COUNCIL REGULATION (EEC) No 3635/87

of 17 November 1987

applying generalized tariff preferences for 1988 in respect of certain industrial products originating in developing countries

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to the proposal from the Commission,

Having regard to the opinion of the European Parliament (1),

Having regard to the opinion of the Economic and Social Committee (2),

Whereas, in accordance with its offer made within the context of the United Nations Conference on Trade and Development (UNCTAD), the European Economic Community opened generalized tariff preferences commencing in 1971, notably in respect of finished and semi-finished industrial products from developing countries; whereas the initial 10-year period of application of this system of preferences expired on 31 December 1980;

Whereas, however, the positive role played by this system in improving access for developing countries to the markets of the preference-giving countries was recognized at the ninth session of the UNCTAD Special Committee on Preferences; whereas it was there agreed that the objectives of the generalized preference scheme would not be fully achieved by the end of 1980, that consequently it should be prolonged beyond the initial period and that an overall review of the system should take place in 1990;

Whereas, therefore, the Community has decided to apply generalized tariff preferences, in the context of the conclusions agreed in UNCTAD in accordance with the intention expressed in the said Committee, in particular by all the preference-giving countries;

Whereas the temporary and non-binding nature of the system means that the offer can be withdrawn wholly or in part at a later date, thus maintaining the possibility of remedying any unfavourable situations which might arise following implementation of the system, including such situations in the African, Caribbean and Pacific States (ACP States);

Whereas, since the extension of its generalized tariff preferences scheme for a second 10-year period (1981 to 1990), the Community has decided to modify one of the fundamental characteristics of it to give the beneficiary countries a more equitable access to the preferential advantages. In order to attain this the Community had decided to apply a preferential treatment which takes account of the particular situation of each of the beneficiaries and to proceed to a system of individual tariff ceilings for certain sensitive products; the least-developed countries are not subject to ceilings; ever since then, the annual adaptations of the community scheme responds, for the most part, to the double imperative of the differentiation of the preferential advantages and of simplifications; the identification of the products and the countries to treat selectively takes place with regard to the sensitivity of the sectors and to the Community market situation of the products in question as well as consideration of the degree of industrial development and the competitiveness of these countries;

Whereas preferential tariff treatment is applicable to industrial products of Chapters 25 to 49 and 64 to 97 of the Common Customs Tariff, with the exception of products:

— covered by the ECSC Treaty, which are subject to a separate system,

— contained in the list of products in Part I of Annex II to this Regulation;

Whereas the tariff ceiling arrangements mentioned above must be applied in such a way as to differentiate between the products in Annex I by means, on one hand, of Community tariff quotas and fixed duty free amounts for products originating in the most competitive countries and, on the other hand, by means of ceilings for products in Annex I originating in other less competitive countries:

Whereas the products in Annex II should be made subject to surveillance for essentially statistical purposes;

(1) OJ No C 305, 16. 11. 1987.
(2) OJ No C 319, 30. 11. 1987.

Whereas, since the intermediate revision of the scheme for the years 1986 to 1990, the Community has established that:

— the latter responds satisfactorily to the fixed objectives,

— the beneficiary countries continue, however, to use the preferential advantages in an unequal manner,

— the objectives of the scheme have been reached in certain cases by the most competitive beneficiary countries;

that on the basis of the considerations, the Community has decided:

— to maintain for the second half of the decade the fundamental characteristics of the scheme, notably the grant, within certain limits, of the total suspension of custom duties,

— to accentuate the differentiation of the preferential advantages from which the most competitive countries benefit and to enlarge at the same time the preferential access to the least competitive countries;

Whereas provision should be made to continue in 1988 the process of differentiation begun in 1986 concerning the grant of advantages under the scheme to the more competitive countries — both in terms of market share and export capacity — and whereas it is therefore appropriate to reduce the preferential amounts by 50 % for six additional products originating in those countries, marked with three asterisks in Annex I to this Regulation, subject to the tariff quota arrangement; whereas the criteria to be adopted for such a reduction are based on the competitive capacity of the beneficiary country concerned, this capacity being expressed in the case of a specific product either by this country's participation in the Community's total imports or by the ratio of the preferential volume amount opened for this country to the total Community imports from the same country; whereas, in addition, the level of economic development of the country concerned has also been taken into account; whereas, with regard to the application of the first criterion, a share has been set at 20 % of the 1986 total extra-EEC imports of the product being referred to, while recourse to the second criterion is made where the total imports of the product in question have, in accordance with the mean of the years 1985 and 1986, exceeded by at least 10 times the tariff quota amount;

Whereas the first criterion applies to five of the six products mentioned above, while the second criterion applies to one product only;

Whereas the abovementioned reasons that have justified the criteria of competitiveness remain valid and whereas the maintenance of preferential benefit for the most competitive countries is not justified and a redistribution of the supply are necessary; it is appropriate to pursue the differentiation and to initiate the suppression of the preferential benefit for certain countries for three additional products per country, designated by a footnote, meeting the first criterion and which have previously been reduced by 50 %;

Whereas, however, in the multilateral trade negotiations, in accordance with paragraph 6 of the Tokyo Declaration, the Community reaffirmed that special treatment should, whenever possible, be granted to the least developed among the developing countries; whereas, therefore, charges on products originating in the least developed of the developing countries listed in Annex IV to this Regulation should not be subject to the Community quota, fixed duty free amount or ceiling;

Whereas to reflect better in the preferential amounts the development of commercial exchange flows of the Community these amounts were revised in 1986 and 1987 with regard to the products of Annex I, with a view to the overall improvement of the system;

Whereas, for the same reasons, the process of revision was extended to the reference bases, taking into consideration the examination of the situation resulting from preferential importations of other products covered by this Regulation; whereas at the same time the method of calculation of the abovementioned reference bases has been revised and for this purpose a percentage of total importations for each of these products into the Community has been taken into account; according to the new method of calculation, the reference bases for 1988 correspond in general to 5 % of the total importations into the Community in 1986 of each of the products concerned originating in a third country: Whereas products subject to reference bases corresponding to 1 % only of the said importations are indicated in Annex II;

Whereas the Community has adopted with effect from 1 January 1988 a combined nomenclature for goods which meets the requirements of the Common Customs Tariff and the nomenclature of goods for the external trade statistics of the Community and statistics of trade between Member States; whereas this nomenclature has, for the purposes of encompassing other Community measures, been expended into an integrated tariff of the European Communities (Taric); whereas since the nomenclature used for the scheme of generalized tariff preferences is based on the Common Customs Tariff, it is therefore necessary to identify goods covered by this Regulation by means of the combined goods nomenclature and, where applicable, by the relevant Taric code numbers;

Whereas for the purposes of applying this Regulation, the rates of conversion into national currencies of the

value in ECU in which the preferential amounts are expressed shall be those fixed on the first working day of October 1987 and they shall remain in force from 1 January to 31 December 1988 (1);

Whereas, in respect of the Community tariff quotas specified in Annex I, it is necessary in particular to ensure equal and continuous access for all Community importers to the abovementioned quotas, and to ensure uninterrupted application of the rate laid down for those quotas to all imports of the products concerned into all the Member States until the quotas are used up; whereas, having regard to the principles set out above, an arrangement whereby the quotas are apportioned among the Member States would best respect their Community nature; whereas, moreover, to this end and in the context of such an arrangement, the actual charges against the quotas could relate only to products entered for free circulation and accompanied by a certificate of origin;

Whereas the application of the generally accepted principles in respect of the apportionment of the Community tariff quotas which have been opened hitherto cannot be reconciled with the continuity necessary for the application of the tariff preferences concerned; whereas it would accordingly be advisable to adopt a fixed scale for apportioning the Community tariff quotas concerned among the Member States; whereas, using as a basis general economic criteria relating to external trade, gross national product and population, the percentages for the initial shares of the Member States in the quota amounts are as follows for the quota year under consideration:

Benelux	10,0 %,
Denmark	4,6 %,
Germany	24,3 %,
Greece	1,9 %,
Spain	5,9 %,
France	17,8 %,
Ireland	0,9 %,
Italy	15,0 %,
Portugal	1,5 %,
United Kingdom	18,1 %;

Whereas, however, taking into account the more precise information already available concerning trade in certain types of plywood, blockboard, laminboard, battenboard and similar laminated products the abovementioned percentages should be adjusted as follows:

Benelux	4,40 %,
Denmark	5,90 %,
Germany	7,69 %,
Greece	0,19 %,
Spain	2,09 %,
France	0,30 %,
Ireland	2,02 %,
Italy	0,86 %,
Portugal	0,16 %,
United Kingdom	76,40 %;

Whereas, to take account of future import trends in the various Member States in respect of the tariff quotas given in Annex I and to mitigate any inadequacy in the initial allocation, the quotas should, as a general rule, be divided into two tranches, the first being apportioned among Member States and the second held as a reserve to cover the subsequent requirements of Member States which have exhausted their initial shares; whereas, moreover, the reserve thus constituted tends to avoid making the system of utilization of the quota excessively rigid, to the detriment of each of the developing countries concerned, and contributes to achieving the aim already mentioned of improving the generalized preferences system; whereas, to this end and to accord importers in each Member State some degree of security, the first tranche of the Community quota should be fixed at about 80 % of the quota volumes;

Whereas Member States may exhaust their initial shares for the tariff quotas given in Annex I at different rates; whereas, to avoid disruption of supplies on this account, it should be provided that each Member State which has almost used up one of its initial shares should draw an additional share from the corresponding reserve; whereas this must be done by each Member State as and when each of its additional shares is almost entirely used up and repeated as many times as each of the reserves allows; whereas each of these initial and additional shares must be available for use until the end of the quota period; whereas, however, it seems advisable to permit the Member States to limit the exercise of their total obligation to draw on the reserve amount to at least 70 % of their initial share;

Whereas, if, at a specified date in the quota period, a considerable balance remains in one of the initial shares of one or other Member State, it is essential that that Member State return a portion of it to the corresponding reserve in order to prevent a part of the Community quota from remaining unused in one Member State when it could be used in others;

Whereas such tariff exemptions should be reserved for products originating in the countries or territories under consideration, the concept of 'originating products' being adopted in accordance with the procedure laid down in Article 14 of Regulation (EEC) No 802/68 (2);

(1) OJ No C 263, 2. 10. 1987, p. 1.

(2) OJ No L 148, 28. 6. 1968, p. 1

Whereas the Community preference arrangements applicable to Yugoslavia result exclusively from the Agreement between the Community and the Socialist Federal Republic of Yugoslavia (1) whereas, therefore, for products which are submitted to Community tariff ceilings within the framework of the Agreement between the Community and this country on the one hand, and for the products listed in Annex I of the present Regulation on the other hand, the movement certificate EUR 1 shall be deemed the only documentary evidence for the granting of tariff preferences provided for by the said Agreement;

Whereas from 1 March 1986, the Kingdom of Spain and the Portuguese Republic shall apply the Community system of generalized preferences, in compliance with Articles 178 and 365 of the Act of Accession; whereas, therefore, the envisaged volumes of the preferential imports must be increased;

Whereas special provisions shall be laid down for certain chemical products; whereas equal access for all importers to the entire Community market should be ensured and at the same time greater security in the use of preferential amounts; whereas fixed duty free amounts without allocation amongst the Member States should therefore be opened for those products; whereas the preferential benefit must cease when those amounts are reached;

Whereas, in respect of these fixed duty free amounts, it is necessary in particular to ensure equal and continuous access for all Community importers and to ensure uninterrupted application of the rate laid down for those quotas to all imports of the products concerned into all the Member States until the amounts are used up; whereas, to this end and in the context of such an arrangement, the actual charges against the amounts could relate only to products entered for free circulation and accompanied by a certificate of origin;

Whereas, if a considerable balance remains in one of the fixed duty free amount shares of one or other Member State, it is essential that that Member State returns it in order to prevent a part of the Community amount from remaining unused in one Member State when it could be used in others;

Whereas, in the case of the Community tariff ceilings listed in Annex I, the desired objectives may be attained by applying a method of administration based on the charging at Community level, against the abovementioned ceilings, of imports of the products concerned as and when these products are entered for free circulation and are accompanied by a certificate of origin; whereas this method of administration must make provision for the reintroduction of the levying of customs duties, in accordance with the appropriate procedures, as soon as the said ceilings are reached at Community level;

Whereas, having regard to the rules applying to the repayment or remission of import or export duties, and in particular to Council Regulation (EEC) No 1430/79 (2) and Commission Regulation (EEC) No 3040/83 (3) a procedure should be laid down to regularize imports actually made within the quotas and/or other preferential tariff limits opened under this Regulation and thus provision should be made for the Commission to be able to take appropriate measures; to avoid these regularizations leading to excessive tariff ceiling overruns, it is appropriate to provide at the same time that the Commission may take measures to stop the charges;

Whereas such methods of administration call for close and particularly rapid cooperation between Member States and the Commission, which must, in particular, be able to observe the extent to which charges are made against the quotas, ceilings and other preferential tariff limits, and inform the Member States thereof; whereas such cooperation should be particularly close in view of the need for the Commission to be able to take appropriate measures to reintroduce the levying of customs duties when any of the ceilings are reached;

Whereas it is necessary to establish complete statistics on imports admitted in accordance with the provisions of the present Regulation and to apply to the collection, preparation and transmission of these statistics Council Regulations (EEC) No 1445/72 (4), (EEC) No 3065/75 (5) and (EEC) No 1736/75 (6);

Whereas, in order to ensure a better transparency of the system, it is necessary to publish both the annual charges recorded against the tariff measures and the tariff ceilings which have reached the 100 % level;

Whereas, since the Kingdom of Belgium, the Kingdom of the Netherlands and the Grand Duchy of Luxembourg are united within and jointly represented by the Benelux Economic Union, all transactions concerning, in particular, the administration of quota shares allocated to that economic union may be carried out by any one of its members,

HAS ADOPTED THIS REGULATION:

Article 1

1. From 1 January to 31 December 1988 the customs duties of the Common Customs Tariff shall be totally suspended for products covered by this Regulation.

(1) OJ No L 147, 4. 6. 1981, p. 6 and OJ No L 41, 14. 2. 1983.

(2) OJ No L 175, 12. 7. 1979, p. 1.
(3) OJ No L 297, 29. 10. 1983, p. 13.
(4) OJ No L 161, 17. 7. 1972, p. 1.
(5) OJ No L 307, 27. 11. 1975, p. 1.
(6) OJ No L 183, 14. 7. 1975, p. 3.

This Regulation applies to products of Chapters 25 to 49 and 64 to 97 of the Common Customs Tariff, with the exception of products:

— covered by the Treaty establishing the European Coal and Steel Community,

— contained in the list of basic products in Part 1 of Annex II,

— entitled to exemption from customs duties in the Common Customs Tariff.

For the products of Annex I this tariff suspension shall be accorded within the framework of tariff quotas, fixed duty free amounts and ceilings. The other products covered by this Regulation shall, as a general rule, be subject to statistical surveillance every three months on the reference base referred to in Article 15.

Spain and Portugal shall apply to the importation of the aforementioned products the customs duties established according to Articles 178 and 365 of the Act of Accession of 1985.

For the purposes of the application of this Regulation, the rates of conversion into national currencies of the value in ECU in which the preferential amounts are expressed shall be those fixed on 1 October 1987 and they shall remain in force from 1 January to 31 December 1988 (1).

2. The arrangements provided for in paragraph 1 shall apply solely:

— to each country or territory listed in column 4 of Annex I, for each of the products or groups of products listed in columns 2 and 3,

— for the same products or groups of products listed in Annex I to every other country or territory listed in Annex III, except Yugoslavia,

— to each of the countries or territories listed in Annex III, for other products.

3. The preferential benefit foreseen in paragraph 1 is not applicable to countries listed in footnote (d) to Annex I nor to countries listed in Part 2 of Annex II.

4. The admittance to the preferential benefit system established by this Regulation is subordinated to the definition of origin of the products which is adopted in accordance with the procedure laid down in Article 14 of Regulation (EEC) No 802/68.

For products originating in Yugoslavia, which are submitted to Community tariff ceilings within the framework of the agreement between the Community and Yugoslavia, the movement certificate EUR 1 shall be deemed the only documentary evidence for the granting of tariff preferences as provided for by the said Agreement.

5. The Community tariff quotas, fixed duty free amounts and ceilings shall be administered in accordance with the provisions set out below.

SECTION I

Provisions concerning the administration of the Community tariff quota relating to products listed in Annex I

Article 2

The total suspension of customs duties within the framework of the Community tariff quotas referred to in Article 1 (1) tariff duties shall be granted to each country or territory listed in column 4 of Annex I, for the products specified in columns 2 and 3 against the name of the country or territory concerned, together with details in column 5 of the amount of the individual quota.

Article 3

1. A first tranche of 80 % of each of the Community tariff quotas listed in Annex I, the amount of which is shown in column 6 of Annex I, shall be apportioned among the Member States; the shares for each Member State shall, subject to Article 6, be valid until 31 December 1988 and shall be those indicated in column 7 of Annex I against each product or group of products subject to quotas listed therein.

In the case of products of Order No 10.0630, however, the first tranche shall amount to 98,5 % of the quota amount.

2. The second tranche of each of the tariff quotas shall constitute the reserve specified in each case in column 8 of Annex I.

Article 4

1. Where a Member State has used 90 % or more of one of its initial shares as fixed in Annex I, or of that share minus any portion returned to the reserve pursuant to Article 6, it shall forthwith, by notifying the Commission, draw a second share, to the extent that the reserve so permits, equal to 10 % of its initial share,

(1) OJ No C 263, 2. 10. 1987, p. 1.

rounded up, should the occasion arise, to the nearest unit.

2. Where a Member State, after exhausting one of its initial shares, has used 90 % or more of the second share drawn by it, that Member State shall draw a third share, under the conditions laid down in paragraph 1, equal to 5 % of its initial share.

3. Where a Member State, after exhausting its second share, has used 90 % or more of the third share drawn by it, that Member State shall, under the same conditions, draw a fourth share equal to the third.

This process shall continue until the reserve has been exhausted.

4. By way of derogation from paragraphs 1, 2 and 3, Member States may draw shares lower than those specified in those paragraphs if there are grounds for believing that those specified may not be used up. Any Member State applying this paragraph shall inform the Commission of its grounds for so doing.

5. Any Member State may, whilst informing the Commission, limit the aggregate total of its additional shares to 70 % or to a higher proportion of its initial share.

Article 5

Without prejudice to the provisions of Article 6, additional shares drawn pursuant to Article 4 shall be valid until 31 December 1988.

Article 6

The Member States shall return to the reserve, not later than 1 October 1988 the unused portion of their initial share which on 15 September 1988 exceeds 15 % of the initial amount. They may return a larger portion if there are grounds for believing that such portion may not be used. At the request of the Commission they may also make anticipatory returns.

The Member States shall, not later than 1 October 1988 notify the Commission of the total quantities of the products in question imported up to 15 September 1988 and charged against the Community quotas, and of any portion of their initial shares returned to the reserve.

Article 7

The Commission shall keep an account of the shares opened by the Member States pursuant to Articles 3 and 4 and shall, as soon as the information reaches it, inform each Member State of the extent to which the reserve has been used up.

It shall, not later than 15 October 1988 inform the Member States of the amount still in reserve following any return of shares pursuant to Article 6.

It shall ensure that, when an amount exhausting the reserve is drawn, the amount so drawn does not exceed the balance available and to this end shall notify the amount of that balance to the Member State making the last drawing.

The Member States shall take all appropriate measures to ensure that additional shares drawn pursuant to Article 4 are opened in such a way that imports may be charged without interruption against their cumulative shares of the Community tariff quotas.

Article 8

The Member States shall take all appropriate measures to ensure free access to the shares which have been allocated to them for importers of the products in question who are established in their territory.

Article 9

By 28 February 1989 at the latest, Member States shall notify the Commission of the final total of the quantities charged and any balance of the shares still unused at 31 December 1988. Up to the limit of the balance remaining, and at the request of the Member States, the Commission shall authorize the Member States to make any necessary regularization of the quantities charged against imports actually made during the period referred to in Article 1 (1). The Commission shall inform the other Member States thereof.

SECTION II

Provisions concerning the administration of fixed duty free amounts

Article 10

The fixed duty free amounts, shown in column 10 of Annex I and opened in respect of countries indicated in the footnote (e), shall be administered by the Commission.

If an importer presents in a Member State a certificate of entry into free circulation, including a request for preferential benefit for a product subject to a fixed duty free amount and if this request is accepted by the Customs authorities the Member State concerned shall draw, by means of notification to the Commission, a quantity corresponding to its needs.

The requests for drawing, with the indication of the date of acceptance of the said declarations, must be communicated to the Commission without delay.

The drawings are granted by the Commission following the date of acceptance of the certificate of entry into free circulation by the Customs authorities of the Member State concerned, to the extent that the balance of the said amount permits.

If a Member State does not use the quantities drawn, it shall return them as soon as possible to the corresponding amount.

If the quantities requested are greater than the available balance of the fixed duty free amount, allocation shall be made on a *pro rata* basis with respect to the requests, pursuant to the fourth subparagraph. Member States shall be informed by the Commission in accordance with the same procedures.

Article 11

1. The Commission shall keep account of the quantities drawn by the Member States conforming to Article 10 and shall inform each of them as soon as it receives notification of the exhausting of the volumes opened. It shall ensure that the drawing which uses up any of these amounts is limited to the balance available and, to this end, specify the amount to the Member State which proceeds to the last drawing.

The fact that the fixed amounts have been used shall forthwith be brought to the notice of Member States. This communication shall be the subject of a publication in the *Official Journal of the European Communities*, C Series.

2. The Member States shall take all the appropriate measures to ensure that the drawings that they effect pursuant to Article 10 may be charged without interruption against the fixed duty free amounts.

Each Member State shall guarantee free access to these amounts to the importers of the products in question as far as the balance of the volumes opened permits.

Article 12

By 28 February 1989 at the latest, Member States shall notify the Commission of the final total of the quantities charged at 31 December 1988. Up to the limit of the balance remaining, and at the request of the Member States, the Commission shall authorize the Member States to make any necessary regularization of the quantities charged against imports actually made during the period referred to in Article 1 (1). The Commission shall inform the other Member States thereof.

SECTION III

Provisions concerning the administration of the Community tariff ceilings relating to products listed in Annex I and the reference base relating to products other than those listed in Annex I

Article 13

Subject to Articles 14 and 15 the preferential tariff ceiling arrangements shall be accorded for products in Annex I, to each of the countries or territories listed in Annex III, with the exception of Yugoslavia, other than those listed in column 4 of Annex I and those shown by the footnote (e) within the limits of the amounts specified in column 10 against each product or group of products.

Article 14

As soon as the individual ceilings, as fixed in accordance with Article 13 and which are laid down for imports into the Community of products originating in any of the countries or territories referred to in Article 1 (2), are reached at Community level, the levying of customs duties on imports of the products in question originating in each of the countries and territories concerned may be reintroduced until the end of the period referred to in Article 1 (1).

Article 15

Where the preferential imports of products listed in Annex II, originating in one or more beneficiary countries, causes or threatens to cause economic difficulties in the Community, or in a region of the Community, the levying of customs duties may be reintroduced, once the Commission has had an appropriate exchange of information with the Member States.

The reference base to be considered when examining the situation underlying the damage shall be, as a general rule, equal to 5 % of the total importations into the Community, originating from third countries in 1984.

Article 16

1. The Commission shall reintroduce the levying of customs duties in respect of any of the countries or territories referred to in Article 1 (2), under the conditions laid down in Articles 14 and 15, by means of a Regulation.

In the case of such reintroductions, Spain and Portugal shall reintroduce the levying of customs duties that they shall apply to third countries on the date in question.

2. By means of a Regulation, the Commission may, even after 31 December 1988, take measures to stop quantities being charged against one or other preferential tariff limit, if, particularly as a result of regularizations of imports, actually made during the period referred to in Article 1 (1), these limits are exceeded.

The Member State which makes such regularization shall communicate the figures of import charges relating to this as and when it occurs to the Commission. The Commission, on receiving these communications, shall inform the other Member States thereof.

Article 17

Articles 14, 15 and 16 shall not apply to the imports in question originating in the countries set out in Annex IV.

SECTION IV

General provisions

Article 18

1. The extent to which the quotas of the Member States are used up shall be determined on the basis of imports of the products in question entered for free circulation on the basis of the customs value of the said products, accompanied by a certificate of origin in accordance with the rules laid down in Article 1 (4).

2. Imports of the products in question shall be charged against import ceilings or other preferential tariff limits as and when the products are entered for free circulation, on the basis of the customs value of the said products, accompanied by a certificate of origin in accordance with the rules laid down in Article 1 (4).

3. Goods may be charged against a ceiling or other preferential tariff limit or admitted under a quota share only if the certificate of origin referred to in paragraphs 1 and 2 is submitted before the date on which the levying of duties is reintroduced.

4. The extent to which the Community tariff quotas and ceilings have been used up shall be determined at Community level on the basis of the imports charged in accordance with paragraphs 1 and 2.

Article 19

1. The Member States shall, within six weeks of the end of each quarter at the latest, forward to the Statistical Office of the European Communities the relevant statistical data for the products entered for free circulation in the quarter concerned under generalized preferential treatment in accordance with the provisions of the present Regulation. This data, transmitted according to the codes of the Combined Nomenclature and, where applicable, of the Taric, shall show the country of origin, value, quantity and any supplementary units as defined by Regulation (EEC) No 1736/75.

2. However, in the case of products in Annex I subject to quotas, the Member States shall, by the 11th day of each month at the latest, forward the list of charges effected during the previous month. In the case of products in Annex I subject to ceilings, the Member States shall forward to the Commission, at its request and under the same conditions, the list of charges effected during the previous month.

At the Commission's request, when the level of 75 % of the ceiling is reached, the Member States shall forward to the Commission the lists of charges every 10 days; these lists shall be forwarded within five days from the end of each 10-day period.

The Commission can at any moment ask the Member States for import charge figures on the measures opened as well as other information relating to the management of these measures.

3. The Commission shall ensure the publication in the *Official Journal of the European Communities* (C Series) of the tariff ceilings as and when they reach 100 % utilization.

It shall see that the Statistical Office of the European Communities ensures the publication of the annual state of import charges.

Article 20

The Member States and the Commission shall cooperate closely to ensure that this Regulation is complied with.

Article 21

This Regulation shall enter into force on 1 January 1988.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 17 November 1987.

8112	Beryllium, chromium, germanium, vanadium, gallium, hafnium, indium, niobium (columbium), rhenium and thallium, and articles of these metals, including waste and scrap
8112 20 31	Chromium, other
8112 20 39	Germanium
8112 30 10	Unwrought, waste and scrap Vanadium
8112 40 11	Unwrought
8112 40 19	Waste and scrap
8112 91 10	Hafnium (celtium) unwrought; waste and scrap Niobium (columbium) rhenium
8112 91 31	Unwrought
8112 91 39	Waste and scrap
8112 91 90	Gallium, indium, thallium
8113	Cermets and articles thereof, including waste and scrap
8113 00 10	Unwrought, waste and scrap

ROMANIA

Combined Nomenclature code	Description
2824 10 00 2824 20 00 2824 90 00	Lead oxides, red lead and orange lead
2849 10 00	Carbides, whether or not chemically defined — Of calcium
2907 11 00	Phenol (hydroxybenzene) and its salts
2912 41 00	Vanillin (4-hydroxy-3-methoxybenzaldehyde)
2914 11 00	Acetone
2917 35 00	Phthalic anhydride
2926 10 00	Acrylonitrile
2936 25 00 2936 29 30	Vitamins B_6 and H and their derivatives
2936 26 00	Vitamin B_{12} and its derivatives
2941 10 00	Penicillins and their derivatives with a penicillanic acid structure; salts thereof
3605 00 00	Matches, other than pyrotechnic articles of heading No 3604
3902 10 10 3902 10 90	Polypropylene, in primary forms
3915 10 00 3915 90 11	Waste, parings and scrap, of polymers of ethylene and polymers of propylene
3916 10 00 3916 90 51	Monofilament, rods, sticks and profile shapes of polymers of ethylene and of polymers of propylene
3917 21 10 3917 22 10 3917 32 31 3917 32 39 3917 39 15	Tubes, pipes and hoses, rigid — Of polymers of ethylene — — Seamless and cut to a length exceeding the maximum cross-sectional dimension, whether or not surface-worked, but not otherwise worked — — — Of polymers of ethylene — — — — Other — — — Of addition polymerization products
3919 10 59 3919 90 50 	Self-adhesive plates, sheets, film foil, tape, strip and other flat shapes, of plastics, whether or not in rolls — In rolls of a width not exceeding 20 cm — — Other — — — Of addition polymerization products — — — — Other — Other — — Other — — — Of addition polymerization products
3920 10 11	Other plates, sheets, film, foil and strip of plastics, non-cellular and not reinforced laminated supported or similarly combined with other materials — Of polymers of ethylene — — Of a thickness not exceeding 0,10 mm and of a specific gravity of — — — Less than 0,94

Combined Nomenclature code	Description
3920 10 19	— — — 0,94 or more
3920 10 90	— — Of a thickness exceeding 0,10 mm
3920 20 10	— Of polymers of propylene
	— — Of a thickness of less than 0,05 mm
3920 20 50	— — Of a thickness of 0,05 mm to 0,10 mm
3920 20 90	— — Of a thickness exceeding 0,10 mm
	Other plates, sheets, film, foil and strip, of plastics
	— Cellular
	— — Of other plastics
3921 90 60	— Other
3921 90 90	— — Of addition polymerization products
3912 11 00	Cellulose and its chemical derivatives, not elsewhere specified or included, in primary forms
	— Cellulose acetates
	— — Non-plasticized
3912 12 00	— — Plasticized
3912 20 11	— Cellulose nitrates (including collodions)
	— — Non-plasticized
	— — — Collodions and celloidin
3912 20 19	— — — Other
3912 20 90	— — Plasticized cellulose ethers
3912 31 00	— Carboxymethyl cellulose and its salts
3912 39 10	— — Ethylcellulose
	— Other
3912 39 90	— — Other
3914 00 00	Ion-exchangers based on polymers of heading Nos 3901 to 3913, in primary forms
3915 90 91	Waste, parings and scrap, of plastics
	— Other
	— — Of cellulose and its chemical derivatives
ex 3916 90 90	Monofilament, rods, sticks and profile shapes
	— Of other plastics
	— — Other
ex 3917 29 19	Artificial guts of hardened protein or of cellulose materials
	— Of other plastics
	— — Seamless and cut to a length exceeding the maximum cross-sectional dimension, whether or not surface-worked but not otherwise worked
3917 32 51	Other tubes, pipes and hoses
	— Other, not reinforced or otherwise combined with other materials, without fittings
	— — Seamless and cut to a length exceeding the maximum cross-sectional dimension, whether or not surface-worked but not otherwise worked
	— — — Other
3917 39 19	— — — Of addition polymerization products
3919 10 10	Adhesive strips, the coating of which consists of unvulcanized natural or synthetic rubber
3919 10 90	Other
	— Other
3919 90 90	Other
	— Other
	— — Other
3920 72 00	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials

Combined Nomenclature code	Description
	— Of cellulose or its chemical derivatives
	— — Of vulcanized fibre
3920 73 10	— — — Film in rolls or in strips for cinematography or photography
3920 73 50	— — — Sheets, film or strip, coiled or not, of a thickness of less than 0,75 mm
3920 73 90	Other
3920 79 00	— — Of other cellulose derivatives
3921 90 90	Other plates, sheets, film, foil and strip, of plastics — Other — — Other
4202 29 00	Handbags, whether or not with shoulder strap, including those without handle — Other
4410 10 10	Particle board and similar board of wood or other ligneous materials — Of wood — — Unworked or not further worked than sanded
4410 10 30	— — Surfaced with high pressure decorative laminates
4410 10 50	— — Surfaced with melamine resin impregnated paper
4410 10 90	— — Other
4410 90 10	— Of other ligneous materials — — Flaxboard
4410 90 90	— — Other
6406 10 11	Parts of footwear — Uppers and parts thereof — Of leather — — — Uppers
6406 10 19	— — — Parts of uppers
6406 10 90	— — Of other materials
6406 20 10	— Outer soles and heels, of rubber or plastics — — — Of rubber
6406 20 90	— — — Of plastics
6406 91 00	— — Of wood
6406 99 30	Assemblies of uppers affixed to inner soles or to other sole components, but without outer soles
6406 99 50	
6406 99 90	
7004 10 91	
7004 10 93	
7004 90 50	Drawn glass and blown glass, in sheets — Other glass — — Antique glass
7004 90 70	— — Horticultural sheet glass
7004 90 91	— — Other of a thickness not exceeding 2,5 mm
7004 90 93	Exceeding 2,5 mm but not exceeding 3,5 mm
7004 90 95	Exceeding 3,5 mm but not exceeding 4,5 mm
7004 90 99	Exceeding 4,5 mm
7010 90 10	Preserving jars (sterilizing jars)
7013	Glass of a kind used for table, kitchen, toilet, office, indoor decoration or similar purposes (other than of heading No 7010 or 7018)
7303 00 10	Tubes and pipes of a kind used in pressure systems
7303 00 90	Other

Combined Nomenclature code	Description
7307	Tube or pipe fittings (for example couplings, elbows, sleeves), of iron or steel
7310 10 00	Tanks, casks, drums, cans, boxes and similar containers of iron or steel — Of a capacity of 50 litres or more
7325 10 10	Other cast articles of iron or steel — Of non-malleable cast iron — — For sewage, water, etc. systems
7325 10 90	— — Other
7325 91 00	Grinding balls and similar articles for mills
7325 99 10	— Of malleable cast iron
7325 99 90	— — Other
7326 11 00	Grinding balls and similar articles for mills
7326 19 10	Open-die forged
7326 19 90	Other — Articles of iron or steel wire — — For use in civil aircraft
7326 20 30	— — — Small cages and aviaries
7326 20 50	— — — Wire baskets
7326 20 90	— — — Other
7326 90 10	— Other — — For use in civil aircraft — — — Snuff boxes, cigarette cases, cosmetic and powder boxes and cases, and similar pocket articles
7326 90 30	— — — Ladders and steps
ex 7326 90 40	— — — Pallets and similar platforms for handling goods
7326 90 50	— — — Reels for cables, piping and the like
7326 90 91	— — — Other articles of iron or steel — — — — Open-die forged
7326 90 93	— — — — Closed-die forged
7326 90 99	— — — Other
7407 10 00	Copper bars, rods and profiles — Of refined copper
7407 21 10	— — Of copper-zinc base alloys (brass) — — — Bars and rods
ex 7407 21 90	— — — Profiles, excluding hollow profiles
ex 7407 22 10	— — Of copper-nickel base alloys (cupro-nickel), excluding hollow profiles
ex 7407 22 90	— — Of copper-nickel zinc base alloys (nickel silver), excluding hollow profiles
ex 7407 29 00	— — Other, excluding hollow profiles
7408 11 00	Copper wire — Of refined copper
7408 19 10	— — Of which the maximum cross-sectional dimension exceeds 6 mm
7408 19 11	— Of copper
7408 21 00	— — Of copper-zinc base alloys (brass)
7408 22 10	— — — Of copper-nickel base alloys (cupro-nickel)
7408 22 90	— — — Of copper-nickel-zinc base alloys (nickel-silver)
7408 29 10	— — — Of copper-tin base alloys (bronze)
7408 29 90	— — — Other

Combined Nomenclature code	Description
7606	Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm
8304 00 00	Filing cabinets, card-index cabinets, paper trays, paper rests, pen trays, office-stamp stands and similar office or desk equipment, of base metal, other than office furniture of heading No 9403
8306 21 00	Statuettes or other garments
8306 29 00	— Plated with precious metal
	— Other
8480 30 90	Other moulding patterns
8482 10 90	Ball bearings
	— Other
8482 20 00	Tapered roller bearings, including cone and tapered roller assemblies
8482 30 00	Spherical roller bearings
8482 40 00	Needle roller bearings
8482 50 00	Other cylindrical roller bearings
8482 80 00	Other, including combined ball roller bearings
8482 91 10	Tapered rollers
8482 91 90	Other
8482 99 00	Other
8544 11 10	Winding wire
	— Of copper
	— — Varnished
8544 11 90	— — Other
8544 19 10	— Other
	— — Varnished
8544 19 90	— — Other
8544 20 10	Co-axial cable and other co-axial electric conductors ready for connectors to be fitted or already provided with connectors
8544 20 91	Other
	— For high frequency
8544 20 99	— Other
8544 30 90	Ignition wiring sets and other of a kind used in vehicles, aircraft or ships
	— Other
8544 41 00	Other electric conductors, for a voltage not exceeding 80 V
	— Fitted with connectors
8544 49 10	Insulated with plastic material
8544 49 90	Insulated with other materials
8544 51 00	Other electric conductors for a voltage exceeding 80 V but not exceeding 1 000 V
	— Fitted with connectors
8544 59 10	With individual conductor wires of a diameter exceeding 0,51 mm
8544 59 91	Insulated with rubber or other elastomers including cross-linked materials
8544 59 93	Insulated with other plastic material
8544 59 99	Insulated with other materials
8544 60 11	Insulated with rubber or other elastomers including cross-linked materials
8544 60 13	Insulated with other plastic material
8544 60 19	Insulated with other materials
8544 60 91	
8544 60 93	
8544 60 99	

Combined Nomenclature code	Description
8712 00 90	Bicycles and other cycles not motorized Other
8714 20 00	Parts and accessories of vehicles of heading Nos 8711 to 8713 — Of invalid carriages
8714 91 10	Frames
8714 91 30	Front forks
8714 91 90	Parts
8714 92 10	Rims
8714 92 90	Spokes
8714 93 10	Hubs without free-wheel or braking device
8714 93 90	Free-wheel sprocket-wheels
8714 94 10	Coaster braking hubs and hub brakes
8714 94 30	Other brakes
8714 94 90	Parts
8714 95 00	Saddles
8714 96 10	Pedals
8714 96 30	Crank-gear
8714 96 90	Parts
8714 99 10	Handlebars
8714 99 30	Luggage carriers
8714 99 50	Derailleur gears
8714 99 90	Other parts
9401 20 00	Seats of a kind used for motor vehicles
9401 30 10	Swivel seats with variable height adjustment upholstered with backrest and fitted with castors or glides
9401 30 90	Other
9401 40 00	Seats, other than garden seats or camping equipment
9401 50 00	Seats of carre, osier, bamboo or similar materials
9401 61 00	Other seats, with wooden frames, upholstered
9401 69 00	Other
9401 71 00	Other seats, with metal frames, upholstered
9401 79 00	Other
9401 80 00	Other seats
9401 90 90	Parts, other
9617 00 11	Vacuum flasks and other vacuum vessels, complete with cases, having a capacity not exceeding 0,75 litre
9617 00 19	Exceeding 0,75 litre
9617 00 90	Parts (other than glass inners)

CHINA

Combined Nomenclature code	Description
7606 11 10	Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm — Rectangular (including square) — — Of aluminium, not alloyed — — — Painted, varnished or plastic-coated
7606 11 91	Other, of a thickness of less than 3 mm
7606 11 93	Not less than 3 mm but less than 6 mm
7606 11 99	Not less than 6 mm
7606 12 10	— — Of aluminium alloys — — — Painted, varnished, or plastic coated
7606 12 91	Other of a thickness of less than 3 mm
7606 12 93	Not less than 3 mm but less than 6 mm
7606 12 99	Not less than 6 mm
7606 91 00	Other, of aluminium, not alloyed
7606 92 00	Of aluminium alloys

SOUTH KOREA

Combined Nomenclature code	Description
6912 00 30	Ceramic tableware, kitchenware, other household articles and toilet articles of stoneware
8215 99 10	Spoons, forks, ladles, skimmers, cake-servers, fish-knives, sugar tongs and similar kitchen or tableware — Other — — Of stainless steel

HONG KONG

Combined Nomenclature code	Description
8513 10 00 8513 90 00	Portable electric lamps designed to function by their own source of energy (for example, dry batteries, accumulators, magnetos) other than lighting equipment of heading No 8512
9502	Dolls representing only human beings
9504 10 00	Articles for funfair, table or parlour games, including pin-tables, billiards, special tables for casino games and automatic bowling alley equipment

PART 3

List of products subject to reference bases corresponding to 1 %

Combined Nomenclature code	Description
ex 2903 19 00	Hexachloroethane
ex 2904 20 90	5-tert-butyl-2,4,6-trinitro-m-xylene (musc-xylene)
ex 2915 90 00	Dodecyl acid
2921 42 10 2921 42 90	Halogenated, sulphonated, nitrated and nitrosated derivatives and their salts
2922 11 00 2922 12 00 2922 13 00	Monoethane, diethanolamine and thriethanolamine and their salts
ex 2922 50 00	D-p-hydroxyphenyl-glysine
ex 2924 29 99	Other cyclic amides (naphthols)
2926 10 00	Acrylinitril
2936 25 00	Vitamin B_6 and its derivatives
2936 29 30	Vitamin H and its derivatives
3102 10 90 3102 21 00 3102 29 00 3102 30 00 3102 40 00 3102 50 90 3102 60 00 3102 70 00 3102 80 00 3102 90 00	Other mineral or chemical fertilizers, nitrogenous
3204 11 00 3204 12 00 3204 13 00 3204 14 00 3204 15 00 3204 16 00 3204 17 00 3204 19 00	Synthetic organic colouring matter and preparations based thereon, as specified in note 3 to this chapter
ex 3207 20 90	Other vitrifiable enamels and glazes, and similar preparations — — Other — — — Borosilicate of lead
3919 10 59 3919 90 50	Self-adhesive plates, sheets, film, foil, tape, strip and other flat shapes, of plastics, whether or not in rolls — In rolls of a width not exceeding 20 cm — — Other — — — Of addition polymerization products — — — — Other
3920 20 10 3920 20 50 3920 20 90	— Other — — Other — — — Of condensation or rearrangement polymerization products, whether or not chemically modified — — — — Other
3921 19 00 3921 90 60	Other plates, sheets, film, foil and strip, of plastics. — Cellular — — Of other plastics — Other — — Of addition polymerization products

Combined Nomenclature code	Description
6704 11 00	Wigs, false beards, eyebrows and eyelashes, switches and the like, of human or animal hair or of textile materials, articles of human hair not elsewhere specified or included
6704 19 00	— Of synthetic textile materials
6704 20 00	— — Complete wigs
6704 90 00	— — Other
	— — Of human hair
	— Of other materials
6705 10 00	
7010 90 10	Preserving jars (sterilizing jars)
7113 11 00	Articles of jewellery and parts of thereof, of precious metal or of metal clad with precious metal
7113 19 00	— Of precious metal whether of not plated or clad with precious metal
	— — Of silver, whether or not plated or clad with other precious metal
	— — Of other precious metal, whether or not plated or clad with precious metal
7409	Copper plates, sheets and strip, of a thickness exceeding 0,15 mm
7606	Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm
ex 8473 10 00	Parts and accessories of the machines of heading No 8470
8473 29 00	— — Other
8473 30 00	Parts and accessories of the machines of heading No 8471
8473 40 00	Parts and accessories of the machines of heading No 8472
8504 40 50	Polycrystalline semiconductors
8504 40 93	Accumulator charges
8504 40 99	Static converters
	— — Other
	— — — Other
	— — — — Other
8506	Primary cells and primary batteries
8525 30 10	Television cameras with three or more camera tubes
8525 30 91	
8525 30 99	— Television cameras
	— — Other
	— — — Other

Combined Nomenclature code	Description
8533 10 00	Fixed carbon resistors, composition or film types
8533 21 00	— Other fixed resistors
	— — For a power handling capacity not exceeding 20 W
8533 29 00	— — Other
8533 31 00	— Wirewound variable resistors including rheostats and potentiometers
	— — For a power handling capacity not exceeding 20 W
8533 39 00	— — Other
8533 40 10	— Other variable resistors, including rheostats and potentiometers
	— For a power handling capacity not exceeding 20 W
8533 40 90	— — Other
8533 90 00	— Parts
8534	Printed circuits
8535 10 00	— Fuses
8535 21 00	— Automatic circuit breakers
	— — For a voltage of less than 72,5 kV
8535 29 00	— — Other
8535 30 10	— Isolating switches and make-and-break switches
	— — For a voltage of less than 72,5 kV
8535 30 90	— — Other
8535 90 00	— — Other
8536 10 00	— Fuses
8536 20 10	— Automatic circuit breakers
	— — For a current not exceeding 63 A
8536 20 90	— — For a current exceeding 63 A
8536 30 10	— Other apparatus for protecting electrical circuits
	— — For a current not exceeding 16 A
8536 30 30	— — For a current exceeding 16 A but not exceeding 125 A
8536 30 90	— — For a current exceeding 125 A
	— Relays
8536 41 10	— — For a voltage not exceeding 60 V
	— — — For a current not exceeding 2 A
8536 41 90	— — — For a current exceeding 2 A
8536 49 00	— — Other
8536 50 00	— Other switches
8536 61 10	Edison lamp-holders
8536 61 90	Other
8536 69 00	— — Other
8536 90 11	— Other electrical apparatus for switching or protecting electrical circuits or for making connections to or in electrical circuits for a voltage not exceeding 1 000 V
	— — Connections and contact elements for wire and cables:
	— — — For co-axial cables
8536 90 19	— — — Other
8536 90 90	— — — Other
8537 10 10	Numerical control panels with built-in automatic data-processing machines
8537 10 91	Programmable memory controllers
8537 10 99	Other
8537 20 10	Numerical control panels with built-in automatic data-processing machine
8537 20 91	Other
	Exceeding 1 000 V but not exceeding 72,5 kV
8537 20 99	Exceeding 72,5 kV

Combined Nomenclature code	Description
8538 10 00	Boards, panels, consoles, desks, cabinets and other bases for the goods of heading No 8535, 8536 or 8537
8538 90 10	Electronic assemblies
8538 90 90	Other
8540 12 90	— Cathode-ray television picture tubes, including video monitor cathode-ray tubes — — Black and white or other monochrome — — — With a diagonal measurement of the screen exceeding 52 cm
8540 20 10	Television camera tubes, image converters and intensifiers Other photo-cathode tubes — Television camera tubes
8540 20 30	— Image converters or intensifiers
8540 20 90	— Other photo-cathode tubes
8540 40 91	
8540 40 93	
8540 40 99	Other
8540 41 00	Magnetrons
8540 42 00	Klystrons
8540 49 00	Other
8540 81 00	Other valves and tubes — Receivers or amplifier valves and tubes
8540 89 00	Other display tubes
8544 11 10	Winding wire — Of copper — — Varnished
