COMMISSION REGULATION (EEC) No 552/87

of 25 February 1987

amending Regulation (EEC) No 3752/86 a special intervention measure for bread-making wheat in Germany

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2727/75 of 29 October 1975 on the common organization of the market in cereals (1), as last amended by Regulation (EEC) No 1579/86 (2), and in particular Article 8 (4) thereof,

Whereas Commission Regulation (EEC) No 3752/86 (3), as amended by Regulation (EEC) No 239/87 (4), provides for an intervention measure for common wheat of bread-making quality in Germany in the form of an invitation to tender for the export refund; whereas it specifies in particular the quality of the wheat to be exported;

Whereas provision should be made, where the wheat does not correspond to the quality required, for a reduction to be applied to the refund instead of its being totally forfeited; whereas that measure, which represents an easing of the rules must be applied to all exports under that invitation to tender;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 1

The following paragraph 4 is added to Article 6 of Regulation (EEC) No 3752/86:

'4. Where the quality does not comply with that defined in paragraph 3, the refund shall be reduced by 20 ECU per tonne.'

Article 2

This Regulation shall enter into force on the day of its publication in the *Official Journal of the European Communities*.

It shall apply to exports effected from 11 December 1986 under the invitation to tender provided for in Regulation (EEC) No 3752/86.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 25 February 1987.
