countries, no such allocation is to be provided for this Member State;

Whereas, in particular, equal and continuous access to the quota should be ensured for all persons concerned in the Community and the rate laid down for the tariff quota should be applied consistently in all Member States to all imports of the product in question until the quota is used up; whereas a system of utilization of the Community tariff quota, based on an allocation between the Member States concerned, would, in the light of the principles outlined above, appear consistent with the Community nature of the quota; whereas, in order to arrive at a fair allocation between the Member States and to represent as closely as possible the actual market trends in the product in question, the said allocation should be proportionate to the requirements of the Member States calculated with reference to statistical data on imports from third countries during a representative reference period and to the economic prospects for the quota year in question;

Whereas, pursuant to Article 8 (4) of Commission Regulation (EEC) No 3183/80 of 3 December 1980 laying down common detailed rules for the application of the system of import and export licences and advance fixing certificates for agricultural products (3), as last amended by Regulation (EEC) No 2666/82 (4), import licences authorize the importation of a quantity exceeding by 5 % the quantity indicated therein; wherein, however, the levy provided for in Article 12 of Council Regulation (EEC) No 805/68 of 27 June 1968 on the common organization of the market in beef and veal (5), as last amended by Regulation (EEC) No 3768/85 (6), should be applied to any quantity exceeding that indicated in the licence;

Whereas, since the tariff quota in question is relatively small, it ought to be possible to provide for a system of allocation based on a single apportionment between the Member States, without thereby derogating from its Community nature; whereas it appears best to leave to each Member State the choice of a management system for its share of the quota, so that it may ensure an allocation which is appropriate from an economic viewpoint;

Whereas, since the Kingdom of Belgium, the Kingdom of the Netherlands, and the Grand Duchy of Luxembourg are jointly represented by the Benelux Economic Union, any operation concerning the administration of the quota shares allocated to that economic union may be carried out by any one of its members;

Whereas the possibility should be provided for whereby quantities which have not been used up may be apportioned by the Council,

HAS ADOPTED THIS REGULATION:

Article 1
