COUNCIL REGULATION (EEC) No 1495/87

of 26 May 1987

establishing a Community supervision for the imports of certain agricultural products originating in the Canary Islands

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1391/87 of 18 May 1987 concerning certain adjustments to the arrangements applied to the Canary Islands [1], and in particular Articles 4, 6 and 10 thereof,

Having regard to the proposal from the Commission,

Whereas in Regulation (EEC) No 1391/87, the Council has decided for certain agricultural products, originating in the Canary Islands a progressive reduction of the customs duties applicable in the limits of reference quantities with the possibility for the Community to replace in future the facilities by a system of tariff quotas if it should appear that under the preferential system imported quantities exceed, during the course of a determined year, the reference quantities laid down, and if simultaneously these imports cause damage on the Community market; whereas the application of such a system demands that the Community is regularly informed of the development of these imports originating in the Canary Islands; whereas it is therefore indicated to submit the imports of these products to a system of supervision;

Whereas this objective may be achieved by means of an administrative procedure based on setting off imports of the products in question against the reference quantities at Community level, as and when these products are entered with customs authorities for free circulation;

Whereas this administrative procedure requires close and particularly rapid cooperation between the Member States and the Commission; whereas the latter must, in particular, be able to follow the progress of amounts set off against the reference quantities and keep the Member States informed;

HAS ADOPTED THIS REGULATION:

Article 1

1. Until 31 December 1987, imports into the Community of certain goods originating in the Canary Islands shall be subject to Community supervision and to annual reference quantities.

The description of the goods referred to in the preceding subparagraph, their order numbers, their tariff headings and statistical numbers and the levels and periods of application of the reference quantities are indicated in the annexed table.

2. Quantities shall be charged against the reference quantities as and when products are entered with customs authorities for free circulation and accompanied by a movement certificate.

If the movement certificate is submitted 'a posteriori', the goods shall be charged against the corresponding reference quantity at the moment when the goods are entered for free circulation.

The extent to which the reference quantities are used up shall be determined at Community level on the basis of the imports charged against them in the manner defined in the first subparagraph.

The Member States shall periodically inform the Commission of imports effected in accordance with the above rules; such information shall be supplied under the conditions laid down in paragraph 3.

3. Member States shall forward to the Commission not later than:

— the 15 June 1987 statements of the amounts set off for the period up to 31 March, 30 April of 31 May 1987.

— the 15th day of each following month statements of the amounts set off during the preceding month, for the product mentioned under order No 17.0001.

Article 2

The Member States and the Commission shall cooperate closely to ensure that this Regulation is complied with.

Article 3

This Regulation shall enter into force, on 1 June 1987.

It shall apply from 1 January 1987.

---

[1] OJ No L 133, 22. 5. 1987, p. 5.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 26 May 1987.

For the Council

The President

P. DE KEERSMAEKER
