COMMISSION REGULATION (EEC) No 1956/87

of 3 July 1987

fixing the monetary compensatory amounts applicable in the agricultural sector and certain coefficients and rates required for their application

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1677/85 of 11 June 1985 on monetary compensatory amounts in agriculture (1), as last amended by Regulation (EEC) No 1889/87 (2), and in particular Article 12 thereof,

Having regard to Council Regulation (EEC) No 1678/85 of 11 June 1985 fixing the conversion rates to be applied in agriculture (3), as last amended by Regulation (EEC) No 1953/87 (4),

Having regard to Commission Regulation (EEC) No 3155/85 of 11 November 1985 establishing advanced fixing of the monetary compensatory amounts (5), as last amended by Regulation (EEC) No 1002/86 (6),

Whereas, in accordance with Article 1 of Regulation (EEC) No 1677/85, if, for the currency of a Member State, there is a difference between the agricultural conversion rate and the central rate, or, where applicable, the market rate, this Member State must apply monetary compensatory amounts in intra-Community trade and in trade with third countries;

Whereas a Member State for which the central rate, or, where appropriate, the market rate indicates a value for the currency as expressed in ECU higher than the agricultural conversion rate charges monetary compensatory amounts on imports and pays them on exports; whereas these amounts are called 'positive monetary compensatory amounts'; whereas a Member State for which the central rate, or, where appropriate, the market rate expresses a value for a Member State's currency as expressed in ECU lower than the agricultural conversion rate charges monetary compensatory amounts on exports and pays them on imports; whereas these amounts are called 'negative monetary compensatory amounts';

Whereas, however, the monetary compensatory amounts apply only where the differences between the agricultural conversion rate and the central rate, or, where appropriate, the market rate would cause disturbances in trade in agricultural products;

Whereas, under the second subparagraph of Article 5 (2) of Regulation (EEC) No 1677/85, the real monetary gap is equal:

(a) in respect of those Member States whose currencies are maintained as between themselves within a spread at any given time of a maximum of 2,25 %, to the percentage representing, for the currency of the Member State concerned, the difference between:

— the agricultural conversion rate,

and

— the central rate;

(b) in respect of Member States other than those referred to in (a), to the average of the percentage differences between:

— the rate resulting from the relationship between the agricultural conversion rate for the currency of the Member State concerned and the central rates of each of the currencies of the Member States referred to in (a),

and

— the rate corresponding to the average spot exchange rate of the currency of the Member State concerned in terms of each of the currencies of the Member States referred to in (a), recorded over a period to be determined; whereas this period, under Article 2 (1) of Commission Regulation (EEC) No 3153/85 of 11 November 1985 laying down detailed rules for the calculation of the monetary compensatory amounts (7), as amended by Regulation (EEC) No 1955/87 (8), runs from the Wednesday of one week to the Tuesday of the following week;

Whereas, notwithstanding the aforementioned Article 5, the central rates to be referred to for the calculation of the compensatory amounts are to be multiplied by a correcting factor, pursuant to Article 6 (1) of Regulation (EEC) No 1677/85;

Whereas the monetary gap to be applied is equal to the real monetary gap minus a neutral margin of:

(1) OJ No L 164, 24. 6. 1985, p. 6.
(2) OJ No L 182, 3. 7. 1987, p. 1.
(3) OJ No L 164, 24. 6. 1985, p. 11.
(4) OJ No L 185, 4. 7. 1987, p. 68.
(5) OJ No L 310, 21. 11. 1985, p. 22.
(6) OJ No L 93, 8. 4. 1986, p. 8.
(7) OJ No L 310, 21. 11. 1985, p. 4.
(8) See page 1 of this Official Journal.

— 10 points in the olive oil sector,

— 5 points in the wine and poultry sector,

— 1,5 points in all other sectors,

except for the Netherlands where the neutral margin is 1 point;

Whereas, however, a percentage of:

— 0 is applied for as long as, after deduction of the neutral margin, the result obtained is equal to or less than 0,50 but exceeds 0,

— 1 is applied for as long as, after deduction of the neutral margin, the result obtained is equal to or less than 1 but more than 0,50;

Whereas new agricultural conversion rates have been fixed in respect of the pigmeat sector for Denmark, Greece, Spain, France, Ireland, Italy and the United Kingdom with effect from 1 July 1987; whereas, moreover, from the beginning of the 1987/88 marketing year new agricultural conversion rates apply in respect of the other sectors in the said Member States and in BLEU, the Netherlands and Portugal;

Whereas, in view of the foregoing, the monetary compensatory amounts must be calculated by reference to the following gaps for the Member States maintaining their currencies as between themselves within a maximum spread at any one time of 2,25 %:

— *BLEU:*

all sectors	0

— *Denmark:*

all sectors	0

— *Germany:*

milk and milk products	+ 1,4
cereals	+ 1,0
pigmeat	+ 1,3
other sectors	0

— *France:*

milk and milk products	— 3,5
cereals	— 3,5
wine	—2,8
pigmeat	0
beef and veal	—1,0
eggs, poultry and albumins	0
sugar	3,5

— *Ireland:*

milk and milk products	— 3,5
cereals	— 3,6
pigmeat	— 2,8
beef and veal	— 2,0
eggs, poultry and albumins	0
sugar	— 3,6

— *Netherlands:*

milk and milk products	+ 1,4
cereals	+ 1,0
pigmeat	+ 1,4
other sectors	0

Whereas, for the other currencies, under Article 2 (1) of Regulation (EEC) No 3153/85, and in the light of Article 9 (2) of Regulation (EEC) No 1677/85, the monetary compensatory amounts are calculated on the basis of the rates for the reference period from 24 to 30 June 1987 for sterling, the lira, the drachma, the peseta and the escudo;

Whereas this results in the following monetary gaps to be applied in:

— *the United Kingdom:*

milk and milk products	— 18,2
cereals	— 19,9
pigmeat	— 17,1
beef and veal	— 10,6
eggs, poultry and albumins	— 16,4
sugar	— 19,9

— *Italy:*

milk and milk products	— 3,8
cereals	— 4,8
wine	— 3,2
pigmeat	— 5,1
beef and veal	— 3,8
eggs, poultry and albumins	— 1,3
sugar	— 3,8

— *Greece:*

milk and milk products	— 39,5
cereals	— 29,7
wine	— 44,3
pigmeat	— 46,3
beef and veal	— 39,5
eggs, poultry and albumins	— 26,2
sugar	— 29,7

— *Spain:*

milk and milk products	— 2,6
cereals	— 3,7
wine	— 5,1
pigmeat	— 6,0
beef and veal	— 2,6
eggs, poultry and albumins	0
sugar	— 3,7

— *Portugal:*

sugar	— 5,2

Whereas:

— for the basic products, the monetary compensatory amounts are equal to the amounts obtained by applying the monetary gap to the common prices,

— for derived products, the monetary compensatory amounts are equal to the incidence, on the price of

the product concerned, of the application of the monetary compensatory amount to the price of the basic product or products on which they depend;

Whereas poultry sector products are deemed to be derived from cereals;

Whereas under Article 6a of Regulation (EEC) No 1677/85 the monetary compensatory amounts in the pigmeat sector are fixed on the basis of a price equal to 35 % of the basic price; whereas, however, the agricultural conversion rates of Member States should be adjusted, so as to avoid the creation of new monetary compensatory amounts; whereas no adjustment may be made that would give a difference for a Member State of more than eight points between the monetary gap applicable in the pigmeat sector and that applicable in the cereals sector;

Whereas, under Article 4 (3) (a) of Regulation (EEC) No 3153/85, for sugar, the monetary compensatory amount is calculated on the basis of the intervention price increased by the amount of the levy charged on sugar of Community origin under the storage cost offsetting scheme;

Whereas, under Article 4 (3) (b) of Regulation (EEC) No 3153/85, for beef and veal, the monetary compensatory amount is calculated on the basis of the intervention price for R3 carcases of male animals in the Member State concerned, less 20 %;

Whereas, under Article 4 (3) (c) of Regulation (EEC) No 3153/85, for milk and milk products, the monetary compensatory amounts:

— are calculated on the basis of the intervention prices for butter and for skimmed-milk powder, less 5 %,

— for all products except skimmed-milk powder, butter and products coming under subheading 04.03 B of the Common Customs Tariff are calculated without taking into account the processing costs included in the intervention prices for butter and for skimmed-milk powder;

Whereas, under Article 4 (3) (d) of Regulation (EEC) No 3153/85, for cereals, the monetary compensatory amounts are calculated on the basis of the intervention prices for the products concerned, less 7,5 %;

Whereas, under Article 4 (3) (e), for wine, the monetary compensatory amount is calculated on the basis of the minimum guaranteed price referred to in Article 29 of Council Regulation (EEC) No 822/87 [1], as last amended by Regulation (EEC) No 1972/87 [2];

Whereas, for goods coming under Council Regulation (EEC) No 3033/80 of 11 November 1980 laying down the trade arrangements applicable to certain goods resulting from the processing of agricultural products [3], the import charges are fixed in a single amount; whereas, on the other hand, refunds are those applicable for the basic products or or products from which this merchandise is obtained; whereas this should therefore be allowed for when the monetary coefficients to be applied for the relevant merchandise are fixed;

Whereas under Article 5 (1) of Regulation (EEC) No 3153/85, for merchandise coming under Regulation (EEC) No 3033/80, the monetary compensatory amounts do not apply where the incidence of the highest monetary compensatory amount on the value of the relevant merchandise would be less than 2,5 %; whereas they are to be reintroduced where the incidence exceeds 3 % for a significant period;

Whereas the specific characteristics of 'Retsina' table wine warrant the non-application of monetary compensatory amounts for this product;

Whereas the monetary compensatory amounts apply in trade between the Member States and with third countries; whereas, however:

— in trade with a new Member State, the accession compensatory amounts, the fixed components and other amounts provided for under accession measures, and

— in trade with third countries, import charges, or parts thereof, and import subsidies and export refunds and levies

which are fixed in ECU and apply to products subject to monetary compensatory amounts are multiplied by the monetary coefficient;

Whereas Article 10 (1) of Regulation (EEC) No 1677/85 stipulates that where a product exported from one Member State has been imported into a Member State which has to grant a monetary compensatory amount upon importation, the exporting Member State may, by agreement with the importing Member State, pay the monetary compensatory amount which should otherwise be granted by the said importing Member State; whereas, the application of this provision requires the fixing of conversion rates expressing the monetary compensatory amounts concerned in the currencies of the other Member States;

Whereas Article 6 of Regulation (EEC) No 3155/85 stipulates that monetary compensatory amounts fixed in advance must be adjusted where a new representative rate takes effect during the period of validity of the

(1) OJ No L 84, 27. 3. 1987, p. 1.
(2) OJ No L 184, 3. 7. 1987.
(3) OJ No L 323, 29. 11. 1980, p. 1.

certificate; whereas this new rate must have been fixed before the application for the certificate was submitted; whereas these adjustments can be effected by applying coefficients to the relevant monetary compensatory amounts;

Whereas it is necessary to apply the new monetary compensatory amounts in compliance with the date on which the changes in the basic factors for calculating the monetary compensatory amounts take effect;

Whereas monetary compensatory amounts now applying and certain coefficients and rates required for their application have been fixed by Commission Regulation (EEC) No 119/87 (1), as last amended by Regulation (EEC) No 1699/87 (2); whereas this Regulation can be repealed;

Whereas the relevant Management Committees have not delivered an opinion within the time limit set by their chairmen,

HAS ADOPTED THIS REGULATION:

Article 1

The monetary compensatory amounts referred to in Article 1 of Regulation (EEC) No 1677/85 are hereby fixed for the Member States concerned as set out in Annex I.

Article 2

The coefficients referred to in Article 6 (3) of Regulation (EEC) No 3153/85 are hereby fixed as set out in Annex II.

Article 3

The exchange rates to be used for the application of Article 10 of Regulation (EEC) No 1677/85 are hereby fixed as set out in Annex III.

Article 4

Regulation (EEC) No 119/87 is hereby repealed.

Article 5

This Regulation shall enter into force on the day of its publication in the *Official Journal of the European Communities.*

It shall apply with effect from:

— 6 July 1987 for the amounts relating to beef and veal,

— 1 July 1987 in all other cases.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 3 July 1987.

For the Commission

Frans ANDRIESSEN

Vice-President

Notes

(1) Millet.

(2) Grain sorghum.

(3) Applicable to groats and meal of maize imported from non-member countries.

(4) Applicable to intra-Community trade in groats and meal of maize intended for the brewing industry (cf. Regulation (EEC) No 1570/78 (OJ No L 185, 7. 7. 1978, p. 22)).

(5) The monetary compensatory amount shall apply to products whose starch content is not less than 85 % by weight. For products with a starch content lower than 85 % by weight, this compensatory amount shall be multiplied by a coefficient calculated by means of the following formula:

$$C = \frac{a}{1\,000} \times 1{,}176$$

(C = coefficient; a = content by weight of starch, expressed as dry matter, per 1 000 kg of the product).

When completing the customs formalities, the applicant must state in the declaration provided for this purpose the content by weight of starch, expressed as dry matter, per 1 000 kg of the product.

(6) The monetary compensatory amount shall apply to the product whose starch content is not less than 78 % by weight. For the product with a starch content lower than 78 % by weight, this compensatory amount shall be multiplied by a coefficient calculated by means of the following formula:

$$C = \frac{a}{1\,000} \times 1{,}282$$

(C = coefficient; a = content by weight of starch, expressed as dry matter, per 1 000 kg of the product).

When completing the customs formalities, the applicant must state in the declaration provided for this purpose the content by weight of starch, expressed as dry matter, per 1 000 kg of the product.

(7) Pursuant to Regulation (EEC) No 2730/75, the product falling within subheading 17.02 B I is subject to the same compensatory amount as products falling within subheading 17.02 B II.

(8) If the lactic part of the milk product contains milk powder or granules (other than whey), the amount shown shall be increased by 10 times the supplementary amount shown in the table in note (6) of Part 5 of this Annex in respect of 'more than 12 % but less than 30 %' or '30 % or more but less than 50 %', according to the amount of milk powder contained in the finished product. In this context, the third paragraph and the first sentence of the fourth paragraph in note (6) of Part 5 shall also apply.

When completing customs formalities, the party concerned shall state in the declaration provided for this purpose, in particular the actual content by weight per tonne of finished product of:

— milk powder or granules (other than whey),

— whey powder or granules,

— added casein and/or caseinate.

(9) In the case of products containing products falling within heading No 07.06 or subheading 11.04 C of the Common Customs Tariff, no monetary compensatory amount shall be granted on the cereal constituent. However, the amounts indicated shall apply if compensatory amounts are due to be levied.

When completing:

— customs export formalities carried out in a Member State the currency of which has appreciated,

— customs import formalities carried out in a Member State the currency of which has depreciated,

— customs export formalities carried out in a Member State making use of the option provided in Article 10 of Regulation (EEC) No 1677/85,

the applicant must state in the declaration provided for this purpose the complete composition of the product and the exact content by weight of non-milk constituents broken down by tariff heading.

(1) Hams, fore-ends, shoulders or loins and parts thereof (excluding the jowl, traded separately).

(2) Other products than those falling under footnote (1).

(3) The monetary compensatory amounts shall not apply to products presented in the form of meal or powder, whether or not in compounded form.

(4) If composite food preparations (including prepared dishes) containing sausages are classified under tariff heading No 16.01 because of their composition, the monetary compensatory amount is applied only on the net weight of the sausages, the meat and the offal, including fats of any kind or origin, which make part of these preparations.

(5) The grant of monetary compensatory amounts in respect of these products is subject to compliance with the conditions for the grant of refunds laid down in Regulation (EEC) No 171/78. The exporter or importer, at the time of the conclusion of customs formalities concerning the export or the import in a Member State paying the monetary compensatory amount, shall declare in writing that the products in question fulfil these conditions.

(6) Products which have not been subjected to any heat treatment or which have been subjected to a heat treatment insufficient to ensure the coagulation of meat proteins in the whole of the product and which therefore show traces of a pinkish liquid on the cut surface when the product is cut along a line passing through its thickest part.

(7) Other products than those falling under (6).

(a) The monetary compensatory amounts applicable to sausages in containers which also contain preservative liquid are based on the net weight, i.e. after the deduction of the weight of the liquid.

(1) The compensatory amount shall not be applied on animals imported within an annual tariff quota to be granted by the competent authorities of the European Communities:

(a) for heifers and cows, other than those intended for slaughter, of the grey, brown, and mottled yellow Simmental and Pinzgau breeds;

(b) for bulls, heifers and cows, other than those intended for slaughter, of the mottled Simmental breed, the Schwyz breed and the Friburg breed.

(2) The compensatory amount shall not be applied:

— in respect of quantities coming within an annual tariff quota of 50 000 tonnes, expressed in boned meat, to be granted by the competent authorities of the European Communities for frozen beef and veal,

— in respect of quantities coming within an annual tariff quota of 2 250 tonnes, expressed in boned meat, to be granted by the competent authorities of the European Communities for frozen buffalo meat.

(3) Entry under this subheading is subject to the production of a certificate issued on conditions laid down by the competent authorities of the European Communities.

(4) Products containing 80 % or more by weight of beef meat excluding offals and fat.

(5) Products containing 60 % or more, but less than 80 % by weight, of beef meat excluding offals and fat.

(6) Products containing 40 % or more, but less than 60 % by weight, of beef meat excluding offals and fat.

(7) The amounts shall be multiplied by the coefficient 0,2 where the corresponding products are sold under a Regulation opening a sale of intervention beef for export, provided that appropriate reference to the application of this footnote is made in the Regulation concerned.

(8) The amounts shall be multiplied by the coefficient 0,2 where the corresponding products are sold under Commission Regulation (EEC) No 1812/86.

(9) The amounts shall be multiplied by the coefficient 0,2 where the corresponding products are sold under Commission Regulation (EEC) No 3905/86.

Notes

(1) For skimmed-milk powder consigned to Italy or Spain from another Member State in accordance with Regulation (EEC) No 1624/76 (OJ No L 180, 6. 7. 1976, p. 9), the amount indicated

— in the Member State of dispatch shall be multiplied by the coefficient 0,54,
— in Italy shall be multiplied by the coefficient 0,54,
— in Spain shall be multiplied by the coefficient 0,40.

Where milk in powder or granules contains added starch or puffed starch and lucerne meal and/or grass meal and/or fishmeal and the product is classified under subheading 04.02 A II of the Common Customs Tariff, the monetary compensatory amount to be applied shall be that fixed for products classified under subheading 23.07 B I, account being taken of the proportion of skimmed milk powder or granules (excluding any added whey and/or lactose and/or casein and/or caseinates in the finished product) (see also Note (6)).

In intra-Community trade in skimmed-milk powder in the unaltered state, sold under Regulations (EEC) No 368/77 (OJ No L 52, 24. 2. 1977, p. 19) and (EEC) No 443/77 (OJ No L 58, 3. 3. 1977, p. 16), the amount indicated shall be multiplied by the coefficient 0,16.

(2) The basic amount for 100 kg of product falling within this subheading shall be equal to the sum of the following components:

(a) the amount per 100 kg indicated multiplied by $^1/_{100}$ of the weight of the lactic part contained in 100 kg of product. However, where whey and/or lactose and/or casein and/or caseinates have been added to the product, the amount resulting from the preceding calculation shall be:

— multiplied by the weight of the lactic non-fat part, other than the added whey and/or added lactose and/or added casein and/or added caseinates contained in 100 kg of the product,

and then

— divided by the weight of the non-fat lactic part contained in 100 kg of the product;

(b) an additional amount for each percentage point of sucrose content of 100 kg net of the product, equal to $^1/_{100}$ of the amount indicated in Part 7 of this Annex under subheading 17.01 A (undenatured) of the Common Customs Tariff.

When completing customs formalities, the applicant shall state on the declaration provided for this purpose whether or not whey and/or lactose and/or casein and/or caseinates have been added, and where this is the case:

— the actual content by weight of whey and/or lactose and/or casein and/or caseinates added per 100 kg of finished product,

and, in particular:

— the lactose content of the added whey.

(4) However, for butter or concentrated butter covered by the measures, provided for:

— in Regulation (EEC) No 3143/85 (OJ No L 298, 12. 11. 1985, p. 9) the amount indicated shall be multiplied by the coefficient 0,16; for Spain, however, the coefficient to be applied is 0,24,
— in Regulations (EEC) No 262/79 (OJ No L 41, 16. 2. 1979, p. 1), (EEC) No 442/84 (OJ No L 52, 23. 2. 1984, p. 12) and (EEC) No 1932/81 (OJ No L 191, 14. 7. 1981, p. 6), the amount indicated shall be multiplied by:
  — the coefficient 0,31 where the butter is to be used in formula A, formula C or formula D products; for Spain, however, the coefficient to be applied is 0,38,
  — the coefficient 0,50 where the butter is to be used in formula B products; for Spain, however, the coefficient to be applied is 0,55,
— in Regulation (EEC) No 765/86 (OJ No L 72, 15. 3. 1986, p. 11), the amount indicated shall be multiplied by the coefficient 0,67,
— in Regulation (EEC) No 2409/86 (OJ No L 208, 31. 7. 1986, p. 29), the amount indicated shall be multiplied by the coefficient 0,02.

(5) No monetary compensatory amount shall be paid in respect of exported cheese of which the free-at-frontier price, before application of a monetary compensatory amount and, where applicable, the refund in the exporting Member State, is less than 140 ECU per 100 kg.

Where cheese of low value, as defined above, is being exported from one Member State to another, the document used to show that the cheese is of Community origin shall contain, in the box labelled 'designation of goods', one of the following references:

«Queso de escaso valor, en aplicación de la nota 5 de la Parte 5 del Anexo I del Reglamento por el que se fijan los montantes compensatorios monetarios.»

»Oste af ringe værdi, anvendelse af bemærkning (5), i bilag I, del 5, til forordningen om fastsættelse af monetære udligningsbeløb.«

„Käse mit geringem Wert, Anwendung Fußnote (5) zum Anhang I Teil 5 der Verordnung zur Festsetzung der Währungsausgleichsbeträge."

«Τυριά χαμηλής αξίας κατ' εφαρμογή της σημείωσης (5) του μέρους 5 του παραρτήματος I του κανονισμού που καθορίζει τα νομισματικά εξισωτικά ποσά.»

'Cheese of low value in accordance with note (5) in Part 5 of Annex I to the Regulation fixing monetary compensatory amounts.'

«Fromages de faible valeur, application de la note 5 de l'annexe I, partie 5, du règlement fixant les montants compensatoires monétaires.»

«Formaggi di scarso valore in applicazione della nota 5 dell'allegato I, parte 5ª, del regolamento che fissa gli importi compensativi monetari».

„Kaas van geringe waarde, toepassing van voetnoot (5) van bijlage I, deel 5, bij de verordening tot vaststelling van de monetaire compenserende bedragen."

«Queijos de fraco valor, aplicação da nota 5 do Anexo I, Parte 5, do regulamento que fixa os montantes compensatórios monetários».

No monetary compensatory amount shall be granted in the importing Member State where the document showing the Community origin of the product in question contains one of the above wordings.

If the cheese is being imported from a non-Community country, no monetary compensatory amount shall be granted where the free-at-frontier price, corrected to take account of the levy and the monetary compensatory amount for cheese of normal value, is less than 140 ECU per 100 kg.

If a monetary compensatory amount is chargeable in respect of a consignment consisting of different types of cheese, of a value of less than 140 ECU per 100 kg, the monetary compensatory amount applicable shall, by way of derogation from Article 30 of Regulation (EEC) No 1371/81 (OJ No L 138, 25. 5. 1981, p. 1), be that for products falling within subheading ex 04.04 E I b) 2 of the Common Customs Tariff, of a water content, calculated by weight in the non-fatty matter, exceeding 62 % and of a fat content, by weight in the dry matter, of 10 % or more.

(6) When completing customs formalities, the party concerned shall state in the declaration provided for this purpose, in particular the actual content by weight per 100 kg of finished product of:

— milk powder or granules (other than whey),

whether or not whey and/or lactose and/or casein and/or caseinates have been added, and where this is the case:

— the content by weight of the added whey and/or added lactose and/or added casein and/or added caseinates, and

— the lactose content of the added whey

per 100 kg of finished product.

For milk powder or granules (other than the added whey and/or added lactose and/or added casein and/or added caseinates) which have been denatured in accordance with Article 2 of Regulation (EEC) No 1725/79 (OJ No L 199, 7. 8. 1979) or in accordance with Article 1 of Regulation (EEC) No 3714/84 (OJ No L 341, 29. 12. 1984) and feedingstuffs the lactic part of which contains milk powder or granules (other than whey), the amount shown shall be increased by the supplementary amounts indicated in the table below (where no amount is shown, only the supplementary amount shall apply):

Content by weight of milk powder or granules (other than the added whey and/or added lactose and/or added casein and/or added caseinates	Germany DM/100 kg	Netherlands Fl/100 kg	United Kingdom £/100 kg	Belgium/ Luxembourg Bfrs/Lfrs/ 100 kg	Denmark Dkr/100 kg	Italy Lit/100 kg	France FF/100 kg	Greece Dr/100 kg	Ireland £ Irl/100 kg	Spain Pta/100 kg
More than 12 % but less than 30 %	0,58	0,65	2,067	—	—	1 046	4,47	841,7	0,497	69,13
30 % or more but less than 50 %	1,15	1,29	4,135	—	—	2 092	8,93	1 683,3	0,994	138,27
50 % or more but less than 70 %	1,73	1,94	6,202	—	—	3 138	13,40	2 525,0	1,491	207,40
70 % or more but less than 80 %	2,16	2,42	7,753	—	—	3 923	16,75	3 156,2	1,864	259,25
80 % or more but less than 88 %	2,42	2,71	8,683	—	—	4 394	18,76	3 534,9	2,088	290,36
88 % or more	2,59	2,91	9,304	—	—	4 708	20,10	3 787,4	2,237	311,10

Where the products contain skimmed-milk powder purchased under the terms of Regulations (EEC) No 368/77 (OJ No L 52, 24. 2. 1977), (EEC) No 443/77 (OJ No L 58, 3. 3. 1977) or (EEC) No 1844/77 (OJ No L 205, 11. 8. 1977) and more than 9,0 grams of iron and/or 1,2 grams of copper per 100 kilograms, the supplementary amounts indicated above shall be multiplied by the coefficient 0,29.

If the product has not been produced in accordance with one of the Regulations referred to in the second and third paragraphs in this note, the coefficient 1,85 shall be applied to the supplementary amounts indicated above. However, this coefficient shall not be applied to products consigned to Italy from another Member State where Regulation (EEC) No 1624/76 (OJ No L 180, 6. 7. 1976) applies.

(7) The basic amount for 100 kg of product falling within this subheading shall be equal to the sum of the following components:

(a) the amount per 100 kg indicated. However, where whey and/or lactose and/or casein and/or caseinates have been added to the product, the amount indicated shall be:

— multiplied by the weight of the lactic non-fat part, other than the added whey and/or added lactose and/or added casein and/or added caseinates, contained in 100 kg of the product,

and then

— divided by the weight of the non-fat lactic part contained in 100 kg of the product;

(b) an additional amount for each percentage point of sucrose content of 100 kg net of the product, equal to $^1/_{100}$ of the amount indicated in Part 7 of this Annex under subheading 17.01 A (undenatured) of the Common Customs Tariff.

When completing customs formalities, the applicant shall state on the declaration provided for this purpose whether or not whey and/or lactose and/or casein and/or caseinates have been added, and where this is the case:

— the actual content by weight of whey and/or lactose and/or casein and/or caseinates added per 100 kg of finished product,

and, in particular:

— the lactose content of the added whey.

(8) The basic amount for 100 kg of product falling within this subheading shall be equal to the amount indicated. However, where whey and/or lactose and/or casein and/or caseinates have been added to the product, the basic amount shall be equal to the amount indicated:

— multiplied by the weight of the non-fat part, other than the added whey and/or added lactose and/or added casein and/or added caseinates, contained in 100 kg of the product,

and then

— divided by the weight of the non-fat part contained in 100 kg of the product.

When completing customs formalities, the applicant shall state on the declaration provided for this purpose whether or not whey and/or lactose and/or casein and/or caseinates have been added, and where this is the case:

— the actual content by weight of whey and/or lactose and/or casein and/or caseinates added per 100 kg of finished product,

and, in particular:

— the lactose content of the added whey.

(9) In the case of products to which whey and/or lactose and/or casein and/or caseinates have been added, no compensatory amount shall be granted. However, the amounts indicated shall apply if compensatory amounts have to be charged.

When completing:

— customs export formalities carried out in a Member State the currency of which has appreciated,

— customs import formalities carried out in a Member State the currency of which has depreciated,

— customs export formalities carried out in a Member State making use of the option provided in Article 10 of Regulation (EEC) No 1677/85,

the applicant shall state on the declaration provided for this purpose whether or not whey and/or lactose and/or casein and/or caseinates have been added to the product.

(11) For cheeses manufactured exclusively from sheep or goat milk:

— the analysis check shall be carried out by immunological methods such as double immuno-diffusion and radial immuno-diffusion, supplemented as necessary by electrophoresis of the caseins,

— the party concerned shall be obliged, when completing the customs formalities, to state in the declaration provided for this purpose that the cheese in question was manufactured exclusively from sheep and/or goat milk.

(12) No compensatory amounts shall be applicable on imported cheeses covered by the provisions of Articles 7 (1), 9 (1), 10 and 11 of *amended* Regulation (EEC) No 2915/79, provided that the free-at-frontier value applicable for the cheese in question, if one has been laid down, is respected or that the import price is not less than the amount specified in Article 11 (1) of that Regulation for the cheese in question, or on the cheeses specified in Articles 9 (1) and 11 (2) of that Regulation, provided that they are covered by (e), (f) or (r) of Annex II to that Regulation if it is established that they correspond to the description given therein.

Where, in the case of 'Vacherin Mont d'Or' cheese, the conditions laid down in Article (1) of Regulation (EEC) No 2915/79 are not complied with or where intra-Community trade or exports to third countries are involved, the compensatory amount to be applied shall be that applicable to products falling within subheading 04.04 E I b) 2 of the Common Customs Tariff having a water content, calculated by weight, of the non-fatty matter exceeding 62 % and having a fat content, by weight, in the dry matter of 10 % or more.

(13) In the case of cheeses presented in containers which also contain conserving liquid, in particular brine, the monetary compensatory amount is granted on the net weight, the weight of the liquid being deducted.

NB: For the calculation of fat content, non-milk fats are not to be taken into account.

(1) In the case of goods not containing added whey, lactose, casein or caseinates the monetary compensatory amount shall be calculated on the basis of the quantity of sugar and/or of skimmed-milk contained in such goods. However, where the monetary compensatory amount resulting from this calculation is greater than that fixed above, the latter shall be applied.

(2) Amounts applicable as appropriate on goods falling within subheadings 21.07 G VI to IX.

(4) At the time of the completion of customs formalities, the party concerned shall be required to state in the declaration provided for this purpose:

— the actual content by weight of skimmed-milk powder contained in the goods,

— the added whey and/or lactose and/or casein and/or caseinates content and the lactose content of the added whey,

per 100 kg of finished product.

The compensatory amount is calculated for the actual quantity of skimmed-milk powder contained in the goods.

(5) Amount to be calculated on the basis of the actual quantities of any cereals or products resulting from their processing, sugar, milk or milk products, contained in the goods. Apply to these quantities the compensatory amount applied when such products are traded as such.

(6) These amounts shall not apply to goods in immediate packings of a net capacity of 1 kg or less.

(7) For goods falling within this subheading, the monetary compensatory amount shall be applied only according to the weight of the macaroni, spaghetti and similar products.

(8) If the product contains added whey and/or lactose and/or casein and/or caseinates no compensatory amount shall be granted for the milk products incorporated; in such cases the compensatory amount is to be calculated on the quantities of common wheat and sugar indicated in the Annex to Regulation (EEC) No 3034/80, less 10 %.

When completing:

— customs export formalities carried out in a Member State the currency of which has appreciated,

— customs import formalities carried out in a Member State the currency of which has depreciated,

— customs export formalities carried out in a Member State making use of the option provided in Article 10 of Regulation (EEC) No 1677/85,

the applicant shall state on the declaration provided for this purpose whether or not whey and/or lactose and/or casein and/or caseinates have been added to the product.

However, if compensatory amounts have to be charged, the amounts fixed shall apply normally.

(9) The first and second parts of note (8) shall not apply to goods in immediate packings of a net capacity of 1 kg or less.

(10) Preparations for the manufacture of chocolate or chocolate milk crumb, containing more than 6,5 % but less than 11 % by weight of milkfats, more than 6,5 % but less than 15 % by weight of cocoa, and more than 50 % but less than 60 % by weight of sucrose (including invert sugar expressed as sucrose), presented in irregular pieces.

(11) Amount applicable to chocolate milk crumb as defined in note (10) above, if it contains reduced-price butter under the Regulations given in note (4) to Part 5 of this Annex.

(12) Amount applicable to products other than those falling under notes (10), (11) above and (13), (15) below.

(13) Amount applicable to products other than those falling under note (15) below, if they contain reduced-price butter under the Regulations given in note (4) to Part 5 of this Annex.

(15) Amount applicable to ice-cream and to preparations for making ice-cream and similar edible products called 'ice-mix', if they contain reduced-price butter under the Regulations given in note (4) to Part 5 of this Annex.
