COUNCIL REGULATION (EEC) No 572/86

of 28 February 1986

establishing the arrangements to be applied by the Kingdom of Spain and the Portuguese Republic in trade with Austria, Finland, Iceland, Norway, Sweden and Switzerland

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to the Act of Accession of Spain and Portugal,

Whereas Free Trade Agreements have been concluded between the Community, on the one hand, and Austria, Finland, Iceland, Norway, Sweden and Switzerland, (hereinafter referred to as the 'EFTA countries'), on the other;

Whereas negotiations conducted with those countries have resulted in the signing of additional protocols to the Free Trade Agreements; whereas however, since the internal procedures have not yet been completed, the protocols cannot enter into force on 1 March 1986;

Whereas in accordance with Articles 180 and 367 of the Act of Accession the Community is obliged to take the necessary measures in order to remedy that situation and for this purpose shall take as its basis, for products covered by the Free Trade Agreements, the transitional measures and the adjustments agreed at the time of accession and shall take into account the result arrived at in negotiations with the EFTA countries,

HAS ADOPTED THIS REGULATION:

Article 1

1. For the products covered by the Free Trade Agreement, and subject to paragraph 2 and Article 6, the customs duties on imports of products originating in the EFTA countries into Spain including the Canary Islands, Ceuta and Melilla, and Portugal shall be reduced on 1 March 1986 to 90 % of the basic duties.

2. For the products covered by Protocol 6 to the Agreement with Iceland, the Kingdom of Spain and the Portuguese Republic shall reduce the difference between:

— the Spanish and Portuguese basic duties actually applied on 1 January 1985 in respect of imports of such products originating in Iceland, or the duty applied by Portugal in respect of imports of the same products from the Community, should that duty be higher, and

— the duty indicated in the said Protocol, to be applied by the Community to the same products imported from and originating in Iceland, as laid down in Annex I.

3. The rate of the duties calculated in accordance with paragraph 1 shall be applied by rounding down to the first decimal place by deleting the second decimal.

Article 2

1. Subject to the following paragraphs, the basic duty to which the reduction provided for in Article 1 is to be applied shall, for each product, be the duty actually applied on 1 January 1985 in trade between Spain and Portugal, on the one hand, and the EFTA countries, on the other.

2. However, if after 1 January 1985 and before 1 January 1986 a tariff reduction is applied, such reduced duty shall be considered as a basic duty.

3. For the products listed in Annexes II and III the Spanish and Portuguese basic duties shall be those indicated against each product.

4. For crude petroleum oils or oils obtained from bituminous minerals falling within heading No 27.09 of the Common Customs Tariff the Spanish basic duty shall be nil.

5. For the products listed in Protocol No 15 of the Act of Accession, and also matches and tinder, the Portuguese basic duty shall be that indicated in this Protocol.

Article 3

If the Kingdom of Spain or the Portuguese Republic suspends in whole or in part the customs duties applicable to products imported from the Community as constituted on 31 December 1985, it shall also suspend or reduce, by the same percentage, the customs duties applicable to products originating in the EFTA countries.

Article 4

1. If the Kingdom of Spain opens, in respect of third countries, tariff quotas actually applied on 1 January 1985, products originating in the EFTA countries shall be subject to the same treatment as products imported from the Community as constituted on 31 December 1985 while such quotas remain open.

2. If the Kingdom of Spain does not operate the tariff quotas referred to in paragraph 1, it shall apply to products originating in the EFTA countries the duties applied in the case of such quotas being opened. The

quantities or value subject to these duties shall be limited to the amounts actually imported from those countries under the same quotas opened on 1 January 1985.

3. For imports of motor vehicles falling within subheading 87.02 A I b) of the Common Customs Tariff originating in Sweden, the Kingdom of Spain shall open an import quota for 1986 at a reduced rate of duty for 400 vehicles as follows:

— 1 275-1 990 cc: 143 units,

— 1 990-2 600 cc: 257 units.

Article 5

1. If the Kingdom of Spain applies quantitative restrictions on the products referred to in Annexes IV and V imported from the Community as constituted on 31 December 1985, it shall also apply quantitative restrictions on the same products originating in the EFTA countries.

2. The quantitative restrictions referred to in paragraph 1 shall take the form of overall quotas opened for the import of products originating in the EFTA countries.

The quotas are listed in Annexes IV and V.

3. The Portuguese Republic shall maintain quantitative restrictions on imports of motor vehicles within the limits of a system of import quotas.

On 1 March 1986 Portugal shall open, in respect of Sweden, the following quotas for completely built-up motor vehicles (CBU):

— 700 units for vehicles weighing less than 3 500 kg gross,

— 200 units for vehicles weighing more than 3 500 kg gross.

This latter quota is also opened for products originating in Austria.

4. For the administration of the quotas mentioned in paragraph 2, the Kingdom of Spain shall apply the same administrative rules and procedures as those applied to imports of the products concerned originating in the Community as constituted on 31 December 1985.

5. Certain fishery products imported into Spain and Portugal and the products falling within heading No 15.04 of the Common Customs Tariff and imported into Spain originating in Iceland, which are listed in Annex VI, shall be subject to quantitative restrictions as specified in that Annex. These quotas as far as fishery products are concerned shall be the subject of administration at 3-monthly periods. Imports into the Community of these products may benefit from the preferential rate only on condition that the free-at-frontier price for the products concerned, ascertained by the Member States in accordance with Article 21 of the Council Regulation (EEC) No 3796/81 of 29 December 1981, on the common organization of the market in fishery products [1] as last amended by the Act of Accession is at least equal to the reference price fixed by the Community for the products or categories of products concerned.

6. If the Kingdom of Spain or the Portuguese Republic liberalize imports of a product listed in Annex IV or V and in paragraph 3 coming from the Community as constituted on 31 December 1985, it shall also liberalize imports of that product originating in the EFTA countries.

Article 6

1. The variable component which the Kingdom of Spain and the Portuguese Republic may apply in accordance with Article 1 of Protocol 2 to the Free Trade Agreements to certain products listed in Table I of that Protocol, originating in the EFTA countries, shall be adjusted by the compensatory amount applied in trade between the Community as constituted on 31 December 1985, on the one hand, and Spain and Portugal, on the other.

2. For the products listed in Table I of Protocol 2 to the Free Trade Agreement, the Kingdom of Spain and the Portuguese Republic shall reduce by 10 % the difference between:

— the Spanish and Portuguese basic duties in accordance with Article 2, and

— the duty (other than the variable component) indicated in the last column of Table I of Protocol 2.

However, as for the products listed in Annex VII with regard to Austria and as for the products listed in Annex VIII with regard to Portugal, the Republic of Austria and the Portuguese Republic will re-introduce the duties indicated in the abovementioned Annexes against each product on 1 March 1986.

In all cases where a minimum duty (fixed component) has been adopted for Portugal in respect of the Community, as indicated in Annex XIX of the Act of Accession, the same minimum duty shall be applied in respect of the EFTA countries if the calculation resulting from the breakdown in respect of the EFTA countries should produce a duty lower than the minimum duty adopted in respect of the Community.

Article 7

The Portuguese Republic shall be authorized to maintain until 31 December 1986 the discriminating variation existing between the rate of reimbursement by the social security institutions for pharmaceutical products produced in Portugal and the current rate of reimbursement for pharmaceutical products imported from the EFTA countries.

Article 8

Any amendments to the origin rules made necessary by the accession of Spain and Portugal shall be made by the Joint Committees provided for in the Agreements between the Community and the EFTA countries and shall apply as from 1 March 1986 to the products covered by this Regulation.

Article 9

This Regulation shall enter into force on 1 March 1986.

It shall apply until the entry into force of the additional protocols to the Agreements but not later than 31 December 1986.

This Regulation shall be binding in its entirety and directly applicable in all Member States.
