COMMISSION REGULATION (EEC) No 462/87

of 13 February 1987

fixing the export refunds on milk and milk products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to the Act of Accession of Spain and Portugal,

Having regard to Council Regulation (EEC) No 804/68 of 27 June 1968 on the common organization of the market in milk and milk products [1], as last amended by Regulation (EEC) No 231/87 [2], and in particular Article 17 (4) thereof,

Having regard to the opinion of the Monetary Committee,

Whereas Article 17 of Regulation (EEC) No 804/68 provides that the difference between prices in international trade for the products listed in Article 1 of that Regulation and prices for those products within the Community may be covered by an export refund;

Whereas Council Regulation (EEC) No 876/68 of 28 June 1968 laying down general rules for granting export refunds on milk and milk products and criteria for fixing the amount of such refunds [3], as last amended by Regulation (EEC) No 1344/86 [4], provides that when the refunds on the products listed in Article 1 of Regulation (EEC) No 804/68, exported in the natural state, are being fixed account must be taken of:

— the existing situation and the future trend with regard to prices and availabilities of milk and milk products on the Community market and prices for milk and milk products in international trade,

— marketing costs and the most favourable transport charges from Community markets to ports or other points of export in the Community, as well as costs incurred in placing the goods on the market of the country of destination,

— the aims of the common organization of the market in milk and milk products which are to ensure equilibrium and the natural development of prices and trade on this market,

— the need to avoid disturbances on the Community market, and

— the economic aspect of the proposed exports;

Whereas Article 3 (1) of Regulation (EEC) No 876/68 provides that when prices within the Community are being determined account should be taken of the ruling prices which are most favourable for exportation, and that when prices in international trade are being determined particular account should be taken of:

(a) prices ruling on third country markets;

(b) the most favourable prices in third countries of destination for third country imports;

(c) producer prices recorded in exporting third countries, account being taken, where appropriate, of subsidies granted by those countries; and

(d) free-at-Community-frontier offer prices;

Whereas Article 4 of Regulation (EEC) No 876/68 provides that the world market situation or the specific requirements of certain markets may make it necessary to vary the refund on the products listed in Article 1 of Regulation (EEC) No 804/68 according to destination;

Whereas Article 5 (1) of Regulation (EEC) No 876/68 provides that the list of products on which export refunds are granted and the amount of such refunds should be fixed at least once every four weeks; whereas the amount of the refund may, however, remain at the same level for more than four weeks;

Whereas Article 2 of Commission Regulation (EEC) No 1098/68 of 27 July 1968 on detailed rules for the application of export refunds on milk and milk products [5], as last amended by Regulation (EEC) No 3812/85 [6], provides that the refund on products falling within subheading 04.02 B is equal to the sum of two components, the first representing the quantity of milk products and the second representing the quantity of added sucrose; whereas, however, the latter component applies only if the added sucrose was produced from beet or cane harvested within the Community;

Whereas for the products falling within subheading 04.02 B II a) or 04.02 B II b) 1 with a fat content not exceeding 9,5 % by weight, the first component referred to above is fixed for 100 kilograms of the whole product; whereas, for the other products falling within subheading 04.02 B, this component is calculated by multiplying the basic amount by the milk product content of the product in question; whereas this basic amount is the refund on one kilogram of milk products contained in the product;

[4] OJ No L 119, 8. 5. 1986, p. 36.
[5] OJ No L 184, 29. 7. 1968, p. 10.
[6] OJ No L 368, 31. 12. 1985, p. 3.

Whereas the second component is calculated by multiplying the sucrose content of the product by the basic amount of the refund valid on the day of exportation for the products listed in Article 1 (1) (d) of Council Regulation (EEC) No 1785/81 of 30 June 1981 on the common organization of the markets in the sugar sector [1], as last amended by Regulation (EEC) No 229/87 [2];

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis:

— in the case of currencies which are maintained in relation to each other at any given moment within a band of 2,25 %, a rate of exchange based on their central rate, multiplied by the corrective factor provided for in the last paragraph of Article 3 (1) of Council Regulation (EEC) No 1676/85 [3],

— for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded over a given period in relation to the Community currencies referred to in the previous indent, and the aforesaid coefficient;

Whereas the level of refund for cheeses is calculated for products intended for direct consumption; whereas the cheese rinds and cheese wastes are not products intended for this purpose; whereas, to avoid any confusion in interpretation, it should be specified that there will be no refund for these products which fall within heading No 04.04;

Whereas Commission Regulation (EEC) No 896/84 [4], as amended by Regulation (EEC) No 2881/84 [5], laid down additional provisions concerning the granting of refunds on the change from one milk year to another; whereas those provisions provide for different refunds according to the date of manufacture of the products;

Whereas it follows from applying these detailed rules to the present situation on the market in milk and milk products, and in particular to prices for these products within the Community and on the world market, that the refund should be as set out in the Annex hereto;

Whereas, pursuant to Article 275 of the Act of Accession of Spain and Portugal, refunds may be granted in the case of exports to Portugal; whereas, in the light of the situation and the level of prices no refund should be fixed in the case of exports to Portugal;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Milk and Milk Products,

HAS ADOPTED THIS REGULATION:

Article 1

1. The export refunds referred to in Article 17 of Regulation (EEC) No 804/68 on products exported in the natural state shall be as set out in the Annex hereto.

2. There shall be no refunds for exports to Zone E for products falling within heading Nos 04.01, 04.02, 04.03 and 23.07 of the Common Customs Tariff.

3. There shall be no refunds for exports to Portugal, including the Azores and Madeira for milk and milk products listed in Article 1 of Regulation (EEC) No 804/68.

Article 2

This Regulation shall enter into force on 16 February 1987.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 13 February 1987.

When completing customs formalities, the applicant shall state on the declaration provided for this purpose, whether or not whey and/or lactose and/or casein and/or caseinates have been added to the product.

(2) The weight of the added non-lactic matter and/or added whey and/or added lactose and/or added casein and/or added caseinates, shall not be taken into account for the purpose of calculation of the fat content by weight. When the product falling within this subheading is a mixture containing added whey and/or added lactose and/or added casein and/or added caseinates, the added whey and/or added lactose and/or added casein and/or added caseinates shall not be taken into account in the calculation of the amount of refund.

When completing customs formalities, the applicant shall state on the declaration provided for this purpose, whether or not whey and/or lactose and/or casein and/or caseinates have been added, and where this is the case:

— the actual content by weight of whey and/or lactose and/or casein and/or caseinate added per 100 kg of finished product,

and, in particular,

— the lactose content of the added whey.

(3) When the product contains casein and/or caseinates that were added before or at the time of processing, no refund shall be granted.

When completing customs formalities, the applicant shall state on the declaration provided for this purpose, whether or not whey and/or lactose and/or casein and/or caseinates have been added.

(4) The weight of added non-lactic matter and/or added whey and/or added lactose and/or added casein and/or added caseinates shall not be taken into account for the purpose of calculating the fat content, by weight.

The refund per 100 kg of product falling within this subheading shall be equal to the sum of the following components:

(a) the amount per kilogram shown, multiplied by the weight of the lactic part contained in 100 kg of product; however, where whey and/or lactose and/or casein and/or caseinates have been added to the product, the amount per kilogram shown shall be multiplied by the weight of lactic part excluding the weight of added whey and/or added lactose and/or added casein and/or added caseinates, contained in 100 kg of product;

(b) a component calculated in accordance with the provisions of Article 2 (3) of Regulation (EEC) No 1098/68.

When completing customs formalities, the applicant shall state on the declaration provided for this purpose, whether or not whey and/or lactose and/or casein and/or caseinates have been added, and where this is the case:

— the actual content by weight of whey and/or lactose and/or casein and/or caseinates added per 100 kg of finished product,

and, in particular,

— the lactose content of the added whey.

(5) The refund on 100 kg of product falling within this subheading is equal to the sum of the following elements:

(a) the amount per 100 kg shown; however, where whey and/or lactose and/or casein and/or caseinates been added to the product, the amount per 100 kg shown shall be:

— multiplied by the weight of the lactic part other than the added whey and/or added lactose and/or added casein and/or added caseinates contained in 100 kg of product, and then

— divided by the weight of the lactic part contained in 100 kg of product;

(b) a component calculated in accordance with the provisions of Article 2 (3) of Regulation (EEC) No 1098/68.

When completing customs formalities, the applicant shall state on the declaration provided for this purpose, whether or not whey and/or lactose and/or casein and/or caseinates have been added, and where this is the case:

and, in particular,

— the lactose content of the added whey.

(6) No refund shall be paid in respect of exported cheese of which the free-at-frontier price, before application of the refund and the monetary compensatory amount, in the exporting Member State, is less than 140 ECU per 100 kilograms. This limitation to 140 ECU per 100 kilograms does not apply to cheeses falling within subheading 04.04 E I ex c) of the Common Customs Tariff.

(7) In the case of cheeses presented in containers which also contain conserving liquid, in particular brine, the refund is granted on the net weight, the weight of the liquid being deducted.

(8) When completing customs formalities, the applicant shall state on the declaration provided for this purpose:

— the skimmed-milk powder content, by weight,

whether or not whey and/or lactose and/or casein and/or caseinates have been added, and where this is the case:

— the content by weight of the added whey and/or added lactose and/or added casein and/or added caseinates, and

— no refund is to apply in respect of products for which the export licence was issued on or after 1 January 1987.

N.B.: Zones A, B, C and E are those defined in Regulation (EEC) No 1098/68, as last amended by Regulation (EEC) No 2283/81.

The weight of non-milk fat should be disregarded for the purposes of calculating fat content, by weight.
