COUNCIL REGULATION (EEC) No 4045/86

of 22 December 1986

opening, allocating and providing for the administration of Community tariff quotas for new potatoes and avocados, falling within subheadings 07.01 A II and 08.01 D of the Common Customs Tariff and originating in the Canary Islands (1987)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Act of Accession of Spain and Portugal [1], and in particular Article 4 of Protocol 2 annexed thereto,

Having regard to the proposal from the Commission,

Whereas the Treaty and the acts of the Institutions of the European Communities apply to the Canary Islands according to the conditions provided for in Article 25 of the Act of Accession and in Protocol 2 annexed to the said Act;

Whereas, according to Article 4 of Protocol 2 annexed to the Act of Accession, new potatoes and avocados falling within subheadings 07.01 A II and 08.01 D respectively of the Common Customs Tariff and originating in the Canary Islands qualify, on import into the customs territory of the Community, for reduced duties within the limits of Community tariff quotas; whereas the quota volumes amount to:

— 6 642 tonnes for new potatoes falling within subheading 07.01 A II of the Common Customs Tariff for the period 1 January to 30 June,

and

— 2 060 tonnes for avocados falling within subheading 08.01 D of the Common Customs Tariff for the period 1 January to 31 December;

Whereas, when the said products are imported into that part of Spain which is included in the customs territory of the Community, they qualify for exemption from customs duties and are not subject to compliance with the reference price; whereas, when the said products are imported into Portugal, the quota duties applicable are to be calculated on the basis of the relevant provisions of the Act of Accession; whereas, when the said products are released for free circulation in the remainder of the customs territory of the Community, they qualify for the progressive reduction of customs duties according to the same timetable and under the same conditions as those provided for in Article 75 of the Act of Accession; whereas, to qualify for the tariff quota, the products in question have to comply with certain marking and labelling conditions designed to prove their origin; whereas the Community tariff quotas should therefore be opened for the periods in question, with the validity of this Regulation being limited, however, to the period 1 January to 31 March 1987, which precedes the entry into force of the definitive tariff regime to be adopted in this field, whereas, therefore, provision should be made for the quantities imported under this Regulation to be deducted from the quota volume amounts adopted under the definitive regime;

Whereas it is in particular necessary to ensure for all Community importers equal and uninterrupted access to the abovementioned quotas and uninterrupted application of the rates laid down for these quotas to all imports of the products concerned into all Member States until the quotas have been used up; whereas, having regard to the principles mentioned above, the Community nature of the quotas can be respected by allocating the Community tariff quotas among the Member States; whereas, in order to reflect as accurately as possible the true trend of the market in the products in question, such allocation should be in proportion to the requirements of the Member States, calculated by reference to the statistics for imports of the products concerned originating in the Canary Islands over a representative reference period and also to the economic outlook for the quota period in question;

Whereas, during the last three years for which statistics are available, imports into each of the Member States were as follows:

[1] OJ No L 302, 15. 11. 1985, p. 23.

(in tonnes)

Whereas in the last three years the products in question were imported regularly only by certain Member States and not at all or only occasionally by the other Member States; whereas, under these circumstances, in the first phase, initial shares should be allocated to the genuine importing Member States and the other Member States should be guaranteed access to the benefit of the tariff quotas when imports actually take place in the latter; whereas these arrangements for allocation will equally ensure the uniform application of the Common Customs tariff;

Whereas, in order to take into account import trends for the products concerned in the various Member States, each quota should be divided into two instalments, the first being shared among certain Member States and the second constituting a reserve to cover the subsequent requirements of these Member States where they have used up their initial shares and any additional requirements which might arise in the other Member States; whereas, in order to give importers in each Member State a certain degree of security, the first instalment of the Community quotas should, under the circumstances, be fixed at 80 % respectively of the quota volumes;

Whereas, the Member States' initial shares may be used up at different times; whereas, in order to take this fact into account and avoid any break in continuity, any Member State which has almost used up its initial quota shares should draw an additional share from the corresponding reserve; whereas this must be done by each Member State as and when each of its additional shares is almost used up, and repeated as many times as the reserve allows; whereas the initial and additional shares must be valid until the end of the quota period; whereas this method of administration requires close cooperation between the Member States and the Commission and the latter must be in a position to monitor the extent to which the quota amounts have been used up and to inform Member States thereof;

Whereas, since the Kingdom of Belgium, the Kingdom of the Netherlands and the Grand Duchy of Luxembourg are united within and jointly represented by the Benelux Economic Union, any operation relating to the administration of the quota shares allocated to that economic union may be carried out by any of its members,

HAS ADOPTED THIS REGULATION:

Article 1

1. (a) From 1 January to 31 March 1987 on import into the Community the customs duties applicable for the following products shall be suspended at the levels and within the limits of Community tariff quotas as follows:

Order No	CCT heading No	Description	Quota volume (tonnes)	Quota duties (%)
09.0413	07.01 A II	New potatoes, originating in the Canary Islands	6 642	11,2
09.0415	08.01 D	Avocados, originating in the Canary Islands	2 060	3

(b) Where the said products are imported into that part of Spain which is included in the customs territory of the Community, they shall qualify for exemption from customs duties and are not subject to compliance with the reference price.

(c) Within the limits of these tariff quotas, the Portuguese Republic shall apply customs duties calculated according to the relevant provisions of the Act of Accession and the Regulations relating thereto.

2. Without prejudice to the other provisions applicable as regards quality standards, products covered by this Regulation cannot qualify under the tariff quotas unless, when they are presented to the authorities responsible for the import formalities for the purposes of release into free circulation in the customs territory of the Community, they are presented in packaging which bears the words 'Canary Islands', or the equivalent thereof in another official Community language, in a clearly visible and perfectly legible form.

3. The quantities imported under the tariff quotas referred to in paragraph 1 shall be deduced from the annual quota volume amounts adopted under the definitive tariff regime which will come into force on 1 April 1987.

Article 2

1. The tariff quotas laid down in Article 1 shall be divided into two instalments.

2. A first instalment of each tariff quota shall be allocated among certain Member States; the respective shares which shall be valid until 31 March 1987 shall amount to the quantities indicated below:

(a) new potatoes of subheading 07.01 A II:

Benelux	25 tonnes,
Denmark	85 tonnes,
Spain	660 tonnes,
United Kingdom	4 540 tonnes,

(b) avocados of subheading 08.01 D:

Benelux	10 tonnes,
Germany	5 tonnes,
Spain	1 085 tonnes,
France	80 tonnes,
United Kongdom	470 tonnes.

3. The second instalment of each quota, i.e. respectively:

— 1 332 tonnes for new potatoes of subheading 07.01 A II,

and

— 410 tonnes for avocados of subheading 08.01 D,

shall constitute the corresponding Community reserve.

4. If an importer notifies the imminent import of the product in question into the other Member States and requests the benefit of the quota, the Member State concerned shall inform the Commission and draw an amount corresponding to these requirements to the extent that the available balance of the reserve so permits.

Article 3

1. If 90 % or more of a Member States' initial share as specified in Article 2 (2) has been used up, then, to the extent permitted by the amount of the reserve, that Member State shall forthwith, by notifying the Commission, draw a second share equal to 10 % of its initial share, rounded up where necessary to the next unit.

2. If, after one of its initial shares has been used up, 90 % or more of the second share drawn by a Member State has been used up, then that Member State shall, in accordance with the conditions laid down in paragraph 1, draw a third share equal to 5 % of its initial share, rounded up where necessary to the next unit.

3. If, after one of its second shares has been used up, 90 % or more of the third share drawn by a Member State has been used up, that Member State shall, in accordance with the conditions laid down in paragraph 1, draw a fourth share equal to the third.

This process shall continue until the reserve is used up.

4. By way of derogation from paragraphs 1, 2 and 3, a Member State may draw shares smaller than those fixed in those paragraphs if there is reason to believe that they might not be used up. It shall inform the Commission of its reasons for applying this paragraph.

Article 4

Each of the additional shares drawn pursuant to Article 3 shall be valid until 31 March 1987.

Article 5

The Commission shall keep an account of the shares opened by the Member States pursuant to Articles 2 and 3 and, as soon as it is notified, shall inform each State of the extent to which the reserves have been used up.

It shall ensure that the drawing which exhausts any reserve does not exceed the balance available and, to this end, shall

notify the amount of that balance to the Member State making the last drawing.

Article 6

1. The Member States shall take every measure necessary to ensure that additional shares drawn pursuant to Article 3 are opened in such a way that imports may be charged without interruption against their accumulated shares of the tariff quota.

2. The Member States shall ensure that importers of the products in question have free access to the shares allocated to them.

3. The Member States shall charge imports of the products in question against their shares as and when the products are entered with the customs authorities for free circulation.

4. The extent to which a Member State has used up its shares shall be determined on the basis of the imports charged against shares under the conditions provided for in paragraph 3.

Article 7

At the Commission's request, the Member States shall inform it of imports of the products concerned actually charged against their shares.

Article 8

The Member States and the Commission shall cooperate closely to ensure that this Regulation is complied with.

Article 9

This Regulation shall enter into force on 1 January 1987.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 22 December 1986.
