THE COUNCIL OF THE EUROPEAN COMMUNITY,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 170/83 of 25 January 1983 establishing a Community system for the conservation and management of fishery resources [1], as amended by the Act of Accession of Spain and Portugal [2], and in particular Article 11 thereof,

Whereas the Community and Greenland have held consultations on the application of the Agreement and Protocol in 1988 and whereas the Parties have agreed that the Community catch quotas may be fished in 1988 as set out in the Annex to this Regulation;

Whereas these catch quotas may be used by vessels not flying the flag of a Member State of the Community provided that this is necessary for the proper functioning of fisheries agreements which the Community has concluded with third countries; whereas the Community has agreed to allocate to Norway part of its catch quotas in Greenland waters in 1988;

Whereas it is for the Community to lay down, in accordance with Article 3 of Regulation (EEC) No 170/83, the conditions subject to which these catch quotas may be used by Community fishermen;

Whereas, to ensure efficient management of the catch possibilities available, they should be shared out among the Member States by means of quotas in accordance with Article 4 of Regulation (EEC) No 170/83;
