COUNCIL REGULATION (EEC) No 4034/86

of 22 December 1986

fixing, for certain fish stocks and groups of fish stocks, the total allowable catches for 1987 and certain conditions under which they may be fished

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to the Act of Accession of Spain and Portugal and in particular Articles 161, 164, 165, 349 and 352 thereof,

Having regard to Council Regulation (EEC) No 170/83 of 25 January 1983 establishing a Community system for the conservation and management of fishery resources (1), and in particular Article 11 thereof,

Having regard to the proposal from the Commission,

Whereas, under the terms of Article 2 of Regulation (EEC) No 170/83 it is incumbent upon the Council to formulate, in the light of the available scientific advice and, in particular, of the report prepared by the Scientific and Technical Committee for Fisheries, the conservation measures necessary to achieve the aims set out in Article 1 of the same Regulation;

Whereas, under the terms of Article 3 of Regulation (EEC) No 170/83 it is incumbent upon the Council to establish the total allowable catches (TAC) by stock or group of stocks, the share available for the Community and also the specific conditions under which the catches must be made; whereas, in order to ensure effective management, the TACs available for the Community in 1987 should be fairly allocated among the Member States in accordance with Article 4 of the same Regulation;

Whereas, in order to ensure the protection of fishing grounds and fish stocks and the balanced exploitation of the resources of the sea, in the interests of both fishermen and consumers, there should be fixed, each year for the different species of which the catches must be restricted, a TAC per stock or group of stocks and the share of these catches available to the Community taking into account its commitments to third countries;

Whereas Article 161 of the Act of Accession fixes the share of the TACs to be allocated to Spain for certain stocks in certain zones;

Whereas Article 164 of the Act of Accession establishes the activities which may be carried out under certain circumstances by vessels flying the flag of Member States, with the exception of Spain and Portugal, in the waters of the Atlantic Ocean falling under the sovereignty or within the jurisdiction of Spain and covered by the International Council for the Exploration of the Sea (ICES);

Whereas Article 165 of the Act of Accession establishes the activities which may be carried out under certain circumstances by vessels flying the flag of Portugal in the waters falling under the sovereignty or within the jurisdiction of Spain and covered by ICES and the Fishery Committee for the Eastern Central Atlantic (CECAF);

Whereas Article 349 of the Act of Accession establishes certain fishing possibilities under certain conditions for vessels flying the flag of Portugal in the waters falling under the sovereignty or within the jurisdiction of Member States, with the exception of Spain and Portugal, and covered by ICES;

Whereas Article 352 of the Act of Accession establishes the activities which may be carried out under certain conditions by vessels flying the flag of Spain and listed and/or registered in a port situated in the territory to which the Common Fisheries Policy applies in the waters falling under the sovereignty or within the jurisdiction of Portugal and covered by ICES and CECAF;

Whereas, in conformity with the procedure provided for in Article 2 of the fisheries agreement between the European Economic Community and the Kingdom of Norway (2), Article 2 of the fisheries agreement between the European Economic Community and the Kingdom of Sweden (3), and Article 2 of the fisheries agreement between the European Economic Community and the government of Denmark and the local government of the Faroe Islands (4), the parties have consulted on their reciprocal fishing rights for 1987;

Whereas these bilateral consultations have been successfully concluded and whereas, as a result, it is

(1) OJ No L 24, 27. 1. 1983, p. 1.

(2) OJ No L 226, 29. 8. 1980, p. 48.
(3) OJ No L 226, 29. 8. 1980, p. 2.
(4) OJ No L 226, 29. 8. 1980, p. 12.

possible to fix the TACs, the Community shares and the quotas for certain joint and autonomous stocks, of which part is allocated to Norway, Sweden and the Faroe Islands;

Whereas trilateral consultations with Norway and Sweden concerning reciprocal fishing rights in the Skagerrak and the Kattegat have been concluded and whereas it is possible, in consequence, to fix definitively the TACs and the Community shares available for the stocks in these areas;

Whereas, the Community has signed the United Nations Convention on the Law of the Sea, which contains principles and rules relating to the conservation and management of the living resources of the sea;

Whereas, in the framework of its wider international obligations, the Community participates in efforts to conserve fish stocks arising in international waters; whereas the extent to which such stocks are fished by vessels of the Community should be viewed in the light of overall fishing activity and the contribution made hitherto by the Community towards their conservation should be taken into account;

Whereas, in order to ensure effective management, the TACs available for the Community in 1987 should be distributed among the Member States in a manner which assures relative stability of fishing activities;

Whereas, in the case of certain stocks fished mainly for reduction to meal and oil, it does not appear necessary to make quota allocations;

Whereas, taking account of the latest scientific advice, it is necessary to establish seasonal limitations on certain fishing activities in the North Sea in order to limit fishing on juvenile cod;

Whereas, it is necessary to modify the descriptions of the zones for certain stocks;

Whereas, in order to ensure effective management of these TACs, the specific conditions under which fishing operations occur should be established;

Whereas the International Baltic Sea Fishery Commission has recommended TACs for the stocks of herring and sprat occurring in the waters of the Baltic Sea and the shares thereof for each contracting party; whereas the Community share of the stock of cod should apply to the whole of the Baltic Sea;

Whereas it is necessary to change the periods during which fishing for herring in the Irish Sea is prohibited in order to allow better economic utilization of the quotas,

HAS ADOPTED THIS REGULATION:

Article 1

This Regulation fixes for 1987, for certain fish stocks and groups of fish stocks, TACs per stock or group of stocks, the share of these catches available to the Community, the allocation of that share among Member States and the specific conditions under which these stocks may be fished (1).

For the purposes of this Regulation, the Skagerrak is bounded on the west by a line drawn from the Hanstholm lighthouse to the Lindesnes lighthouse and on the south by a line drawn from the Skagen lighthouse to the Tistlarna lighthouse and from this point to the nearest point on the Swedish coast.

For the purposes of this Regulation, the Kattegat is bounded on the north by a line drawn from the Skagen lighthouse to the Tistlarna lighthouse and from this point to the nearest point on the Swedish coast and on the south by a line drawn from Hasenøre to Gnibens Spids, from Korshage to Spodsbjerg and from Gilbjerg Hoved to Kullen.

Article 2

TACs for stocks or groups of stocks to which Community rules apply and the share of these catches available to the Community are hereby fixed for 1987 as set out in Annex I.

Article 3

The allocation among the Member States of the share available to the Community of the TACs mentioned in the preceding article is fixed in Annex II.

This allocation shall be without prejudice to exchanges made under Article 5 (1) of Regulation (EEC) No 170/83 and re-allocations made under Article 10 (4) of Council Regulation (EEC) No 2057/82 (2) as last modified by Regulation (EEC) No 4027/86 (3).

Article 4

As regards the herring stock of the North Sea and of the eastern English Channel, transfers of up to 25 % of the quotas may be effected from ICES divisions IV c and VII d to ICES division IV b.

However, such transfers must be notified in advance to the Commission.

---

(1) The definition of the ICES areas referred to in this Regulation is given in the Commission communication (OJ No C 347, 31. 12. 1985, p. 14).
(2) OJ No L 220, 29. 7. 1982, p. 1
(3) See page 4 of this Official Journal.

Article 5

1. It shall be prohibited to retain on board or to land catches from stocks for which TACs or quotas are fixed unless:

(i) the catches have been taken by vessels of a Member State having a quota and that quota is not exhausted, or

(ii) the share of the TAC available to the Community (Community share) has not been allocated by quota among Member States and the Community share has not been exhausted, or

(iii) for all species other than herring and mackerel, they are mixed with other species and have been taken with nets whose mesh size is 32 millimetres or less in Regions 1 and 2 or 40 millimetres or less in Region 3 in accordance with Article 2 (1) of Regulation (EEC) No 3094/86 [1] are not sorted either on board or on landing, or

(iv) for herring, they are within the limits of paragraph 2, or

(v) for mackerel, they are mixed with horse-mackerel or pilchard and the mackerel does not exceed 10 % of the total weight of mackerel, horse-mackerel and pilchard on board and the catches are not sorted, or

(vi) they are caught during the course of scientific investigations carried out under Regulation (EEC) No 3094/86.

All landings shall count against the quota, or, if the Community share has not been allocated between Member States by quotas, against the Community share, except for catches made under the provisions of (iii), (iv), (v) and (vi).

2. When fishing with nets whose mesh size is 32 millimetres or less in Regions 1 and 2 other than the Skaggerak and the Kattegat and with nets whose mesh size is 40 millimetres or less in Region 3, it shall be prohibited to retain on board catches of herring mixed with other species unless such catches are not sorted and unless the herring, if mixed with sprat only, does not exceed 10 % by weight of the total weight of herring and sprat combined.

When fishing with nets whose mesh size is 32 millimetres or less in Regions 1 and 2 and with nets whose mesh size is 40 millimetres or less in Region 3, it shall be prohibited to retain on board catches of herring mixed with other species unless such catches are not sorted and unless the herring, if mixed with other species whether or not including sprat, does not exceed 5 % by weight of the total weight of the herring and other species combined.

[1] OJ No L 288, 11. 10. 1986, p. 1.

3. The determination of the percentage of by-catches and their disposal shall be made in accordance with Article 2 of Regulation (EEC) No 3094/86.

Article 6

1. Fishing for herring shall be prohibited from 1 July to 31 October 1987 within the area bounded by the following coordinates:

— the west coast of Denmark at 55°30′ N,

— latitude 55°30′ N, longitude 7°00′ E,

— latitude 57°00′ N, longitude 7°00′ E,

— the west coast of Denmark at 57°00′ N.

2. Fishing for herring shall be prohibited in the zone extending from six to 12 miles off the east coast of the United Kingdom as measured from the baselines between latitudes 54°10′ N and 54°45′ N for the period 15 August to 30 September and between latitudes 55°30′ N and 55°45′ N for the period 15 August to 15 September.

3. Fishing for herring shall be prohibited throughout the year in the Irish Sea (ICES Division VII a) in the maritime area between the west coasts of Scotland, England and Wales and a line drawn 12 miles from the baselines of these coasts bounded to the south by latitude 53°20′ N and to the north-west by a line drawn between the Mull of Galloway (Scotland) and the Point of Ayr (Isle of Man).

4. Fishing for herring shall be prohibited from 21 September to 31 December 1987 in the parts of the Irish Sea (ICES division VII a) bounded by the following coordinates:

(a) — the east coast of the Isle of Man, at latitude 54°20′ N,
— latitude 54°20′ N, longitude 3°40′ W,
— latitude 53°50′ N, longitude 3°50′ W,
— latitude 53°50′ N, longitude 4°50′ W,
— the south-west coast of the Isle of Man at longitude 4°50′ W;

(b) — the east coast of Northern Ireland at latitude 54°15′ N,
— latitude 54°15′ N, longitude 5°15′ W,
— latitude 53°50′ N, longitude 5°50′ W,
— the east coast of Ireland at latitude 53°50′ N.

Fishing for herring shall be prohibited throughout 1987 in Logan Bay (defined as being the waters east of a line drawn from the Mull of Logan, situated at latitude 54°44′ N and longitude 4°59′ W, to Laggantalluch Head, situated at latitude 54°41′ N and longitude 4°58′ W).

5. By derogation from paragraph 4, vessels with a length not exceeding 40 feet based in ports situated on the east coast of Ireland and Northern Ireland between latitudes

53°00′ N and 55°00′ N may fish for herring in the prohibited area described in paragraph 4 (b). The only method of fishing authorized shall be drift netting with nets of a minimum mesh size of 54 millimetres.

6. The areas and periods described in this Article may be altered in accordance with the procedure laid down in Article 14 of Regulation (EEC) No 170/83.

Article 7

1. Fishing for sprat with trawls of mesh size less than 32 millimetres shall be prohibited:

(a) for all vessels of overall length of 25 metres or above:
- in the Skagerrak, from 1 January to 31 October,
- in the Kattegat, from 1 January to 31 December;

(b) for all vessels of overall length less than 25 metres fishing in either the Skagerrak or the Kattegat:
- from 1 January to 31 August.

2. Fishing for sprat shall be prohibited:

(a) from 1 July to 31 October 1987 within the area bounded by the following coordinates:
- the west coast of Denmark at 55°30′ N,
- latitude 55°30′ N, longitude 7°00′ E,
- latitude 57°00′ N, longitude 7°00′ E,
- the west coast of Denmark at 57°00′ N;

(b) in ICES statistical rectangle 39E8 form 1 January to 31 March 1987 and from 1 October to 31 December 1987. For the purposes of this Regulation this ICES rectangle is bounded by a line running due east from the east coast of England along latitude 55°00′ N to longitude 1°00′ W, due north to latitude 55°30′ N and due west to the English coast;

(c) in the inner waters of the Moray Firth west of longitude 3°30′ W and in the inner waters of the Firth of Forth west of longitude 3°00′ W from 1 January to 31 March 1987 and from 1 October to 31 December 1987.

3. The areas and periods described in this Article may be altered in accordance with the procedure laid down in Article 14 of Regulation (EEC) No 170/83.

Article 8

Trawling and purse seining for mackerel, sprat and herring shall be prohibited in the Skagerrak from Saturday midnight to Sunday midnight and in the Kattegat from Friday midnight to Sunday midnight.

Article 9

1. It shall be prohibited to use any trawl, Danish seine or similar towed net from 1 January 1987 to 31 March 1987 and from 1 October 1987 to 31 December 1987 in the geographical area bounded by a line joining the following coordinates:
- a point on the west coast of Denmark at latitude 55°00′ N,
- latitude 55°00′ N, longitude 7°00′ E,
- latitude 54°30′ N, 7°00′ E,
- latitude 54°30′ N, 6°00′ E,
- latitude 53°00′ N, 6°00′ E,
- latitude 53°00′ N, longitude 4°00′ E,
- a point on the coast of the Netherlands at longitude 4°00′ E.

2. By derogation from paragraph 1 it shall be permitted to use any trawl, Danish seine or similar towed net in the areas described in paragraph 1 provided that the mesh size is equal to or greater than 100 millimetres.

3. By derogation from paragraph 1 it shall be permitted to fish for shrimps *(Crangon crangon)* in the areas described in paragraph 1 provided that the catch on board or on landing does not contain more than 1 % by weight of cod, calculated as a percentage of the total weight of all species on board.

Article 10

This Regulation shall enter into force on the day of its publication in the *Official Journal of the European Communities*.

It shall apply with effect from 1 January 1987.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 22 December 1986.

For the Council

The President

G. SHAW

Herring	VII e, f	500 (*)	500
Herring	VII g to k [13]	18 000 (*)	18 000
Capelin	II b		0 [14]
Atlantic salmon	III b, c, d (EC zone)	870 (*)	870

Footnotes:

[1] Fishing may take place only after allocation to Member States by amendment of this Regulation.
[2] Excluding an estimated 3 500 tonnes of industrial by-catch.
[3] Excluding an estimated 20 000 tonnes of industrial by-catch.
[4] Excluding catches taken by Norway in the Norwegian fjords west of Lindesnes.
[5] Includes all by-catches of all other species which are caught when fishing for sprat and which are landed unsorted, notwithstanding Article 5 (2) of this Regulation and Article 5 (1) and (2) of Council Regulation (EEC) No 3094/86 of 7 October 1986 (OJ No L 288, 11. 10. 1986, p. 1).
[6] Excluding flat-rate quantities.
[7] Fishing for prawn *Penaeus subtilis* and *Penaeus brasiliensis* is prohibited in waters less than 30 metres deep.
[8] Blackwater stock: reference is to the herring stock in the maritime region of the Thames Esturary between Felixstowe and North Foreland within six miles from the United Kingdom baselines.
[9] Reference is to the herring stock in ICES division VI a, north of 56°00′ N and in that part of VI a which is situated east of 07°00′ W and north of 55°00′ N, excluding the Clyde as defined in footnote 11 of Annex I.
[10] Reference is to the herring stock in ICES division VI a, south of 56°00′ N and west of 7°00′ W.
[11] Clyde stock: reference is to the herring stock in the maritime area situated to the north-east of a line drawn between Mull of Kintyre and Corsewall Point.
[12] ICES VII is reduced by the area added to the Celtic Sea bounded:
— to the north by latitude 52°30′ N,
— to the south by latitude 52°00′ N,
— to the west by the coast of Ireland,
— to the east by the coast of the United Kingdom.
[13] Increased by zone bounded:
— to the north by latitude 52°30′ N,
— to the south by latitude 52°00′ N,
— to the west by the coast of Ireland,
— to the east by the coast of the United Kingdom.
[14] Without prejudice to the Community rights and subject to revision in the light of scientific advice.
(*) Precautionary TAC.
